# 使命 OUR PURPOSE

香港醫學會成立於一九二零年，匯聚了在香港執業、服務市民的會員醫生，我會的宗旨為促進醫學界的福祉及提升市民的健康水平。香港醫學會現有 13,000 多名來自醫學界各方的成員，是醫學界同業的喉舌，同時為會員傳遞來自世界各地的訊息，包括醫學上的專業操守以及各項醫學課題的最新資訊。

香港醫學會會徽誌有箴言：「維護民康」，以此表彰照顧病人是醫生的天職，醫學會並以倡導此信念為傲。

The Hong Kong Medical Association, founded in 1920, brings together all medical practitioners practising in, and serving the people of, Hong Kong. Its objective is to promote the welfare of the medical profession and the health of the public. With the current membership of over 13,000 from all sectors of medical practice, it speaks collectively for its members and aims to keep its members abreast of medical ethics and issues around the world.

The Association takes pride in displaying in its emblem its motto in Chinese which translates into **“to safeguard the health of the people”** to pronounce sacred duty of a medical practitioner to look after his/her patients.

## 會長的話 Message from the President

鄭志文醫生  
Dr. CHENG Chi Man

二零二二至二三是充滿挑戰的一年，新冠疫情仍揮之不去。受疫情影響而積壓的個案，例如慢性疾病跟進、手術等，仍有待處理。根據最近公布的《基層醫療健康藍圖》，將會進行大規模慢性疾病篩查；計劃開始時，無疑會對醫療人手造成壓力。與此同時，不少同業選擇離開醫院管理局（醫管局）。因此，公營醫療人手暫時性地相對緊絀。不過，有意見認為應開放更多供非本地培訓醫生來港執業的途徑，政府更計劃要求本港醫學院畢業生於醫管局強制工作。

香港醫學會重申，不論本地或非本地培訓的醫生，專業水平同樣需要維持。《醫生註冊條例》規定的執業資格試一直是非本地培訓醫生在香港正式註冊和執業的公認考核途徑。香港醫學會就此積極回應各項相關諮詢、透過我們的代表在香港醫務委員會會議上提出意見，並與醫務衛生局局長商討。我們亦與香港公共醫療醫生協會合作，收集同業對政府建議醫生「強制於公營機構服務」的意見。

二零二三年一月，兩名醫生據稱在治療病人時處方有誤，因而被控嚴重疏忽誤殺，事件令醫學界深感憂慮。香港醫學會於兩名醫生被捕當天立即發布新聞稿，表達對會員的支持。此外，我們成立了一個工作組，由副會長陳沛然醫生及義務秘書凌霄志醫生（亦是香港公共醫療醫生協會會長）統籌相關協助事宜。我們於同一周會見了醫療保障協會，以梳理案件處理中的實際問題。我們還開始了一系列醫療法務支援研討會，與會員討論重要的醫療法務陷阱。

2022-23 was a year of challenge, the COVID-19 pandemic was still lingering on. Backlog cases that were affected by the pandemic, for example follow-up of chronic medical conditions, cases pending for surgery, were to be handled. According to the recently introduced Primary Healthcare Blueprint, screening for chronic illnesses would be carried out. At the beginning, these would pose more strain on manpower. At the same time, a significant number of colleagues chose to leave the Hospital Authority. Thus, there was a relative shortage of manpower in the public sector, which was at least partly temporary. However, there were opinions that more routes for non-locally trained doctors to practise in Hong Kong should be opened. It was also planned that graduates from medical schools in Hong Kong would be required to work in the Hospital Authority for an extended period of time.

The HKMA reiterated that it was important to upkeep the standard of doctors, both locally trained and non-locally trained. The Licensing Examination as stipulated in the Medical Registration Ordinance has always been a recognized examination-based route for non-locally trained doctors to formally register and to practise in Hong Kong. The HKMA gave opinions on this issue in response to consultation papers, in Medical Council meetings via our representatives, and discussed with the Secretary for Health. We also joined hands with the Hong Kong Public Doctors' Association (HKPDA) to collect opinions from our colleagues on the Government's suggestion of "compulsory public service" for doctors.

Our profession was deeply concerned when two doctors were charged with gross negligent manslaughter in January 2023, from alleged errors in prescription in the treatment of a patient. On the day of the arrest, the HKMA issued a press release to express our support to our members. We formed a working group, led by one of our Vice-Presidents, Pierre and our Honorary Secretary, Tony, who is also the

作為醫生的專業團體，香港醫學會一直以持份者身份，從醫生角度發表意見。我們於二零二二年的施政報告諮詢、醫療專業服務「免轉介」諮詢及強制通報懷疑虐待兒童個案諮詢文件提交意見書。我們在多個政府委員會中亦有代表，就相關政策表達醫學界意見。

《基層醫療健康藍圖》標誌著醫療體系的重要轉變。實施之前，有許多細節需要討論。我們與醫務衛生局、基層醫療健康辦事處及十八個地區康健中心和地區康健站進行會議。為切合《基層醫療健康藍圖》，香港醫學會將九個社區網絡重組為十八區健康網絡。我們將密切跟進這個議題，轉達我們會員的憂慮和建議。

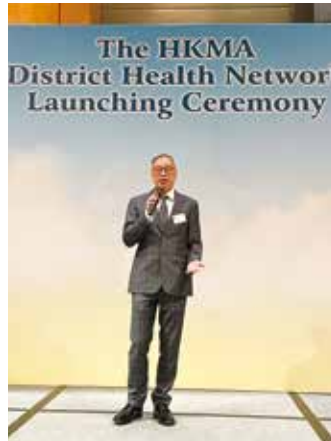

香港醫學會的箴言是維護民康。除了透過支援醫生來實現這一目標外，我們還推展各種健康教育和慈善工作。我們定期在社交媒體網站向公眾發放有關預防疾病和健康生活的資訊、我們參與「共創明Teen計劃」、舉辦疫苗接種記者會，及與醫學學生攜手探訪露宿者。除此以外，我們繼續在柴灣、小西灣及葵青區推行長者服務義工計劃，並舉辦了「老友記健康大學」，安排探訪獨居長者，為義工們提供培訓。我們亦於灣仔會所舉行了「冬至歡聚樂融融」長者聚會。

隨著疫情漸趨穩定，香港醫學會將逐步恢復各項體育、社交活動，而持續醫學進修課程將透過網上及實體兩個模式舉行。

President of the HKPDA, to handle this issue. We met with the Medical Protection Society in the same week to sort out practical issues on the case management. We also started a series of Medicolegal Support Workshops to discuss important medicolegal pitfalls with our members.

As an association of doctors, the HKMA gave opinions as the stakeholder from doctors' perspectives. We had provided written submissions on the Policy Address Consultation 2022, on the Proposed Direct Access to Healthcare Professional Services, and on the Mandatory Reporting of Suspected Child Abuse Cases. We had representatives in various government boards and committees. The Primary Healthcare Blueprint marked another important change to the healthcare system. There are many fine details to be discussed before their implementation. We had

meetings with the Health Bureau, the Primary Healthcare Office and all the 18 District Health Centers and District Health Center Expresses. To better fit in the arrangements of the Primary Healthcare Blueprint, the HKMA restructured our 9 Community Networks into 18 District Health Networks. We shall follow up this issue closely and relay concerns and recommendations from our members.

The motto of HKMA is to safeguard the health of Hong Kong citizens. Apart from achieving this aim through supporting doctors, we also engage in various health educational and charity works. We uploaded information for the public about disease prevention and healthy living in our social media sites regularly. We joined the Strive and Rise Program. We organized press conferences on vaccinations. We joined hands with medical students to visit the homeless. We also continued our voluntary service programs for the elderly in 3 districts: Chai Wan, Siu Sai Wan and Kwan Tsing. Community Elderly Health Academy sessions were organized. Home visits to the home-alone elderly were arranged. Training was provided to volunteers. We also held a winter luncheon in our Wan Chai Club House for the elderly.

With the ending of the COVID-19 pandemic, the HKMA will gradually resume our sports and social activities. Continuing medical education sessions will be held both online and for physical attendance.

## 義務秘書報告 Report from the Honorary Secretary

凌霄志醫生  
Dr. LING Siu Chi, Tony

過去一年，雖然社區已逐步邁向群體免疫，各項防疫措施逐漸放寬，但新冠疫情仍然是全球最受關注的公共衛生事件。儘管世界衛生組織於二零二三年五月宣布新冠疫情不再是「國際關注的突發公共衛生事件」，香港政府隨後亦下調應變級別，但疫情在大流行和風土化之間仍存在變數。疫情三年揭示了不少香港的醫療和社會問題，新一屆政府亦推出多項與醫療相關的政策建議和施政項目，香港醫學會承諾陪伴及支援會員渡過挑戰——同心同行，讓我們一如既往，竭力維護民康，服務香港市民。

### 支援會員，同渡醫療政策轉變

在新冠疫情第五波逐漸回落時，政府的防疫政策由「清零」變為「建立新常態」。香港醫學會一直與政府官員和醫院管理局保持積極對話，向他們反映會員和公眾每天面對的各種問題，例如家庭醫生領取和處方新冠病毒藥物政策的障礙，以及公立醫院急症室爆滿問題。

在週年大會後的首個會董會議上，我們成立了一個新的時事委員會。在特首李家超發表第一份施政報告之前，我們參加了網上政府諮詢會，以及與醫務衛生局盧寵茂局長會面交換意見，其後提交了涵蓋基層醫療、公私營協作、預防醫學，以及醫療人力和培訓等九大主要範疇的詳盡建議。雖然我們很高興政府採納了我們對於長者醫療券、推廣家庭醫生，及設立新的精神健康公私營協作計劃的建議，但業界對政府建議的強制公營服務年期有所憂慮，因此香港醫學會聯同香港公共醫療醫生協會發起問卷調查，收集醫生和醫學生的意見，就有關職業生涯和規劃提供寶貴的真實數據。

香港醫學會支持政府的建議，重點發展基層醫療，為應對社會急速老年化將帶來的挑戰作好準備。因應政府於二零二二年十二月發表的《基層醫療健康藍圖》，會董會決定成立香港醫學會健康網絡，以進一步加強本會在推動基層醫療政策的角色，同時整合現有資源以支援十八區的醫生，並協調各區醫生對基層醫療新發展方向的意見。

Despite the building-up of herd immunity allowing gradual loosening of anti-epidemic measures, COVID-19 remains the single most significant public health event worldwide in the past year. Although the WHO announced in May 2023 that the COVID-19 epidemic situation no longer constitutes a public health emergency of international concern, soon followed by lowering of the Hong Kong Government's response level, there are still uncertainties on the pandemic and its transition to endemicity. The long pandemic also brought various healthcare and social issues into spotlights, and with the many new proposals and initiatives introduced by the new Government, the Hong Kong Medical Association vows to support its members through all the challenges—together stronger, we serve the public and safeguard the health of the people as diligently as always.

### Supporting members during healthcare policy changes

Government policies saw a change from “zero-COVID” to “establishing a system of new normal” while the fifth wave of the COVID-19 pandemic gradually dampened. Throughout the year the HKMA continued active dialogue with government officials as well as the Hospital Authority, reflecting on various problems that our members and the public face every day, e.g. barriers of obtaining and prescribing COVID-19 antivirals by general practitioners, and overcrowding at public Accidents & Emergency Departments.

A new Current Affairs Committee was established at the first council meeting after the Annual General Meeting. Before the first Policy Address by Chief Executive John LEE, we attended online government consultation session and also met with Secretary for Health Prof LO Chung-mau for exchange of opinions, and later submitted a comprehensive recommendation covering nine major areas in primary healthcare, public-private partnership, preventive medicine, as well as medical manpower and training. While we are delighted that some of

除上述外，香港醫學會亦應立法會的邀請，以書面形式就強制通報懷疑虐待兒童個案及建議修訂《輔助醫療業條例》遞交意見。我們亦邀請不同醫療界持份者的主要代表進行晚餐會議，互相交流意見，例如醫院管理局、地區康健中心，以及香港牙醫學會等。在本地事務以外，我們於二零二三年三月與中華醫學會訪港代表團會面，商討未來合作項目；我們亦繼續參與世界醫學會的事務，並首次獲邀以觀察員身分出席世界衛生組織西太平洋區委員會第七十三屆會議。

### 支援會員的事業發展和福祉

由於有關投訴和調解的查詢數量顯著減少，本會於二零二二年八月成立新的醫療法務支援委員會，以取代舊有的投訴和調解委員會，旨在積極提供支援，並持續提供有關醫療法務的最新知識，以滿足日益增加的醫療法務教育需求。我們亦於二零二三年二月至七月期間，舉辦了一連六次的工作坊，涵蓋一系列最有幫助和具迫切性的題目，深受會員歡迎。會董會一直高度關注兩名因醫療事故被控誤殺的醫生會員的處境，並已聯絡相關單位，包括醫療保障協會，為兩名醫生會員提供所需的一切援助。我們的會董已就此案與公眾和業界領袖溝通，並將繼續保持對話。此案的發展很可能會歷時一段時間，而它仍會是我們的密切留意事項。

持續醫學進修是專業發展的一個重要範疇。香港醫學會是業界內主要的提供、管理及評審機構，得到香港醫務委員會的認可。在新冠疫情爆發期間，我們每年舉辦超過二百二十場網上持續醫學進修課堂。現在恢復舉辦混合模式和實體課堂，意味著會員有更多機會參與持續醫學進修活動。為了回應政府在基層醫療健康藍圖中「加強對所有基層健康服務提供者的相關培訓」的要求，我們加強了與各持續醫學進修合作夥伴的聯繫，以提供優質和多元化的課程，更與養和醫院、港怡醫院、香港中文大學醫院及香港科技園合作提供結構化持續醫學進修課程。此外，我們於二零二三年四月與香港科技園聯合舉辦「善用創新科技推動基層醫療發展」研討會暨展覽，商討合作方案，匯聚醫療和科技界的專業，促進醫療發展。

our recommendations on the Elderly Healthcare Voucher (EHCv), the promotion of family doctors, as well as setting up a new mental health public-private partnership programme are adopted, concerns from the profession on the proposed Public Service Obligation (PSO) are heard and the HKMA launched a joint survey with the Hong Kong Public Doctors' Association (HKPDA) to collect opinions from fellow doctors and medical students, providing precious real-world data related to career pathways and planning.

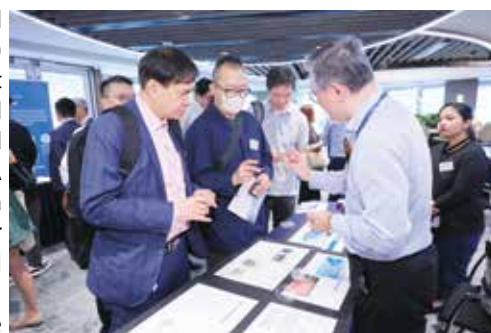

The HKMA supports the Government's proposal that Primary Healthcare should be prioritised and promoted in order to tackle future challenges brought by our rapidly ageing society. In response to the Primary Healthcare Blueprint which was released in December 2022, the council decided to set up the HKMA District Health Network in order to further strengthen our position in primary healthcare policy advocacy, to integrate the existing resources to support doctors in the 18 districts, and to coordinate responses of doctors in each Network to new development of primary healthcare.

Apart from the above, the HKMA also responded to invitations for opinions by the Legislative Council with written submissions on mandatory reporting of suspected child abuse cases and the proposed amendment on the Supplementary Medical Professions Ordinance (SMPO). Dinner meetings were held with key representatives from different healthcare stakeholders e.g. the Hospital Authority, District Health Centres, as well as the Hong Kong Dental Association to exchange ideas. Looking beyond Hong Kong, we met with the delegation from Chinese Medical Association in March 2023 and deliberated on future cooperative projects; we continued our participation in the World Medical Association and, for the first time, the HKMA was invited to attend the 73rd Session of the WHO Regional Committee for the Western Pacific as an observer.

### Supporting members' career and wellbeing

As there was a significant decrease in the numbers of complaints and mediation-related enquiries that were received, a new Medicolegal Support Group was set up in August 2022 to replace the Complaints and Mediation Committee, aiming to render proactive support and to provide continuous updates on medicolegal subjects to meet with the surging need for medicolegal education. A series of six fully-subscribed workshops were held from February to July 2023 covering some of the most helpful and pressing topics. The Council has been deeply concerned about the plight of the two doctor members charged with manslaughter due to a medical incident, and has liaised with relevant units, including Medical Protection Society (MPS), for all the necessary support to the two doctor members. Our Council has spoken with public and professional leaders about the case and will keep the dialogue going. While we understand that the case will likely progress over coming months or even years, it will remain a top priority receiving our close attention.

Continuous Medical Education (CME) is one important aspect of professional development and growth, and the HKMA remains active as a provider, administrator and accreditor endorsed by the Medical Council of Hong Kong. While

除此之外，香港醫學會明白促進和維持醫生同儕身心健康的重要性。在社交距離措施放寬後，會董會全力支持各體育項目和文化團隊恢復練習、活動和比賽。為會員舉辦的合家歡活動特別受歡迎，包括為年輕家庭成員度身訂造的香港救免之家「盡責小主人工作坊」，以及與香港眼科學會合辦的《一路瞳行》電影分享會。過去數年經歷多次延期的香港醫學會週年晚會，亦終於在二零二二年十二月十日於香港海洋公園萬豪酒店宴會廳舉行，雖然規模較以往小，但嘉賓們都盡興而歸。

### 青年及社區服務

多年來，香港醫學會一直致力服務社區。「醫家耆康社區學堂」、「醫社耆青 Level Up」和「男士健康月」繼續作為雙向病人賦能的有效社區項目。二零二二年首次推出的「成人免疫接種計劃」標誌著另一個重要的里程碑，今年六月我們在此推出了這個計劃，以醫學實證向公眾推廣接種六種疫苗。與公眾保持良好的溝通對我們推行各項工作十分重要，除了舉行大大小小的記者招待會外，我們在二零二三年二月舉行了傳媒春茗，加強與各傳統和新興媒體的聯繫，並闡述香港醫學會的工作及「維護民康」的使命。

香港醫學會亦參與政府的「共創明Teen」計劃，以幫助基層青少年及支援來自弱勢家庭的初中生。我們還與其他組織一起參與青年活動，如國際青年商會的「十大傑出青年選舉——現在•締造未來」。同樣，我們也非常重視醫學界的青年和未來棟樑；我們通過香港醫學會醫學生附屬委員會定期舉辦活動，包括工作坊、職業講座和外展探訪，我們亦積極讓他們參與討論將影響年輕醫生的醫療政策倡議。

最後，由香港醫學會慈善基金舉辦的年度慈善音樂會，闊別三年後，終於在二零二三年七月十六日於香港浸會大學大學堂舉行。是次活動為兒童家居呼吸支援會籌款，旨在提高公眾對需要在家使用呼吸機兒童的了解和關注，改善患者及其家屬的生活質素。香港醫學會秉承樂善好施的優良傳統，並作為一個促進業界福祉的醫生組織，我們定必恪守宗旨，致力「維護民康」。

more than 220 online CME lectures were held per year during the height of the COVID-19 pandemic, resumption of hybrid and physical lectures means even more ample opportunities for members to engage in CME activities. In response to the Government's request to "enhance primary health care (PHC) related training for all PHC service providers" in the Primary Healthcare Blueprint, we reinforced ties with various CME partners to enable the provision of high-quality and diverse CME courses, and provided structured CME programmes in collaboration with Hong Kong Sanatorium and Hospital, Gleneagles Hospital Hong Kong, CUHK Medical Centre, and the Hong Kong Science and Technology Parks (HKSTP). Furthermore, we jointly held the "Advancing Primary Healthcare with Innovation and Technology" Symposium cum Exhibition with the HKSTP in April 2023, discussing ways to collaborate and bring medical and technology expertise together for healthcare development.

On top of these, the HKMA recognises the importance of promoting and sustaining well-being among fellow doctors. As soon as the social distancing measures were relaxed, various sports and cultural teams resumed their practices, activities and tournaments with full support of the council. Activities held for members with their families, such as the "Rabbit Care Workshop" tailor-made for young family members, as well as the "Sunshine of My Life" film appreciation co-organised with The Hong Kong Ophthalmological Society, were particularly well received. Having been postponed for several times over the past few years, the HKMA Annual Ball was also finally held on 10 December 2022 at the Hong Kong Ocean Park Marriott Hotel Ballroom despite being smaller-scale.

### Youth and community

The HKMA has never ceased to support the community throughout the years. "Community Elderly Health Academy", "Levelling Up COY for Health" and "Men's Health Month" continue to serve as models of two-way empowerment. The inauguration of the Adult Immunisation Campaign in 2022 marked another important milestone, and the next year we launched a new campaign in June, featuring evidence-based information for the public on six recommended vaccines. It is of utmost importance to maintain good communication with the public with the many works that we are undertaking. Apart from various press conferences, we held a Media Spring Reception in February 2023 to strengthen our connection with various traditional and new media and to elaborate on the work of the HKMA and its mission of "Safeguarding the Health of the People".

The HKMA also participated in the Government's "Strive and Rise" Programme to help underprivileged youth and to support junior secondary school students from disadvantaged families. We also engaged in youth events with other organisations such as the Junior Chamber International's "Ten Outstanding Young Persons Selection—Dialogue for Our Future". In the same token, we place great emphasis on the youth and future of our medical profession as well; through the HKMA Medical Student Subcommittee activities such as workshops, career talks and outreach programmes were regularly held, and we actively engage them in discussion of medical policy initiatives impacting young doctors.

Last but not least, the Annual Charity Concert organized by the HKMA Charitable Foundation will finally be held on 16 July 2023 after a hiatus of three years, at the Academic Community Hall of the Hong Kong Baptist University. Aiming to raise funds for the Paediatric Home Respiratory Support Society (PHRESS), to increase public awareness on the children who need home ventilation support, and to improve the quality of life of the families. The HKMA continues our tradition of charity, and together with our various works as a member organization by and for doctors, we remember our motto always: *Civium sanitatem servare*.

### 傳染病顧問委員會 Advisory Committee on Communicable Diseases

曾祈殷醫生及曹忠豪醫生

Dr. TSANG Kay Yan, Joseph and Dr. TSO, Raymond

新冠病毒病疫情終趨緩和，社會逐步復常。傳染病顧問委員會關注復常後社會活動增多，加上過去長時間施行戴口罩、社交距離等「非藥物性介入措施」，市民因而對流感等一般呼吸道傳染病的抵抗性會有所減弱，或會出現另一波反彈。因此，委員會於二零二二年十月六日舉行記者會，呼籲公眾接種流感疫苗「防疫未然」。記者會上，由香港醫學會會長鄭志文醫生率領一眾會董，親身示範接種流感疫苗，藉此提醒市民對接種流感疫苗的迫切性。委員會亦致力推廣疫苗接種教育，並為成人免疫接種提出多項建議。

接種流感疫苗記者會  
Press Conference on Influenza Vaccine

此外，委員會亦定期舉行會議，就本地各類傳染病情況進行分析及討論。如去年出現的零星類鼻疽爆發個案，坊間甚至出現一些不實資訊，引起市民憂慮。對此，委員會亦即時製作了「關於類鼻疽：你需要知道的六件事」懶人包，上傳至醫學會社交媒體平台，讓公眾正確地認識這項傳染病。委員會並透過會員電郵，向醫生發送有關類鼻疽的最新資訊及指引，以幫助他們進行在日常診症中作出識別。

The COVID-19 pandemic has finally abated, and society is gradually returning to normalcy. However, the Advisory Committee on Communicable Diseases (ACCD) is concerned about the potential increase in social activities after the pandemic, which, when coupled with the long-term implementation of "non-pharmaceutical interventions" such as wearing masks and social distancing, may result in weakened immunity to common infectious respiratory diseases like influenza (flu). This, in turn, could lead to a resurgence of flu epidemics. To address this issue, the ACCD held a press conference on 6 October 2022, urging the public to get vaccinated. During the conference, Dr. CHENG Chi Man, President of the HKMA, led a group of Council Members in demonstrating flu vaccination, thereby emphasizing the urgency of vaccination. The ACCD is also committed to promoting vaccination education and has made several recommendations for adult immunisation.

Furthermore, the ACCD convenes regular meetings to analyze and discuss the status of various local infectious diseases. Unfortunately, false information about sporadic Melioidosis outbreaks that occurred in the past year surfaced, causing public concern. The ACCD responded by creating an information pack called "About Melioidosis: Six Things You Need to Know" and uploaded it to HKMA's social media platforms to provide accurate medical information. The aim was to educate the public and promote accurate understanding of the disease. The Committee also sent out emails to members regarding updated information and guidelines on Melioidosis to aid their daily practices.

### 周年晚會籌備委員會 Annual Ball Committee

陳以誠醫生及楊協和醫生

Dr. CHAN Yee Shing, Alvin and Dr. YEUNG Hip Wo, Victor

受疫情影響，過去幾年我們的週年晚會都未能舉行。隨著防疫政策放寬，我們成功於二零二二年十二月十日假香港海洋公園萬豪酒店的宴會廳舉辦了疫後首次周年晚會。

是次晚會的主題是 **Let's Party**。有超過一百位來賓及其同伴應邀出席。我們很榮幸能夠邀請到來自各個友好團體的代表，如香港醫務委員會、香港醫學專科學院、醫學組織、專業團體、社區夥伴、病人組織和藥廠。另外，一些一直以來服務及支持香港醫學會的會員，包括前會長、委員會主席、本會對外機構代表、持續醫學進修專訊的文章作者、運動隊隊長和社區服務的義工等等，他們亦賞面出席，令晚會錦上添花。我們希望能夠藉此機會凝聚各方好友和同僚，及感謝他們一直以來的貢獻。縱使疫情期間難以相聚，大家見面時暢談甚歡。各位來賓都十分珍惜這彌足珍貴的共聚時光。

Our annual celebration has been put on hold in the few past years due to the COVID-19 pandemic. With the easing of government restrictions, the Annual Ball was finally held successfully on 10 December 2022 at the Hong Kong Ocean Park Marriott Hotel Grand Ballroom.

The event adopted the theme "**Let's Party**". Over a hundred guests together with their partners joined us at this grand venue. The HKMA is honoured to have graced by the presence of representatives from various friendly organizations, such as The Medical Council of Hong Kong, Hong Kong Academy of Medicine, medical organizations, professional bodies, community partners, patients' groups, and pharmaceutical firms. We are also pleased to have invited members who have been offering their help and support to the HKMA, including past Presidents, committee chairpersons, representatives in board and councils, authors of CME Bulletin, sports team captains and community service volunteers etc. We wished to take the opportunity to gather together friends and colleagues after the long pause brought by the pandemic and to thank them for their unfailing support. All the guests cherished such a precious moment of reunion and enjoyed the heart-warming reception.

香港醫學會會長鄭志文醫生以他一貫親切、幽默的歡迎辭為這個美好的夜晚揭開序幕。醫務衛生局局長盧寵茂教授雖未能親自出席周年晚會，但他十分感激香港醫學會在疫情期間所作的貢獻，並通過錄影片段傳達謝意，也衷心祝福大家有一個愉快的晚上，在新的一年豐盛健康。隨後香港醫學會副會長陳沛然醫生及楊協和醫生再次感謝各位賓客撥冗蒞臨，緊接與醫學會各位會董和嘉賓一同祝酒，希望大家新的一年和諧健康。

The HKMA President, Dr. CHENG Chi Man, kicked off the delightful night with his warm welcome speech. Though Prof. LO Chung Mau, Secretary for Health, was unable to attend the Annual Ball in person, he blessed us with a video message

commending the HKMA's contribution during the COVID-19 pandemic and wishing all a joyful night and prosperous new year. The HKMA Vice-Presidents Dr. Pierre CHAN and Dr. YEUNG Hip Wo, Victor greeted the crowd followed by the HKMA Council and honourable guests toasting for a peaceful and healthy year ahead.

“Stronger Together!”

考慮到防疫措施仍然生效，當晚的節目相對簡單和低風險。最吸引眼球的，當然是由四名中文大學醫學生組成的弦樂四重奏表演，他們精彩的演奏為整個晚會增添了不少活力和興致。壓軸環節當然少不了幸運大抽獎。我們的會董、多間酒店和晚會嘉賓慷慨贊助了超過三十份豐富獎品。會長贊助的現金一萬元大獎為晚會畫上圓滿句號。整晚活動也在歡呼聲和笑聲中結束。

In view of the anti-pandemic measures in place, programme of the night was relatively simple and risk-free. The peak must be the string quartet performance by a team of four CUHK medical students. Their brilliant performance added vitality and excitement to the whole programme. A Grand Lucky Draw was in order to round out the night. We had over thirty tempting prizes sponsored by council members, hotels and party guests. Our President sponsored \$10,000 as the first prize. The night ended in cheers and laughers.

我們已經為下一場的歡聚預備了場地。期待您的參與！

We have already secured the venue for the next party. Look forward to your participation!

### 香港醫學會合唱團 Choir Committee

陳以誠醫生及莊勁怡醫生

Dr. CHAN Yee Shing, Alvin and Dr. CHONG King Yee

經過三年的疫情，香港醫學會合唱團終於在二零二三年五月恢復恆常的練習。今年我們邀請到合唱界非常資深的劉迪恩女士作為我們的音樂總監及指揮。今年加入香港醫學會合唱團的醫生人數創歷年新高，同時亦有熱愛合唱音樂的醫學生加入，為合唱團增添不少活力和生氣！

我們在星期三晚上練習，雖然大家都

是下班後帶着疲倦的身軀前來，然而合唱的魅力，令大家離開時都是充滿歡樂和喜悅！我們歡迎香港醫學會的會員及醫學生加入我們！

香港醫學會及其慈善基金將於二零二三年七月十六日假浸會大學的大學會堂舉行慈善音樂會，透過音樂為「兒童家居呼吸支援會」籌款，繼續把維護民康的精神發揚光大。醫學會合唱團將傾力演唱，帶給觀眾一個愉快的晚上！

As the COVID-19 pandemic stabilized after 3 years, the HKMA Choir was finally back to regular rehearsals in May 2023. This year, we were glad to have appointed Ms. Jane LAU as our Music Director and Conductor. She has extensive experience in choral singing and conducting. In addition, we have recruited a lot of new Choir members among the HKMA membership this time, and a good portion of them are medical students. This helped bring energy and a lively vibe to the group.

Regular rehearsals were held on Wednesday nights. It was understandable that members should be pretty tired after a hard day's work, yet all felt refreshed and full of joy having sung with colleagues in the brief two hours. As such, we strongly recommend doctors and medical students who love singing to come and join us!

The HKMA and HKMA Charitable Foundation will be holding the long-awaited charity concert on 16 July 2023 at the Academic Community Hall, Baptist University to raise funds for Paediatric Home Respiratory Support Society. Through music we extend our love and care to the less fortunate. The HKMA Choir will give our best and stage an enjoyable performance for the audience.

## 時事委員會 Current Affairs Committee

陳沛然醫生, 鄭志文醫生及楊協和醫生

Dr. CHAN, Pierre, Dr. CHENG Chi Man and Dr. YEUNG Hip Wo, Victor

醫生是醫療衛生界的重要持份者, 任何醫療政策的轉變均對其工作造成影響。為了履行香港醫學會作為全港主要醫生團體的責任, 香港醫學會於二零二二年成立時事委員會, 以便就各項醫療政策倡議上更有效地與各政府部門及立法機構溝通, 為醫學專業發聲。

時事委員會每月均會進行一次例會, 討論最新的醫療衛生政策, 並就《施政報告》、《財政預算案》及立法會衛生事務委員會等諮詢上呈交意見書; 亦不時與政府官員會面, 表達醫學界對相關醫療倡議的建議。此外, 時事委員會亦於二零二三年二月底與香港公共醫療醫生協會開展一項「強制醫生公院服務年期」的聯合問卷調查, 收集醫生們對上述建議的意見, 以適時向相關政府部門反映, 以保護醫生的專業及應有權益。

Being a primary stakeholder in the healthcare system, doctors undoubtedly face direct impacts brought by medical and health policies of the Government. To fulfil its role as a major medical professional body in Hong Kong, the HKMA established a Current Affairs Committee in 2022. The Committee's main objective is to enhance communication with the Government and legislative body regarding medical policy initiatives and act as a vocal advocate for the medical profession.

The Current Affairs Committee convenes monthly meetings to deliberate on the latest medical and health policies and subsequently submits its opinions on the "Policy Address", "Financial Budget", and the Legislative Council Health Services Committee. Additionally, it engages with Government officials to express the medical profession's stance on relevant policies. In late February 2023, the Current Affairs Committee collaborated with the Hong Kong Public Doctors' Association to conduct a joint survey on the proposed "Compulsory Public Service" requirement for medical doctors. The aim was to gather opinions from doctors and promptly communicate them to relevant government branches while safeguarding the doctors' rights and professionalism.

政府推出了《基層醫療健康藍圖》，本港的基層醫療健康系統將會有所改變。香港醫學會整合其下委員會，成立健康網絡，聯繫 18 區的地區康健中心和相關團體，支援在 18 區提供基層醫療服務的會員。成立典禮於四月二十日舉行，當日邀得醫院管理局（醫管局）新界東聯網總監及威爾斯親王醫院行政總監鍾健禮醫生，及醫管局新界東聯網家庭醫學部部門主管及基層及社區健康服務總監梁堃華醫生，聯同一眾會董出席。會長於典禮後主講一節有關醫療法律問題的持續醫學進修課程。

The HKMA has restructured its subcommittees in response to the Government's Primary Healthcare Blueprint, the HKMA District Health Network (DHN) was then set up to focus on the communication with the 18 district health centres/expresses and related organizations, and to support members practicing in 18 districts to provide primary healthcare services to the community. The HKMA DHN's Launching Ceremony was held on 20 April 2023. Dr. CHUNG Kin Lai, Cluster Chief Executive of the New Territories East Cluster (NTEC) cum Hospital Chief Executive of Prince of Wales Hospital of the Hospital Authority (HA), and Dr. Maria LEUNG, Service Director of Primary & Community Health Care) cum Chief of Service (Family Medicine) of NTEC of HA, were invited to join the Ceremony with our Council Members. The HKMA President, Dr. CHENG Chi Man, delivered a CME lecture on medical legal after the ceremony.

本會網絡於年內共舉辦了九十八節地區持續醫學進修課程，包括八十八節網上授課，當中六節網上授課是與香港家庭醫學學院和基督教聯合醫院合辦的家庭醫學證書課程；以及十節實體授課。會員可於疫情緩和的情況下，自由選擇參與網上或實體課程，並繼續汲取最新的醫學知識和相關的科技發展，為其服務的市民提供更全面的治療和醫學建議。過去幾年，不少熱心參與社區服務的醫生及醫科學生會員亦已參加過本會於三區推行的社區服務計劃，關懷社區上的長者和護老者，以及提升其疾病管理的知識。健康網絡將繼續延續社區服務工作，積極推動「基層醫療」的同時，協助長者持續健康地居家安老（有關服務計劃詳見「社區服務委員會」）。

隨著新冠疫情逐漸緩和、社會復常，來年健康網絡將與各區的醫院聯網和私家醫院加強聯繫，合辦持續醫學進修課程、公私營協作計劃和社區健康日等推廣基層醫療健康的活動，支援會員在社區提供更全面的基層醫療服務。

The HKMA Network has organized a total of 98 sessions of district-based Continuing Medical Education (CME) lectures in the year, 88 sessions of live lectures which included 6 sessions co-organized by the Hong Kong College of Family Physicians and United Christian Hospital of the Certificate Course for GPs 2022, and 10 sessions of physical lectures. Both live lectures and physical lectures have provided up-to-date medical information and related technological advancement to our members. Members could freely choose to attend online or physical lectures according to their needs, so that they were in a better position to provide comprehensive treatment and medical advice to patients they served. Lots of doctor members and medical student members had been participating in our community projects organized in 3 districts in the previous years, providing care for the elderly and carers and conveying knowledge on disease management. The DHN will strive to continue our community works in promoting primary care in the community to support the elderly aging in place (please refer to “Community Service Committee” for details of the community projects).

As the COVID-19 epidemic continues to be stabilized, people are returning to their normal lives. In the coming year, the DHN will strengthen the connection with various hospital clusters and private hospitals, including the potential collaboration of primary healthcare promotion activities, such as CME programmes, public-private partnership programmes and community health day. We will continue to voice out for members about their primary healthcare services in the community.

## 社區服務委員會 Community Service Committee

Dr. LAI Wing Him, Dr. LEE Kin Wing and Dr. YEUNG Hip Wo, Victor

香港醫學會本著「醫民同心・健康同行」的信念，在二零一六年展開了社區長者健康管理計劃，迄今已有七年。去年，本會再獲得熱心人士慷慨支持，除繼續推行「醫家耆康社區學堂」，服務柴灣和葵涌區的長者外，還開展新服務計劃「醫社耆青 Level Up」，將關懷長者、支援長者居家安老的服務願景推展至小西灣區。兩個計劃積極招募年青義工，並為他們提供培訓課程，讓他們對社區及長者的需要加深了解，促進跨代共融。

### 《健康藏金庫》資訊平台

社區服務團隊推出《健康藏金庫》網頁和YouTube頻道，收錄計劃內製作的健康資訊短片及單張，讓市民大眾能夠居家學習健康知識，為自己和家人做好健康管理。團隊同時開設社交媒體Instagram帳戶，不時發佈有關本會社區計劃的活動、健康資訊、義工招募、義工訓練和溫馨健康提示。

“Stronger Together” – The Hong Kong Medical Association firmly believes when medical sector pools together our professional strengths, we can help build a healthier community. In 2016, the Hong Kong Medical Association started Community Elderly Healthcare Management Programme which has gone from strength to strength. Last year, our community projects were continued with support by generous donors. The “Community Elderly Health Academy” project benefits the elderly living in Chai Wan and Kwai Chung. Another new community service project “Levelling Up COY for Health” was started in Siu Sai Wan. Under the two community service projects, we actively recruited community volunteers and youth volunteers to join our community service team. Regular elderly home visit opportunities and training sessions were provided, so that volunteers can build closer relationships with the elderly in need and enrich the inter-generation of communication through different community programmes.

### “Health Resources Bank” Health Information Platform

This year we have launched the “Health Resources Bank” webpage and YouTube channel containing short videos and pamphlets produced by the two community service projects, with which the public can learn the healthcare information at home and set out health plans for themselves and their families. The team also set up an Instagram account to provide health information, healthcare reminders, updates of our two on-going community projects, news on volunteers’ recruitment and training.

資訊平台內的「老友記健康大學」繼續舉辦網上課堂，並於《健康藏金庫》YouTube 頻道內直播。課堂題目內容綜合長者服務單位的意見而制定，至今已舉辦七節課堂，包括《長者膝痛解碼》、《男女都要知 - 良性前列腺增生及膀胱活躍症》、《老友抑鬱有妙計》、《燒傷可以點處理》、《肺炎多面睇》、《您的腸胃健康嗎？》及《守護您的心臟》。計劃亦於三月首次在小西灣區與香港骨科醫學院合辦健康諮詢日，讓區內受骨科問題困擾的長者能夠得到骨科專科醫生的意見。社區上仍然存在不少忽略自身健康的長者，團隊現正積極與地區服務單位籌劃健康檢查日，有望透過健康篩查，可以發掘有健康隱憂的長者，為他們安排適時跟進。

Health talks were organized online and broadcast through Zoom and YouTube channel. Topics of the health talks were formulated after communication with the elderly service units which cater for the genuine need of elderly living in community. In the year, 7 elderly health talks have been organized. These talks include elderly knee pain, benign prostate hyperplasia and overactive bladder, elderly depression, burns management, pneumonia, gastroenterology problems and heart diseases. In March, we organized the first health consultation day with the Hong Kong College of Orthopaedic Surgeons in Siu Sai Wan district. Elderly suffering from orthopaedic problems got professional advice from the specialists. Understanding many elderly people still suffer from various health issues, the team is going to hold a health day later this year, aiming to identify more elderly in need of medical attention for timely referral.

## 老友記外展大使 / 社區健康大使

持續的義工支援對服務計劃的順利推行極為重要，因此醫學會社區服務團隊重視義工招募和培訓。現時，義工隊共有三十七位核心成員，加上醫護、醫護學生及地區熱心人士組成義工團隊，恆常跟進三區共七十四戶獨居或雙老家庭的健康狀況。截至四月底，團隊共籌辦了四次大型探訪、十二次小型探訪，累積參與義工有一百九十三人次。

## Outreach Ambassadors / Community Health Ambassadors

Continuous support from the long-term volunteers is essential to the success of a community service project, which is why the community service team emphasizes recruitment and training of volunteers. Currently, there are 37 core members in the volunteer team, including doctors, medical and paramedical students, and community volunteers, who provide constant care for the health condition of 74 elderly households among the 3 service districts. As of April, the team has completed 4 large-scale elderly home visits and 12 small-scale visits with a total of 193 volunteer participations.

計劃開展初期仍然受限於新冠疫情的社交距離及防疫措施，義工隊只可透過「電話關懷隊」的形式，以電話慰問已配對的探訪戶，關懷和跟進他們的健康狀況。恰巧冬至期間政府放寬防疫措施，團隊把握時機舉行慶祝冬至的義工聚會，讓三區的長者義工及長期探訪戶可以團圓共暖。義工隊於新春期間正式恢復定期到戶探訪，之後的每月探訪，義工隊亦為老友記預備心意卡或禮物，向他們表達心意。對於長者的慢性疾病管理方面，醫生及護士義工擔當重要的角色。部分有需要的長者會安排由資深護士義工每兩星期致電跟進一次其健康及覆診情況。而醫生義工亦會上門跟進有特別需要的個案，為長者作管理健康的建議，讓他們更有條件作居家安老。

Hong Kong has been under strict social distancing and epidemic prevention measures in most of 2022 and early 2023. Therefore, our outreach ambassadors have taken alternate ways to continue their caring work and check on the elderly's health condition through the 'Call to Care Team' programme. It was a relief that the social distancing measures were relaxed around the Winter Solstice, and we took the opportunity to organize a reunion lunch gathering for our elderly friends to celebrate with volunteers. The first large-scale home visit was organized during the Chinese New Year, and regular monthly home visits were organized thereafter. Outreach Ambassadors gave out blessing cards and small gifts they had prepared with love for the elderly during the visits. Our voluntary doctors and nurses play an important role in helping the elderly to manage their chronic diseases. Elderly with health issues received calls from experienced nurses regularly and were seen by volunteer doctors for further medical attention if needed. All in all, our medical and nursing volunteers have been contributing significantly so that the elderly can manage their health better in home setting.

## 同心同行 “Stronger Together!”

為了配合不同背景的義工，社區服務團隊設計了多元化的義工訓練，共舉辦了十二節訓練課程，定期與義工分享探訪和溝通技巧，並於探訪後透過互動解說鼓勵義工分享經驗和心得，一同成長。除了一些基本義工訓練的主題外，我們亦為地區長者義工舉辦較日常實用的訓練課程，例如《智能電話關顧實用說明》、《長者互動技巧》及《實用護理APP 簡介》等。

團隊現正在小西灣區開展名為「樂遊共享」的到戶遊戲訓練計劃，受訓後的青年義工會把桌上遊戲帶入屋，協助患有認知障礙症的長者透過定期玩遊戲來表達自己，以正面方式抒發情緒，從而增加快樂感及社交經驗。

To tailor to the various training needs of the volunteers from different backgrounds, we have designed diversified training programmes. A total of 12 volunteer training sessions were organized on topics such as household risks assessment, care support and communication skill with elderly. Debriefing sessions were also held after each home visit to facilitate experience exchange. Apart from the basic volunteer training, a series of specialized volunteer training sessions for the community volunteers were arranged, for example 'Smart Phone Caring Guide', 'Interaction with Elderly' and 'Usage of Practical Health Apps'.

The community service team has launched the "Game-Playing Training Programme" in Siu Sai Wan. Training sessions were provided to the participating youths for conducting home-based game-playing sessions with the elderly with dementia. By engaging in regular game-playing sessions, participating elderly could release their emotions through positive means, improve their sense of happiness and enrich their social relationships.

## 生命晚期治療委員會 Committee on End-of-Life Care

陳沛然醫生，莊勁怡醫生及李福基醫生

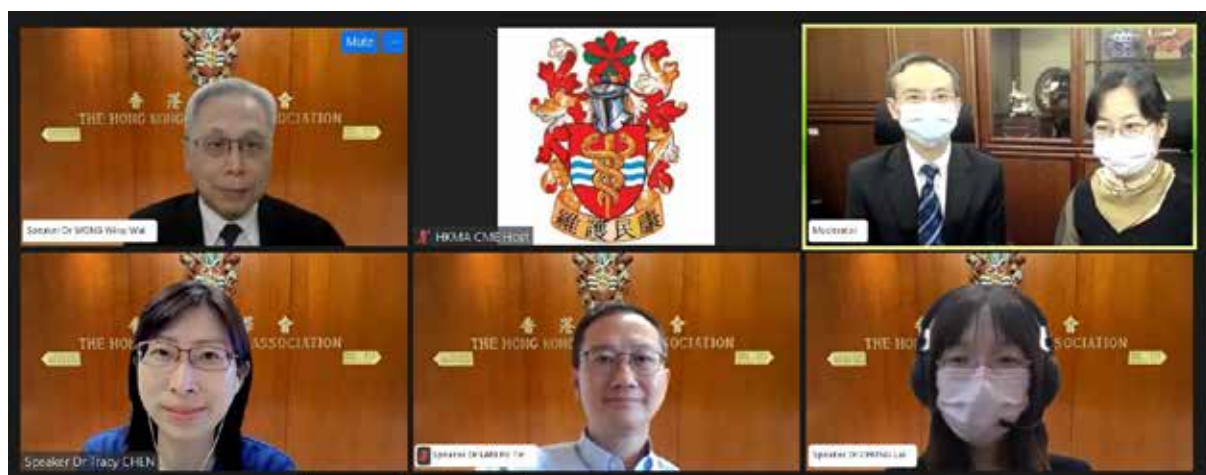

Dr. CHAN, Pierre, Dr. CHONG King Yee and Dr. LEE Fook Kay, Aaron

生命晚期治療委員會於二零二二年八月六日舉行網上研討會，由聯席主席陳沛然醫生及莊勁怡醫生主持，並邀得四位講者，包括紓緩醫學科專科陳煒輝醫生及林寶鈿醫生、老人科專科莊麗醫生，及現任花蓮慈濟醫院緩和醫學中心主任王英偉醫生，分別分享本地和台灣的生命晚期治療的經驗。

委員會在研討會後進一步討論如何推動晚期治療發展。成員們認同需要對預設醫療指示和安樂死進行更多討論，並需進一步收集會員對議題的意見。委員會成員亦提出應在社區進行推廣生命晚期治療活動，例如組織研討會、論壇和持續醫學進修課程。

A Symposium on End of Life Care, co-hosted by Dr. Pierre CHAN and Dr. CHONG King Yee, was held on 6 August 2022. Four guest speakers were invited to present at the zoom webinar - Dr. Tracy CHEN and Dr. LAM Po Tin, both Specialists in Palliative Medicine; Dr. CHUANG Lai, Specialist in Geriatric Medicine; and Dr. WONG Ying Wai, Director of Center for Palliative Care cum Consultant of Hualien Tzu Chi General Hospital. They shared their valuable experience and insights on advanced care planning, legal issues around End-of-Life (EOL) Care and care delivery in Hong Kong and Taiwan.

The Committee has continued to discuss what can be done to raise awareness on EOL Care after the Symposium. Committee members agreed that more discussion would be needed on both advance directives and euthanasia, a survey to collect members' views on these topics was proposed. Symposiums, forums, and CME on the topic of EOL Care in community setting were also suggested.

越早引起醫學生對生命晚期治療的關注，對推動發展會大有裨益。聯席主席李福基醫生於二零二三年四月十二日在中大校園為醫學生提供生命晚期治療教育講座，旨在讓臨床前醫學生對生命晚期治療領域有更深入的了解。

All doctors at some point of their careers will be involved in the EOL care, therefore medical students need to be well-prepared for this so that they can help in the development. An educational talk on EOL Care was conducted by co-chairperson Dr. Aaron LEE on 12 April 2023 at CUHK campus. The session aimed to share with preclinical medical students experiences on palliative care.

陳沛然醫生、何鴻光醫生、李鍵穎醫生及蘇睿智醫生 (顧問：蔡堅醫生)

Dr. CHAN, Pierre, Dr. HO Hung Kwong, Dr. LEE Kin Wing and Dr. SO Yui Chi (Consultant: Dr. CHOI Kin)

二零二三年二月七日由香港醫學會及養和醫院合辦持續醫學進修網上課程  
HKMA & HKSH CME Programme 2022-2023 on 7 February 2023

一直以來，香港醫學會致力推動持續醫學教育，迄今已有超過 1,736 位普通科醫生選擇香港醫學會為其持續進修計劃之管理機構。在二零二二至二三年，除了與養和醫院、港怡醫院及香港科技園的合作外，更首次聯同香港中文大學醫學院合辦結構化醫學進修課程。委員會亦響應本會對成人免疫接種計劃的關注，舉辦了六節持續醫學進修課堂，以致力提高本會會員對成人免疫接種疫苗的專業知識。委員會更聯同醫療法務支援委員會舉辦了一連六個月有關醫療法律進修課堂，以增進會員對相關法律保障及規例的知識。委員會亦會繼續與本會健康網絡、各醫療機構及藥廠舉辦各類線上、線下或混合模式的持續醫學進修課堂。

今年是《持續醫學進修專訊》創刊的第二十三周年，委員會謹感謝過去多年在《持續醫學進修專訊》提供著作的每一位作者。與此同時，我們誠意邀請各會員向編輯委員會投稿，攜手促進業界精益求精的進修文化。為響應環保，從二零二三年開始，《持續醫學進修專訊》亦改以電子方式向會員發放。

本會自二零一八年二月起開創持續醫學進修網上課程，並積極發展不同的網上平台，繼續為醫生提供高質素、易操作的網上進修課程。由二零二二年七月至二零二三年六月，本會合計舉辦超過一百九十三堂網上課堂，每堂參加人次平均逾四百一十九人。隨着政府放寬社交距離措施，醫學會舉行了二十八堂特別規模網下課堂。各類課堂合共提供了六萬五千八百一十八學分予醫生。此外，本會亦繼續在本會網站提供每月自修系列及影片，為會員提供另一個網上進修的途徑。

The Hong Kong Medical Association has long advocated for CME; more than 1,736 non-specialists have registered HKMA as their CME Administrator. In 2022-23, in addition to the collaboration with the Hong Kong Sanatorium & Hospital, the Gleneagles Hospital Hong Kong and the Hong Kong Science & Technology Parks Corporation, for the first time, a structured CME series was co-organized with the Chinese University of Hong Kong Medical Centre. In response to the HKMA Adult Immunisation Campaign, the Committee organized six CME lectures to increase the medical knowledge of members on adult immunisation. The Committee also specially held a series of medicolegal workshops with support from the HKMA Medicolegal Support Group and MPS to enhance members' understanding of relevant laws and regulations to have better career protection. Besides, the Committee continued organizing online, physical participation and hybrid lectures on broad strata of topics with the HKMA District Health Network, various medical organizations, and pharmaceutical companies.

This year marks the 23<sup>rd</sup> year since the first distribution of the CME Bulletin. We would like to express our gratitude to authors who have generously shared their knowledge and wisdom in their specialties on the CME Bulletin platform. Meanwhile, interested contributors are always welcome to submit your articles to the Editorial Board for publication to foster a more vibrant environment of CME throughout the profession. In response to the initiative to go green, the CME Bulletin was arranged to distribute electronically to members from 2023.

The HKMA pioneered the CME Live Lectures in February 2018 and has put continuous efforts into exploring different online webinar platforms, so as to provide high quality and easy-to-access CME Live Lectures to fellow doctors. From July 2022 to June 2023, the HKMA has organized more than 193 CME Live Lectures with an average of over 419 doctors attending each lecture. Also, with the relaxation of social gathering restrictions, 28 CME Lectures with physical participation were held. All the lectures were awarded a total of 65,818 CME Points to medical practitioners. The HKMA has continued to launch the Monthly Self-Study and Self-Study Video series on the HKMA website, providing an additional pathway for online CME studies.

健康教育對於提升公眾健康水平尤為重要。香港醫學會檢討了過去的健康教育工作，並從新構思推廣策略。健康教育委員會除了繼續與香港電台合作，在節目《精靈一點》及《好玩醫學》中以輕鬆手法向市民介紹醫學知識之外，亦在不同平台如領英、Instagram, Facebook 和 YouTube 推出健康資訊頻道。委員會又推出結構性主題系列「成人免疫接種」及「男士健康月」，就兩個重要的公共衛生議題，為公眾及醫生會員們舉辦不同的教育活動。

Health Education is important as it is a critical tool for improving population health. In 2022/23, the HKMA reviewed health promotion strategies and introduced new activities to engage members of the public with various social media platforms. While the Health Education Committee has been maintaining close partnership with media like RTHK through the radio programs "Healthpedia" and "Magasenor", health channels are also established in various platforms like LinkedIn, Instagram, Facebook and YouTube. The Health Committee also started structured health series by launching two campaigns—"Adult Immunisation Campaign" and "Men's Health Month"—to facilitate various educational activities that targeted both the public and medical practitioners, addressing two crucial public health issues.

## 「成人免疫接種」公眾教育計劃

香港醫學會在二零二二年七月開展「成人免疫接種」公眾教育計劃，提供有關常見疫苗可預防疾病的資訊，以消除市民大眾對疫苗的誤解，並以苗氏一家四口為故事主人翁，帶出不同年齡人士適合接種的疫苗，為健康保本。計劃以多媒體，包括動畫、社交平台等發放疫苗資訊，並設有專題網頁，當中以簡單易明的文字，拆解較複雜的醫學知識，讓市民釋除對疾病、疫苗和免疫接種的疑慮，增加接種的信心。計劃亦包括印製海報，供本會醫生會員張貼於診所內；並設有一系列的持續醫學進修課堂，以協助醫生們向市民講解相關疫苗資訊。

## 「男士健康月」

全球多個地方將十一月定為男士健康關注月，目的除了要肯定男士的正向價值，更重要的是呼籲各界關注和討論男士健康問題，藉此鼓勵不同年齡男性重視早期檢測及疾病治療。醫學會響應男士健康月，除了為醫生會員舉辦兩節與「男士健康」相關的持續醫學進修課程外；還特別製作了男士健康主題網頁，以及在社交平台上載「前列腺增生」公眾講座的影片，讓市民了解更多男士常見的健康問題和處理方法。

## Adult Immunisation Campaign

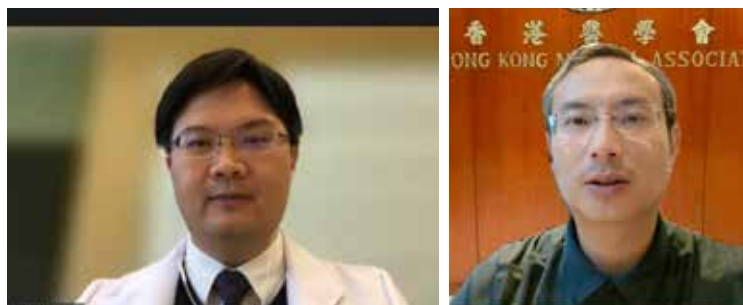

In July 2022, the Health Education Committee, in partnership with RTHK, launched the Adult Immunisation Campaign. This campaign is designed to provide valuable information about common vaccine-preventable diseases, dispel vaccination myths, and promote age-appropriate vaccination. To make vaccination information more accessible, the campaign uses engaging characters like "Miu's family" and has produced multimedia educational materials such as animations and social media posts. The thematic webpage also uses simple language to explain complex medical terms. To enhance doctor-patient communication, the campaign has arranged posters and CME lectures on vaccination schedules.

## Men's Health Month

November is celebrated as Men's Health Month globally, during which the focus is not only on promoting positive self-value among men but also on raising awareness about men's health issues, so as to encourage early detection and treatment of diseases among both men and boys. The HKMA has echoed this initiative by launching an education programme that caters to different audiences. As part of this programme, two CME lectures on men's health were organized. Furthermore, an event webpage featuring information on men's health was launched, and a public talk on benign prostatic hyperplasia (BPH) was created on social media for public viewing. These initiatives were used to educate the public on common men's health problems and interventions.

### 醫療法務支援委員會 Medicolegal Support Group

黎榮謙醫生及蘇睿智醫生

Dr. LAI Wing Him and Dr. SO Yui Chi

相倚為強，一心一力。明白到同儕互助的重要，香港醫學會於二零二二年成立醫療法務支援委員會，致力為會員提供醫療法律課題的最新資訊。醫生在日常臨床實踐中可能面臨各項挑戰，如病人投訴、監管問題，甚至紀律處分程序。因此，醫療法務支援委員會推出了「醫學會醫療法務支援工作坊」系列，涵蓋各類與醫療法律和道德守則相關的課題，以回應醫生們對醫療法務培訓激增的需求。

「醫學會醫療法務支援工作坊」於二零二三年二月推出，為期半年。每月一堂的持續醫學進修課堂涵蓋包括了醫委會的投訴和查詢程序、醫生宣傳守則、危險藥物記錄保管以及醫療疏忽的基本課等內容。醫學會網站的會員專區內亦設有專頁，供重溫以往的醫療法務支援論壇及研討會的資料。

第二場工作坊於三月二十五日舉行，講題為「投訴成立後的下一步是甚麼？」

Second workshop was convened on 25 March 2023, with the title of "What are the ways forward after the complaint being established?"

Together, we make our profession stronger. Understanding the importance of peers supporting peers, the HKMA has set up a Medicolegal Support Group in 2022, dedicated to providing updates and information on medicolegal topics to members. Doctors may face professional challenges in daily clinical practice, from patient complaints to regulatory issues and disciplinary proceedings. Understanding the surging need for medicolegal training among our members, the Medicolegal Support Group has launched a "HKMA Medicolegal Support Workshops" series to cover the most helpful and pressing subjects concerning a wide range of legal and ethical problems.

The "HKMA Medicolegal Support Workshops" were launched in February 2023, with a series of 6 monthly CME lectures covering topics on Medical Council of Hong Kong's complaint and inquiry procedures, advertising rules for doctors, safekeeping of dangerous drug record, and basic rules on medical negligence. A webpage under the HKMA website's members section was also set up for revisiting materials from previous medicolegal conferences and seminars.

## 會員服務委員會 Membership Services Committee

陳厚毅醫生、李福基醫生及楊協和醫生

Dr. CHAN Hau Ngai, Kingsley, Dr. LEE Fook Kay, Aaron and Dr. YEUNG Hip Wo, Victor

香港醫學會致力凝聚業界，與會員同心同行。會員服務委員會去年推出招募會員活動，現有會員人數逾一萬三千人。雖然去年大部分活動仍被疫情所阻，香港醫學會仍把握社交距離措施稍緩之時，向會員提供活動。在二零二二年十一月二十五日，本會首次聯同香港華人會計師公會舉辦講座，與參加者分享相關的專業資訊，活動反應熱烈，會員踴躍參與。

除此之外，委員會亦聯繫商戶，當中包括保險、銀行、汽車、入油優惠等。如欲查詢詳情，請聯絡秘書處會員服務部。

“Stronger Together!” The Hong Kong Medical Association strives to engage our members and hold together for the development of the medical sector. To this end, we have paid a lot of attention to member recruitment and engagement. We have witnessed a positive growth in member number which reached more than 13,000. Despite of the pandemic which has cut off many of our member activities, The Hong Kong Medical Association was able to provide activities when the social distancing measures were lowered. A Networking Event was jointly held for the first time with The Society of Chinese Accountants and Auditors (SCAA) on 25 November 2022 to share relevant professional information with participants. Members were excited for this event and actively participated.

Besides, the Committee has also liaised with various companies in providing benefits to our members. These include insurer, bank, vehicles, gasoline and more. Please feel free to contact the Membership Services Team of the HKMA Secretariat for details.

## 人力專責委員會 Manpower Committee

陳沛然醫生、鄭志文醫生及楊協和醫生

Dr. CHAN, Pierre, CHENG Chi Man and Dr. YEUNG Hip Wo, Victor

香港醫學會現有二十九名職員，有二十三名秘書處辦事處編制人員、四名會所餐飲侍應及二名基金資助的社區服務員工。

二零二二年香港就業市場面對高達百分之二十以上的員工流失率，本會秘書處也跟其他行業一樣遇對相同問題。故此，本會除了根據員工年度考績和市場趨勢調整了薪酬之外，亦推出多項措施，例如重整運作架構、增設進修津貼、舉辦團隊創建活動等，期望凝聚人材。

The HKMA currently maintains an establishment of 29 staff in total, 23 office staff, 4 restaurant staff, and 2 community project staff fully funded by sponsors.

The average employee turnover rate in Hong Kong was reported to reach over 20% in 2022. The HKMA Secretariat also saw a high attrition during the period. In order to retain capable staff, we, the HKMA, in addition to revise salary according to performance evaluation and market rate, introduced measures such as re-structuring, education allowance, and conducting more team-building activities.

### 國際事務委員會 International Affairs Committee

陳沛然醫生、鄭志文醫生及楊協和醫生

Dr CHAN, Pierre, Dr CHENG Chi Man and Dr. YEUNG Hip Wo, Victor

過去一年，香港醫學會參與了幾項國際醫學界的活動。

#### 第三十六屆亞洲及大洋洲醫學聯合大會

亞洲及大洋洲醫學聯合會於二零二二年九月二十三日至二十四日在巴基斯坦卡拉奇召開了第五十七屆理事會會議和第三十六屆大會，會議同時以視像形式進行。此次有十三個成員醫學會參加。巴基斯坦醫學會的 Dr. Qazi WASIQ 當選為新會長，接替中華民國醫師公會全國聯合會的邱泰源醫生擔任會長一職，日本醫學會副會長 Dr. Hidehito IMAMURA 當選為秘書長。南非醫學會和巴西醫學會的代表也應巴基斯坦醫學會的邀請以觀察員身分參加了是次大會。

香港醫學會陳以誠醫生出席了視像會議，並簡報了本會的年度報告。陳以誠醫生亦以聯會義務司庫的身分，簡報了財務報告和預算，並獲得一致通過。

會上有一些成員的變動。大會接納柬埔寨醫學會和澳門醫學會的退會申請，並撤除其未繳交的會費。此外，新西蘭醫學會通知，由於過去幾年在招募會員方面遇到無可挽救的困難，導致入不敷支，該會已正式停止運作。

鑑於巴基斯坦當地發生水災，大會一致通過向巴基斯坦醫學會捐贈三萬美元，用於提供醫療衛生援助和災後救援。今屆研討會的主題是「新冠疫情期間的醫療服務」，陳以誠醫生簡介了香港醫學會在本港抗疫期間的角色。

各參會代表亦在會上起草了「卡拉奇聲明——COVID-19 疫情」。有關聲明隨後正式發布。聲明中總結了新冠疫情對醫療系統、道德規範和醫學教育的影響，並特別強調了氣候變化對傳染病風險的提升，以及後續發展。詳情可參考 <https://www.cmaao.org/policy/>

下一屆大會將於二零二三年九月在孟加拉達卡舉行。

#### 36<sup>th</sup> CMAAO General Assembly 2022

The Confederation of Medical Associations of Asia and Oceania (CMAAO) held the 57<sup>th</sup> Council meeting and 36<sup>th</sup> General Assembly on 23-24 September 2022 in Karachi, Pakistan in hybrid mode. This time 13 member medical associations participated. Dr. Qazi WASIQ of Pakistan Medical Association (PMA) was elected the new President and had thereby taken over the presidency from Dr CHIU Tai Yuan of Taiwan Medical Association. Dr. Hidehito IMAMURA, Vice President of Japan Medical Association was elected the Secretary General of CMAAO. Representatives from South Africa Medical Association and Brazil Medical Association were also invited by PMA to join the Annual Congress as observers.

Dr. CHAN Yee Shing, Alvin joined the CMAAO meetings by Zoom and presented the Annual Report on behalf of the HKMA. As the Treasurer of the CMAAO, Dr Alvin CHAN also presented the financial statement and the budget, which were adopted unanimously.

There were a few membership changes. The withdrawal from membership of the Cambodia Medical Association and Macau Medical Association were accepted at the meeting and their unpaid subscription fees were written off. Moreover, the New Zealand Medical Association informed the CMAAO that it had formally ceased to operate due to irreparable difficulties in recruiting members in the past few years, causing them financially unsustainable.

In view of the flood in Pakistan, it was unanimously agreed to donate USD30,000 to the PMA for health assistance and disaster rescue.

The theme of the Symposium was "Health Care in COVID-19 Pandemic" where Dr. Alvin CHAN had presented on the role of the HKMA in the battle against the pandemic in Hong Kong.

"The Karachi Statement of CMAAO on COVID-19 Pandemic" was being drafted at the General Assembly and was later released. The statement summarized the impact of COVID-19 on the healthcare systems, ethical practices and health profession education, with special emphasis on the effects of climate change on the risk of pandemics and the way forward. Details can be found at <https://www.cmaao.org/policy/>

The next General Assembly was confirmed to be held in Dhaka, Bangladesh in September 2023.

## 二零二二世界醫學會年會

世界醫學會第七十三屆年會在德國柏林舉行，同時慶祝德國醫學會成立七十五週年。尼日利亞的 Dr. Osahon ENABULELE 當選為新任會長。因為中華醫學會將其全國註冊會員人數由五萬人上調到二十萬人，從而由今年開始，該會在選舉和相關會議的動議上的有效票數由五票增加到十六票。有關理事會會議，年會及醫學研討會上的討論結果，已歸納於世界醫學會秘書處在大會結束後發布的新聞稿當中。詳情可參閱 <https://www.wma.net/news-post/wma-general-assembly-8/>

## WMA General Assembly 2022

The 73<sup>rd</sup> General Assembly of the World Medical Association (WMA), which also celebrated the 75<sup>th</sup> Anniversary of the German Medical Association, was held in Berlin, Germany. Dr. Osahon ENABULELE from Nigeria was elected as the new President. The Chinese Medical Association had increased its national registered membership from 50,000 to 200,000, thereby increasing its number of eligible votes in election and motions during WMA meetings from 5 to 16 starting from this year. The discussions in the Council meeting, the General Assembly and the Scientific Symposium were summarized in the press release issued by the WMA Secretariat at the end of the General Assembly. #### 積極與醫療保障協會溝通

醫生一直是人所羨慕的理想專才職業。但隨着社會價值觀的轉變，醫生在日常執業上也會遇到挑戰，有些更會影響事業。香港醫學會與醫療保障協會在六十年前開展合作，旨在為會員提供保障。本着同儕聯手互助的信念，本會一直與醫療保障協會緊密聯繫，並定期舉行會議，務求會員得到最好的安排。於二零二三年一月，我們與醫療保障協會的醫療法務總監 Dr. Rob Hendry 會面並討論香港醫生面對醫療失誤和嚴重疏忽誤殺定為刑事罪行的憂慮。

香港醫學會將繼續從會員出發點與醫療保障協會溝通協調，透過與各方合作、平衡利益，為香港整體醫療發展的配套作最好的長遠安排。

#### 醫療法務支援工作坊

防患未然——處理醫療糾紛的良方就是預防事情發生。今年本會新成立的醫療法務支援委員會與醫療保障協會合辦一系列嶄新的工作坊，協助會員瞭解不同危機管理的技巧，以及加深會員對實現更安全可靠的治療的認識。課程內容包括案例說明如何改善醫護服務及提升醫療質素的措施。

#### Collaboration with MPS

The medical profession is considered to be one of the most desirable professions and career choices in our society. However, with the shifting societal values, medical practitioners may face various challenges in their daily clinical practice which cause considerable impacts on their career. Understanding this need of fellow doctors, the HKMA started collaboration with MPS 50 years ago. Standing stronger together, the HKMA has been working hand in hand with MPS and conducting regular meetings to support doctors in Hong Kong. In January 2023, the HKMA Council met with Medical Director of MPS UK Dr. Rob Hendry and discussed members' difficulties and concerns on criminalising medical malpractice and gross negligence.

The HKMA will always stand by our members to negotiate with MPS, and offer as much assistance as we could to work for the best provision of medical protection for the medical sector of Hong Kong.

#### Medicolegal Support Workshops

The best way to handle medico-legal issues is by preventing them. The Hong Kong Medical Association started a new collaboration between its newly established Medicolegal Support Group and MPS for a series of workshops. The course programme was specially designed to inform members of risk management knowledge. At the workshops, cases were also discussed to identify prioritised areas where reliability of healthcare delivery could be improved, also the redesigned processes which are essential to the delivery of a safer and reliable care.

過去三年因為新冠疫情，我們無法復辦我們的年度主題活動『春耕行動』器官捐贈推廣步行。但在這個資訊年代，我們仍然可以其他途徑將資訊傳播開去。在器官捐贈日 2022，我們連同其他關注機構，在本會的社交媒體上發布了一個帖子，以引起公眾的關注。你也可以與我們攜手支持器官捐贈，並鼓勵其他人成為別人的祝福，很簡單，幫我們點讚和分享該帖子便可。

隨著防疫限制的解除，我們將與其他合作夥伴一起再次籌辦步行活動。請留意最新消息！

In the past three years, there was no means that we could resume our signature event "Spring Sower Organ Donation Promotion Walk" due to the COVID-19 pandemic. However, we could still find our way in this information age. On the Organ Donation Day 2022, we joined our alliance and put up a post on the Association's social media to arouse public awareness. To show your support and encourage others to follow, simply like and share the post next time when you see it.

With the lifting of anti-pandemic restrictions, we shall work with our partners to organize the Walk again. Please watch out for further updates!

### 海峽兩岸暨港澳醫學會創新合作論壇

過去三年，很多跨境醫學交流活動因疫情被逼停止。隨著社會逐漸復常，我們應中華醫學會邀請，在二零二二年十一月與內地、台灣及澳門的醫學會聯合舉辦了線上「海峽兩岸暨港澳醫學會創新合作論壇」，分享各地在疫情防控方面的經驗。

我們將於二零二三年十月舉辦一次實體的論壇，詳情有待公佈。

### 宴請中華醫學會訪港代表團

會董會於二零二三年三月二日設宴招待中華醫學會訪港代表團，是時隔三年疫情後再次與中華醫學會會面。晚宴期間，兩會主要就未來的合作項目進行磋商，冀在來年重辦實體的交流及醫學進修活動。

會後，兩地醫學會亦有就學術交流、科技評審專家、期刊編委等事項積極聯絡。

### Innovation Collaboration Forum of Cross-strait & Hong Kong and Macau Medical Associations

In the past few years, all cross border medical exchanges have been halted due to COVID-19. With gradual normalization, we held an online forum in November 2022 with medical associations in Mainland China, Taiwan and Macau as initiated by the Chinese Medical Association. During the forum, medical experts shared their practices and experiences in epidemic prevention.

We shall hold the forum again with physical attendance in October 2023. Please watch out for details.

### Dinner reception for the delegation from Chinese Medical Association

On 2 March 2023, the Council hosted a dinner reception to receive the Chinese Medical Association (CMA) visiting delegation. This meeting marked the first encounter with the CMA after three years of the pandemic. During the event, the two parties deliberated on future cooperative projects, intending to re-establish physical exchanges and medical education activities in the coming year.

The two parties continued the dialogue on academic exchange, selection panel of Technology Awards and articles for medical journal from time to time.

## 會訊出版委員會 Newsletter Committee

楊協和醫生

Dr. YEUNG Hip Wo, Victor

《香港醫學會會訊》一直是我們與會員交流本會最新發展的重要媒介。透過《會訊》，我們定期發布最新的學會事務、政府政策、法律意見和執業資訊等消息。此外，《會訊》還為個別會員提供寶貴的資源和機會，例如職位空缺、合作機會、舖位出讓和辦公室租賃等，以支持會員的專業目標。

在過去的十二個月裏，會員們的支持和投稿有增無減。許多會員在飲食、寵物和旅遊三個專欄中分享了他們難忘的旅程和生活方式。鑑於讀者和作者的興趣遞增，我們可能考慮於《會訊》中加入新專欄以容納更多種類的文章。我們相信，這可能會為讀者帶來更大的多樣性和興趣。我謹代表委員會感謝為《會訊》作出貢獻的會員。

《會訊》亦不斷吸引新的廣告商推廣產品和服務。分類廣告和商業廣告欄目非常適合具不同促銷目標的會員和廣告商，涵括招聘、辦公室租賃至各種醫療相關產品和服務等。來年我們希望開拓更大的廣告市場。

作為新任編輯，我致力延續《香港醫學會會訊》的傳統，發揮其溝通橋梁的角色。我期待與委員會和會員的合作，確保《會訊》緊貼會員的需要，繼續為他們提供有價值的資訊和支持。

我們非常期待大家日後繼續支持《會訊》。會員如對《會訊》有任何意見，請電郵至 [editor@hkma.org](mailto:editor@hkma.org) 或 [hkmanews@hkma.org](mailto:hkmanews@hkma.org)。

The HKMA News has always been an essential medium to inform and engage our members on the latest developments in our association. Through this publication, we regularly communicate news and updates on the association's activities, government policies, legal advice, practice information and etc. Additionally, the newsletter offers valuable resources and opportunities to individual members, such as job postings, partnership prospects, and office space listings, that support members in their professional endeavours.

In the past twelve months, we have received an ever-increasing amount of support and contributions from our members. Many members shared their memorable journeys and lifestyle in the three columns – Food, Pets, and Travel. In view of the heightened interest from readers and authors, we may consider including new columns in the newsletter to house a variety of articles. We believe that this may provide greater diversity and interest to our readers. On behalf of the Committee, I would like to thank our members who have contributed to the News.

The HKMA News continues to bring new advertisers to the platform for product and service promotion. The Classified and Commercial Advertisement space is the best fit for members and advertisers with different promotional goals ranging from recruitment, office space listings, to a variety of medical-related products and services. We shall explore and expand the advertising market in the coming year.

Taking the role as the new Editor, I am committed to continuing the tradition of the HKMA News as a valuable communication channel for our members. I look forward to working with the Committee and our members to ensure that the HKMA News remains a success and continues to provide valuable information and support to our members.

We very much look forward to your continued support on the HKMA News in the future. Should you have any comment regarding the HKMA News, please write to [editor@hkma.org](mailto:editor@hkma.org) / [hkmanews@hkma.org](mailto:hkmanews@hkma.org)

委員會於二零一七年協助成立兒童家居呼吸支援會（支援會），在新冠疫情間一直協助該會的運作。香港醫學會慈善基金今年舉行的籌款音樂會甄選出支援會作為受惠機構，委員會將會協助支援會處理於七月舉行的慈善音樂會的工作事宜。

有關兒童家居呼吸支援會的最新動向，請瀏覽 [www.phress.org](http://www.phress.org) 本委員會將繼續支援該會的發展，並協助提高社會大眾對需要使用呼吸機的患者及家屬的了解和支援。

The Committee on Relationship with Patient Organizations assisted the establishment of Paediatric Home Respiratory Support Society (PHRESS) in 2017. During the COVID-19 pandemic, the Committee has worked closely with PHRESS and rendered supports in the operation. This year, the HKMA Charitable Foundation selected PHRESS as the beneficiary organization of the HKMA Charity Concert. The Committee will assist PHRESS to prepare for the concert which will be held in July.

If you want to know more about PHRESS, please visit [www.phress.org](http://www.phress.org). The Committee will continue to provide support to the development of PHRESS and raise public awareness among the users of home respirators and their families.

資訊科技日新月異，大大增加了生活上便利。香港醫學會在二零二二年八月推出了網站第一期加強版，使會員與公眾更輕鬆地搜尋所需要的資料。網站的第二期加強版將於今年內推出，主要優化持續醫學進修網頁功能，希望會員可以更方便、快捷、安全和準確地去管理自己的持續醫學進修活動。

資訊科技委員會在去年底落實了診所管理系統的更新計劃，今年內共召開了五次會議積極跟進有關工作。在二零二二年六月，該系統已新增了疫苗記錄及多重驗證以提高安全性。有關工作仍然繼續，預計於二零二三年第三季推出更多功能，以提升功能性及靈活性。敬請期待！

Technology changes rapidly and shapes the ways of living. To provide a better information searching experience to members and the public, the HKMA upgraded its website in August 2022. Further enhancement in CME portal of the website will be rolled out this year. Newly added features are designed to enable members to manage their CME activities in a more convenient, timely, safe and precise manner.

The IT Committee set down a plan to upgrade the HKMA Clinic Management System (CMS) last year. Five meetings were held in 2022 to follow up the upgrade plan and monitor the progress. In June 2022, new functions of vaccination record and multi-factor authentication were launched for the use in the system. It is expected that the revamp will be continued in Q3 of 2023 with higher functionality and flexibility. Please look forward to the launch!

隨著疫情緩和，社交距離措施放寬，康樂及文化委員會為會員及其家屬和朋友陸續恢復籌辦活動。

攝影比賽因疫情關係，過去三年均以網上形式進行。今年終於可以在現場進行即時評分，會員們又能共聚一堂互相交流攝影心得。攝影會於每季發出電子雜誌，並輔以特別通告，向會員提供最新的展覽及醫學會活動資訊。攝影會更於醫學會灣仔會所設立了圖書館，讓會員分享他們和著名攝影師的相集。

2023 1st Seasonal Photo Competition & Sharing Session

With the lift of social distancing measures, the Recreational and Cultural Committee has resumed activities for members, so as to bring members together again.

The Photo Photographic Society (HKMAPS) under the Recreational and Cultural Committee resumed the Photo Competitions with physical attendance. To keep the HKMAPS members updated with the latest photographic exhibitions and information of our activities, a quarterly e-Newsletter was issued, supplemented by ad hoc notices. The HKMAPS also set up a library in the HKMA Wanchai Clubhouse for members to share their works and those of well-known photographers.

此外，香港醫學會及香港眼科學會於二零二二年十二月十六日合辦電影分享會《一路瞳行》，吸引超過一百名會員及親友出席電影欣賞會。電影導演朱鳳嫻女士更出席分享環節，與觀眾交流電影拍攝故事。

Besides, the film appreciation "Sunshine Of My Life" co-organized by The Hong Kong Medical Association and The Hong Kong Ophthalmological Society was successfully held on 16 December 2022. More than one hundred doctors and their friends enjoyed the movie. The film director, Miss Judy Chu Fung Han was invited for sharing.

陳厚毅醫生、黎榮謙醫生、李鍵穎醫生、馬思特醫生及楊協和醫生

Dr. CHAN Hau Ngai, Dr. LAI Wing Him, Dr. LEE Kin Wing, Dr. Marcus M. MARCET and Dr. YEUNG Hip Wo, Victor

隨著社交距離措施的放寬，我們多個體育活動正在逐步籌備中。疫情期間，我們的運動員仍不忘自行練習，以保持他們的最佳表現。在香港專業團體康體會比賽中，運動員的表現出色，在今屆高爾夫球賽事中，勇奪冠軍。此外，在男、女子排球賽事名列第三。萬眾期待的毅行者活動今年復辦，香港醫學會隊伍在比賽時間和籌款數目也取得佳績。除了一些常見的運動，今年香港醫學會成立了 HYROX 隊伍，四名運動員在五月十三日參與體能耐力賽「HYROX」香港站。期望我們的運動員能獲取佳績！去年各項比賽成績已列於附錄 E 以供參考。

With the relaxing social distancing measures, our sports activities are resuming gradually. During the COVID-19 pandemic, our sportsmen and sportswomen have kept themselves physically active and fit by self-training. Our Golf Team clinched the championship of Hong Kong Recreation and Sports Club for Professional Bodies Tournaments. The HKMA Men's and Women's Volleyball teams came third of Recreational and Sports Club for Hong Kong Professional Bodies (RSCP) Tournaments. Our Trailwalker Team members celebrated their return to the trail with outstanding time record and funds raised. This year, a new sports team in emerging sports has been added - HYROX Team. Four members of the team participated in the "HYROX"- Hong Kong station on 13 May 2023. Top score, the HKMA HYROX Team! More information on sports race results in Appendix E!

來年，我們將陸續恢復舉辦各項運動及訓練課程，包括運動會、游泳晚會及運動會等賽事。屆時，各運動員與隊友、朋友們可聚首一堂，互相切磋技能，增進友誼。期望在未來有更多年青醫生、醫科學生參與各類型比賽，讓醫學界的體育精神繼續燃燒，薪火相傳。

In the coming year, HKMA tournaments and events including Sports Day, Swimming Gala and Sports Night are all on the line. While we look forward to seeing sportsmen and sportswomen in these events, we also welcome more young doctors and medical students in joining various teams.

## 青年委員會 Youth Committee

陳子泰醫生、冼健文醫生、黃樂孺醫生及楊協和醫生

Dr. CHAN Tsz Tai, Dr. SIN Kin Man, Dr. WONG Lok Yu and Dr. YEUNG Hip Wo, Victor

近年香港人口變化急速，令年青一代面臨不少挑戰，醫學界也不例外。作為有超過一萬三千名會員的大型醫生組織，香港醫學會一直注重青年和學生會員工作。二零二二/二三年，青年委員會因應醫學會的年度目標，特別加強了青年會員的工作，推出了多項活動予青年會員參加。

鑑於當時新冠疫情仍未退卻，二零二二年的「職業講座」仍以線上舉行，但卻成功吸引近三百位醫科學生參加。委員會邀請了不同專科的講者通過 Zoom 與我們的學生會員分享他們在專業範疇的寶貴經驗。

In recent years the changing population demographics have posed challenges to the younger generations, the medical sector is of no exception. As an organisation with more than 13,000 members from the medical sector, the HKMA sees a need to work closely with our young and student members. In 2022/23, in echoing the Council's initiatives, the Youth Committee has rolled out a variety of activities to engage young members.

Career Seminar 2022 was held in virtual mode for our student members in view of COVID-19. The seminar has successfully attracted around 300 medical students. Distinguished speakers were invited to share their experiences on their professional development and career growth via Zoom.

隨社交距離措施的逐步放寬，醫學生附屬委員會在二零二二年十二月舉辦了實體工作坊，內容包括泌尿和放射科的知識，提供了機會予學生會員實踐技術。

With the relaxed social distancing measures, Medical Students Subcommittee (MSS) under the Youth Committee was able to organize in-person workshops in December 2022 to introduce important clinical skills to student members. The workshops covered knowledge in foley insertion and CT abdomen & pelvis; it also provided students with an opportunity for hands-on practical learning.

## 同心同行 “Stronger Together!”

此外，委員會於二零二三年三月及四月與聖雅各福群會及醫學會醫生義工一起舉辦露宿者探訪服務。於探訪期間，團隊提供了一些與他們生活息息相關的主題健康教育，例如皮膚問題、足部問題等等。

Moreover, the MSS held a homeless visit service in March and April 2023 with St. James Settlement and HKMA doctor volunteers. As part of the visit, the team provided some health education for the homeless that was of particular importance to them, such as skin problems, foot problems and so on.

除了向年青會員提供有關專業發展的活動，委員會舉辦了分別以個人和家庭為單位的閒暇活動，其中包括二零二三年四月首次與香港救兔之家合辦的盡責小主人工作坊、社交美食活動及咖啡拉花工作坊。

In addition to the activities catering for career development of the young members, the Youth Committee has organised events in promoting personal and family wellness. For the first time, the Committee co-joined a Rabbit Care Workshop with Hong Kong Bunny Rescue in April 2023 for doctor members and their families. Also, a Networking Gastronomy Event and Latte Art Workshop were held for members to meet and connect with others in a leisure setting.

More activities will be open to young doctors and medical students!

關注醫療保險委員會 Task Force on Medical Insurance Concerns

曹忠豪醫生及楊協和醫生

Dr. TSO, Raymond and Dr. YEUNG Hip Wo, Victor

關注醫療保險委員會收到一名會員的來信，詢問關於自願醫保計劃的保障範圍和不保項目。同時，委員會成員亦察覺到，投保前已有病症而被拒絕投保申請的個案有上升趨勢，尤其是年長人士和精神病患者。因此，委員會決定去信自願醫保計劃辦事處，表達有關觀察和疑慮，並要求他們澄清自願醫保計劃的設計，尤其是關於已有病症部分。

自願醫保計劃辦事處回復指「……保險公司可就所有認可產品的投保申請進行核保程序，並可在接受申請時收取附加保費及 / 或加入個別不保項目條文、拒絕投保申請，或因資料不足而押後處理申請。為了保障消費者的最佳利益，保險公司必須恪守自願醫保計劃下保險公司的實務守則。辦事處也會對保險公司的個案進行合規檢查……」。

會員如對醫療保險計劃有其他問題或意見，可向本委員會提出，我們會向有關方面反映。

The Task Force has received an enquiry from a member regarding the coverage and exclusions of voluntary health insurance scheme (VHIS). Moreover, members of the Task Force observed an increasing trend that people with pre-existing conditions were unable to get insured or denied compensation, in particular the aged and people with mental illnesses. As such, it was decided to write to the VHIS Office expressing our observations and concerns and asking them to clarify the original intent of VHIS, particularly regarding pre-existing conditions.

In its reply, the VHIS Office stated that “.....VHIS Providers are allowed to carry out medical underwriting, or to impose premium loading and/or case-based exclusion(s) when accepting an application, to decline an application, or to postpone handling of an application due to incomplete information. In order to safeguard the best interest of the consumers, VHIS Providers are required to strictly comply with a set of scheme rules including Code of Practice under the ambit of VHIS. VHIS Office also conducts compliance inspections on cases handled by VHIS Providers.....”

If members have other questions or opinions on VHIS, you are welcome to write to the Task Force and we would approach relevant parties.

### 醫院管理局 — 香港獅子會眼庫董事會 Hospital Authority – The Lions Eye Bank of Hong Kong – Board of Director

林敬德醫生

Dr. LAM King Tak, Douglas

香港獅子會眼庫是國際獅子總會中國港澳三零三區的聯屬團體，由一羣有心的獅子會員和眼科專科醫生組成的。在二零二二年十一月二十二日慶祝成立六十週年暨二零二二至二零二四職員就職典禮及晚宴。承蒙行政會議成員兼港區全國政協委員高永文醫生、冼健珉總監、楊偉誠前總監、愛心大使麥美燕女士和各位嘉賓百忙之中抽空出席主禮。

過去六十年，眼庫一直以助人重見光明為宗旨，進行有質素的服務。

在二零二三年一月十四日，第五分區舉辦的《獅心銀髮同樂日》，眼庫是其中一個支持機構。當天有十位專業的眼科醫生帶同專門的驗眼器材，聯同眼庫委員為超過一百二十位「老友記」檢查眼睛。「老友記」都會經過三位醫生細心地作出問診、視力測試、眼球壓力測試、眼睛裂隙燈檢查和評估。檢查完成後更得到優質的眼藥水作禮物。

眼庫主席鄭澤鈞醫生更為「老友記」提供一個講座關於眼睛常見的問題和怎樣保護眼睛。活動非常有意義和成功。

The Lions Eye Bank of Hong Kong (Eye Bank) is an affiliated organization founded by the Lions Clubs International District 303 – Hong Kong & Macau, China, consisting of a group of dedicated Lions Clubs members and ophthalmologists. On 22 November 2022, the Eye Bank held the 60th Anniversary Celebration Dinner cum 2022-2024 Inauguration Ceremony. It was our honour to have Dr. KO Wing Man, member of the Executive Council and the Standing Committee of the National Committee of the Chinese People's Political Consultative Conference, Mr. SHIN Kin Man, Henry, District Governor, Mr. Frankie YEUNG, former District Governor, Ms. MY MAK, our Ambassador, and other prestigious guests attending the ceremony despite their busy schedules.

Over the past 60 years, the Eye Bank has been dedicated to bringing hope and light to the visually impaired and providing high-quality services.

On 14 January 2023, Region V held the "Fun Day for Elderly", and the Eye Bank was one of the supporting organizations. At the event, ten ophthalmologists brought specialized eye examination equipment and, together with the Eye Bank Committee, provided eye checkups for over 120 elderly. The elderly went through careful consultation, eyesight tests, intraocular pressure tests, slit-lamp examination and evaluation by three doctors. They also got high-quality eye drops as gift afterwards.

Dr. CHENG Chak Kwan, Arthur, Chairman of The Lions Eye Bank of Hong Kong, also delivered a lecture to the elderly on common eye problems and eye care. The event was very meaningful and successful.

年度慈善音樂會

原定每年一度的慈善音樂會自二零二零年起因受疫情影響被迫延期。有鑑於今年疫情漸趨穩定，闊別三年的慈善音樂會將於二零二三年七月十六日假香港浸會大學大學堂舉行。是次音樂會將為「兒童家居呼吸支援會」籌募經費。一如以往，所得善款將不扣除任何成本，全數用於加強社會大眾對需要長期在家使用呼吸機兒童的了解和關注，並提升患者及其家屬的生活質素。

Annual Charity Concert

The Annual Charity Concert has been postponed since 2020 due to the COVID-19 pandemic. In view of gradual normalization this year, the Annual Charity Concert will resume after a three-year hiatus and will be held on 16 July 2023 at the Academic Community Hall, Hong Kong Baptist University. This year, the Paediatric Home Respiratory Support Society is our beneficiary. All funds raised will be used for increasing public awareness on the children who need home ventilation support and improving the quality of life of the families.

土耳其及敘利亞地震

二零二三年二月六日，一場七點八級大地震重創土耳其及敘利亞邊境，其後更錄得過百次餘震，造成大量建築物損毀和嚴重傷亡。地震造成估計超過四萬五千人死亡，無數居民受災情影響及痛失家園。慈善基金遂決定向香港紅十字會捐出港幣十萬元正，支持他們在災區的緊急救援工作，包括派遣區域賑災工作組人員，醫護義工及採購賑災物資。

Support Relief Efforts in Türkiye-Syria Earthquake 2023

On 6 February 2023, a 7.8 magnitude earthquake struck Türkiye and the border of Syria. Hundreds of aftershocks have been recorded afterwards, causing building damage and severe casualty. The death toll was believed to be over 45,000 and countless people were made homeless. The Foundation resolved to donate HK\$100,000 to Hong Kong Red Cross to support their relief efforts in Türkiye and Syria, which included deployment of Disaster Response Team, medical volunteers, and procurement of relief materials.

### 目標與政策

本會在推行各項外務及內務工作時，旨在提高可持續性，並向會員宣揚可持續發展及環境保護訊息。為達致可持續及環境績效改善，本會將推行下列政策，包括：

1. 提高對氣候、氣體排放和環境保護問題的意識；
2. 提高大眾對氣候變化帶來的健康影響的關注；
3. 於本會所實施更有效運用能源措施；
4. 於本會秘書處減少耗用紙張；
5. 盡量使用可循環再用之物料；
6. 推行可持續會所管理；
7. 鼓勵使用公共或共享交通工具；
8. 提高員工環保意識；
9. 支持綠色採購，並在合適情況下採用最可行的環保技術，保護天然資源；及
10. 辦公室推行休閒服飾政策，以減少因過度使用冷氣導致的碳排放

### 現行環保措施

#### 與環保團體合作

與低碳想創坊等環保組織會面，討論大眾關注的氣候影響健康問題。

#### 有效運用能源

為了致力節約能源，本會秘書處員工均自律地減少用電，例如於毋須使用時關掉電燈及冷氣機。秘書處使用的空調系統保持在 24°C 的範圍內，並具有一級能源效益標籤，善用地球資源。

#### 減少耗用紙張

為了向公眾傳達健康訊息及增加與會員的溝通，本會必須定時印刷宣傳品及會訊，然而我們亦實行以下措施，以求減少耗紙量：

- 向會員推廣電子版刊物，現時持續醫學進修專訊的印刷量已大幅減少七成半
- 本會大部份刊物及會員資訊均已刊於本會網頁或面書專頁供會員查閱
- 鼓勵使用電子郵件作溝通媒介
- 縮減印刷宣傳品之印刷數量及大小及
- 雙面使用紙張，以免浪費

#### 推行可持續會所管理

本會兩所會所餐廳均提供素菜餐單，推廣綠色飲食，嚴格執行「無魚翅」政策。此外，兩所會所餐廳亦安裝了隔油池，分隔日常運作所產生的廢水中之油污。另外亦逐漸以具能源效益的器具取代舊設備。外賣用之餐盒可重用及回收。

#### 提高員工對氣候及環保問題的意識

秘書處定時提醒員工注意各種可持續發展及環境問題，同時很高興看到員工主動收集可回收物料，並參與政府的「綠在區區」計劃。

#### 在合適情況下，採用最可行的環保技術，保護天然資源

新設電子會員卡，減少製造塑膠實體卡。

#### 辦公室推行休閒服飾政策，避免過度使用冷氣

本會秘書處推行休閒服飾政策，職員可穿便服上班，室內冷氣可調校至舒適及符合能源效益的溫度。

#### 整體表現

持續醫學進修專訊的整體製作及郵遞費用大幅下調超過 30%。通過「綠在區區」計劃獲得積分，提高員工減廢意識。

醫學會秘書處將繼續實行各項環保措施，為保護環境出一分力。

### Aim and Strategy

The aim of the Association is to devise internal and external strategies to become more sustainable and promote sustainability and environmental protection among members. In achieving sustainable and environmental performance improvement, the HKMA will:

1. Enhance awareness on climate, gas emission and environmental protection issues;
2. Raise concerns on health effects of climate change;
3. Enhance the efficiency of energy consumption in the HKMA premises;
4. Decrease the consumption of paper in the HKMA office;
5. Use of re-cycled materials whenever possible;
6. Promote sustainable clubhouse practice;
7. Encourage the use of public or shared transport;
8. Embrace green purchasing practices and adopt best practicable technologies to conserve natural resources where applicable; and
9. Maintain casual office attire policy to reduce carbon emission caused by excessive air-conditioning.

### The Implemented Environmental Protection Strategies

#### Collaboration with Environmental Groups

Meeting with environmental groups such as Carboncare Innolab to discuss common concerns in health effects of climate.

#### Enhance the efficiency of energy consumption

The Secretariat continues to save energy by ensuring that staff have developed a habit of switching off light and air conditioning immediately after use. Air conditioning systems are kept in the range of 24°C. Continue to use appliances with Grade 1 energy label to ensure efficient use of energy.

#### Decrease Consumption of Paper

Despite printing of promotional materials to promote health messages to the public and regular newsletters and bulletins for communication with members, the following ways and means are applied to decrease the consumption of paper:

- Promote e-CME Bulletin to members, the quantity of printed copies was cut by 75%;
- Put the information on our Association's website and Facebook Page for reference;
- Encourage the use of electronic media as the primary means of communication;
- Decrease the size and number of printed materials and brochures; and
- Print double-sided and use re-cycled printing papers to reduce paper usage

#### Promote sustainable clubhouses

Added vegetarian dishes in the menu to promote green eating. Enforce strictly "No Shark Fin" policy. Grease trap treatment systems are equipped at both clubhouse restaurants to separate oil and grease in wastewater arising from normal operations of restaurants and food processing. Old electrical equipment were being phased out and replaced by energy efficient models. Reusable and recyclable containers are used for takeaways.

#### Enhance awareness on climate and environmental issues in office

The Association reminds staff and members regularly on the various sustainability and environmental issues. It is glad to note that our staff take the initiative to collect recyclable materials and take part in the Government "Green Community" Project.

#### Adopt best practicable technologies to conserve natural resources where applicable

Introduction of e-membership cards to reduce production of plastic membership cards.

#### Reduce excessive air-conditioning by implementing casual office attire policy

The Association implemented casual office attire policy for staff at the Secretariat. Air-conditioning can be maintained at an environment-friendly level.

#### Outcome

The overall production and mailing cost of the CME Bulletin was decreased by >30%. Points earned with the "Green Community" Project. Raised awareness of staff in waste reduction.

The Association shall continue to promote the various environmental protection policies in the future.

# INDEPENDENT AUDITOR'S REPORT

## TO THE MEMBERS OF THE HONG KONG MEDICAL ASSOCIATION

(incorporated in Hong Kong and limited by guarantee)

### OPINION

We have audited the financial statements of The Hong Kong Medical Association (the "Association") set out on pages 65 to 84, which comprise the statement of financial position as at 28 February 2023, and the statement of comprehensive income and the statement of changes in funds and the statement of cash flows for the year then ended, and notes on the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Association as at 28 February 2023, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

### BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Association in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### OTHER INFORMATION

The council members are responsible for the other information. The other information comprises all the information included in the report of members of council but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### RESPONSIBILITIES OF COUNCIL MEMBERS FOR THE FINANCIAL STATEMENTS

The council members are responsible for the preparation of financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance and for such internal control as the council members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the council members are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the council members either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

The council members are responsible for overseeing the Association's financial reporting process.

# INDEPENDENT AUDITOR'S REPORT

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the council members.
- Conclude on the appropriateness of the council members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the council members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# NOTES ON THE FINANCIAL STATEMENTS

## 1. STATUS OF THE ASSOCIATION

The Hong Kong Medical Association (“the Association”) was incorporated in Hong Kong on 15 June 1960 as a company limited by guarantee incorporated in Hong Kong. Every member of the Association undertakes to contribute, if required, an amount not exceeding HK\$20, to the assets of the Association in the event of its being wound up. The address of the Association’s registered office is 5/F., Duke of Windsor Social Service Building, 15 Hennessy Road, Hong Kong.

The Association is engaged in the promotion of the welfare and the protection of the lawful interests of the medical profession.

The financial statements are presented in Hong Kong dollars which is the same as the functional currency of the Association.

## 2. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

The Hong Kong Institute of Certified Public Accountants (“HKICPA”) has issued a new and a number of amendments to HKFRSs that are first effective for the current accounting period of the Association. The Association consider these standards, amendments and interpretations have no material impact on the Association’s financial statements.

The Association has not applied any new standard or interpretation that is not yet effective for the current accounting period (see note 30).

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

### a) Basis of preparation:

These financial statements have been prepared in accordance with all applicable HKFRSs (which includes all applicable Hong Kong Accounting Standards) issued by the HKICPA and accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance. They have been prepared under historical cost convention, except for financial asset at fair value through other comprehensive income, which have been measured at fair value.

### b) Foreign currency translation:

#### i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Association operates (the “functional currency”). The financial statements are presented in Hong Kong dollars, which is the Association’s functional and presentation currency.

#### ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

### c) Property, plant and equipment:

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of comprehensive income in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of the property, plant and equipment, the expenditure is capitalized as an additional cost of that asset.

Depreciation on property, plant and equipment is calculated on the straight-line basis to write off the cost over their estimated useful lives and after taking into account their estimated residue values, where appropriate, as follows:

Leasehold land and building/building	over the remaining unexpired terms of the leases
Furniture and fixtures	10% per annum
Computer equipment	20% per annum

The assets’ residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset’s carrying amount is written down immediately to its recoverable amount if the asset’s carrying amount is greater than its estimated recoverable amount.

## NOTES ON THE FINANCIAL STATEMENTS

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### d) **Investment property:**

Investment property, which is property held to earn rentals and/or for capital appreciation, is stated at cost less accumulated depreciation and any accumulated impairment loss. Depreciation is provided to write off the cost of investment property using the straight-line method over the remaining terms of the lease.

#### e) **Impairment of assets:**

##### i) **Impairment of non-financial assets**

At the end of each reporting period, an assessment is made of whether there is any indication of impairment of any asset, or whether there is any indication that an impairment loss previously recognised for an asset in prior years may no longer exist or may have decreased. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

A previously recognised impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount for the asset, however not to an amount higher than the carrying amount that would have been determined (net of any depreciation), had no impairment loss been recognised in prior years.

##### ii) **Credit losses and impairment of financial assets:**

The Association recognises a loss allowance for expected credit losses ("ECLs") on financial assets measured at amortised cost (including accounts receivable).

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the company in accordance with the contract and the cash flows that the Association expects to receive).

Loss allowances for receivables are always measured at an amount equal to lifetime ECLs based on the Association's historical credit loss experience, adjusted for factors that are specific to debtors and the current and forecast general economic conditions at the end of the reporting period.

Lifetime ECLs are losses that are expected to result from all possible default events over the expected lives of the financial assets.

#### f) **Inventories:**

Inventories comprise publications, souvenir and beverage held for sale and are stated at the lower of cost and net realisable value. Costs, which comprises all cost of purchase and, where applicable, costs of conversion and other costs that have incurred in bringing the inventories to their present location and condition, is calculated on the first in first out basis. Net realisable value is determined on the basis of anticipated sales proceeds less estimated selling expenses.

#### g) **Receivables:**

A receivable is recognised when the Association has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Association has an unconditional right to receive consideration, the amount is presented as a contract asset (see note 3(r)).

Receivables are stated at amortised cost using the effective interest method less allowance for credit losses (see note 3(e)(ii)).

#### h) **Payables:**

Payables are initially measured at fair value and, after initial recognition, at amortised cost, except for short-term payables with no stated interest rate and the effect of discounting being immaterial, that are measured at their original invoice amount.

#### i) **Cash and cash equivalents:**

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Association's cash management.

#### j) **Designated donations/contributions and related expenditures:**

Designated donations/contributions received are credited directly to the respective funds. Expenditures are charged to these funds where appropriate.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### k) **Deferred income tax:**

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

#### l) **Investments in equity instruments:**

Investments in equity securities are recognised and derecognised on the date when the Association commits to purchase or sell the investments. The investments are initially stated at fair value plus transaction costs. These investments are subsequently accounted for as follows:

An investment in equity instrument is classified as fair value through profit or loss (FVTPL) unless they are not held for trading purposes, on initial recognition of the investment, the association makes an election to designate the investment at FVOCI (non-recycling). When the investment is derecognised, the changes in fair value accumulated in fair value reserve is transferred to general fund and not recycled through surplus or deficit.

#### m) **Operating leases:**

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged or credited to the statement of comprehensive income on a straight-line basis over the period of the lease.

#### n) **Revenue:**

Donation income is recognised on a cash received basis.

Rental income is recognised in the year on a straight-line basis over the lease terms.

Dividend received from listed investments is recognised when the right to receive payment is established.

Interest income is recognised as it accrues using the effective interest method.

The recognition of revenue from contracts with customers is based on the performance obligations identified in the contracts. Revenue is recognised when (or as) the Association satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer who obtains the control of the asset:

- i) Membership and subscription fees are recognised over time on a straight-line basis over the subscription period as the customers simultaneously receive and consume the benefits of goods or services provided by the Association.
- ii) Entrance fees are recognised at a point in time on approved of status to the applicants.
- iii) Admission fees income are recognised when the related functions are performed.
- iv) Advertisement income is recognised when the related advertisements have been published.
- v) Sales of wine, beverages, food and souvenirs are recognised at a point in time when the delivery is made.
- vi) Retention fees on sales of food are recognised when related sales are recognised.
- vii) Commission and administration fee income are recognised in the year in which the services are rendered.
- viii) Income from seminars courses and activities is recognised over time as the services are rendered.

#### o) **Related parties:**

a) A person, or a close member of that person's family, is related to the Association if that person:

- i) has control or joint control over the Association;
- ii) has significant influence over the Association; or
- iii) is a member of the key management personnel of the Association or the Association's parents.

b) An entity is related to the Association if any of the following conditions applies:

- i) the entity and the Association are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- iii) both entities are joint ventures of the same third party.
- iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- v) the entity is a post-employment benefit plan for the benefit of employees of either the Association or an entity related to the Association.
- vi) the entity is controlled or jointly controlled by a person identified in (a).

# NOTES ON THE FINANCIAL STATEMENTS

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### **o) Related parties: (cont'd)**

- b) An entity is related to the Association if any of the following conditions applies: (cont'd)
  - vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
  - viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the group or to the group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

### **p) Employee benefits:**

Salaries, annual leave and other costs of non-monetary benefits are accrued and recognised as an expense in the year in which the associated services are rendered by employees of the Association.

The Association's contributions to the mandatory provident fund scheme and the defined contribution retirement scheme are expensed as incurred. Contributions to the defined contribution retirement scheme are reduced by contributions forfeited by those employees who leave the scheme prior to vesting fully in the contributions. The assets of both schemes are held separately from those of the Association in independently administered funds.

### **q) Provisions:**

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of comprehensive income.

### **r) Contract assets and contract liabilities:**

A contract asset is recognised when the Association recognises revenue (see note 3(n)) before being unconditionally entitled to the consideration under the payment terms set out in the contract. Contract assets are assessed for expected credit losses (ECL) in accordance with the policy set out in note 3(e)(ii) and are reclassified to receivables when the right to the consideration has become unconditional (see note 3(g)).

A contract liability is recognised when the customer pays non-refundable consideration before the Association recognises the related revenue (see note 3(n)). A contract liability would also be recognised if the Association has an unconditional right to receive non-refundable consideration before the Association recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see note 3(g)).

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

## 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Association makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Useful lives of property, plant and equipment

The Association's management determines the estimated useful lives and related depreciation charges for its property, plant and equipment. This estimate is based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. It could change significantly as a result of technical innovations and competitor actions in response to severe industry cycles. Management will increase the depreciation charge where useful lives are less than previously estimated lives, or it will write-off or write-down technically obsolete or non-strategic assets that have been abandoned or sold.

## 6. INVESTMENT PROPERTY (CONT'D)

Note:

- 1) The investment property is held in Hong Kong on long lease and is located at Flat 1, 6<sup>th</sup> Floor, Wyndham Mansion, 32 Wyndham Street, Hong Kong.

The investment property is leased to third parties on operating leases. The fair value of the property at 28 February 2023 assessed by the council members is HK\$10,072,292 (2022: HK\$12,526,916) which is based on open market value of similar properties.

### Fair value measurement of property

- i) Fair value hierarchy

The following table presents the fair value of the Association's investment property measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

Recurring fair value measurement	Fair value measurements as at 28 February 2022 categorised into

## NOTES ON THE FINANCIAL STATEMENTS

### 24. TAXATION

- i) No provision for Hong Kong profits tax has been made in these financial statements as the Association has tax loss brought forward from prior year which exceeds the estimated assessable profit for the year ended 28 February 2023 (2022: No provision for Hong Kong profits tax has been made in these financial statements as the Association sustained a loss for tax purpose for the years ended 28 February 2023 and 2022).
- ii) The income tax expense for the year can be reconciled to the (deficit)/surplus before taxation per the statement of comprehensive income as follows:

	2023	2022
	HK\$	HK\$
(Deficit)/surplus before taxation	(248,021)	729,656
Tax calculated at normal income tax rate of 16.5% (2022: 16.5%)	(40,923)	120,393

- iii) Provision for deferred tax has not been provided in the financial statements as the effect of all temporary differences is not material.

At the end of the reporting period, the Association has unused tax losses of HK\$18,809,787 (2022: HK\$18,912,997) available for offset against future profits. No deferred tax assets has been recognised in respect of such losses due to the unpredictability of future profits streams.

### 25. FUNDS

The amounts of the Association's funds and the movements therein for the current and prior years are presented in the statement of changes in funds on page 68 of the financial statements.

Note: According to a Special Resolution passed on 21 July 2005, it was resolved that the annual surplus of the Association be transferred to a special account and that when the balance of this special account is sufficient to offset the subscriptions receivable for the following year, an amount equivalent to the subscriptions receivable in that year be transferred from this account to the Annual Subscription account of the relevant year.

The amount of HK\$4,223,879 (2022: HK\$5,097,256) which is included in general fund transferred to special fund and represents as follows:

# NOTES ON THE FINANCIAL STATEMENTS

## 27. FINANCIAL INSTRUMENTS (CONT'D)

### 27B. FINANCIAL RISK MANAGEMENT AND FAIR VALUE ESTIMATION

The main risks arising from the Association's financial instruments are interest rate risk and credit risk and liquidity risk. The council members reviews and agrees to policies for managing each of these risks and they are summarised below:

#### a) Financial risk factors:

##### 1) Foreign currency risk

The Association is exposed to foreign exchange risk arising from United States dollars and Renminbi ("RMB") exposure. Foreign exchange risk mainly arises from the Association's recognised assets as disclosure in note (9).

Hong Kong dollars are pegged to the United States dollars and the foreign exchange exposure between them are considered limited.

HKD/RMB fluctuated from 1.2384 to 1.1321 during the year ended 28 February 2023, resulting in an exchange loss of HK\$1,523,389 (see note 12) (2022: Exchange gain of HK\$1,053,595 (see note 11)).

#### Sensitivity analysis

As at 28 February 2023, it is estimated that a general increase/decrease of 5 percent in RMB, with all other variables held constant, would decrease/increase the Association's deficit for the year by approximately HK\$163,009 (2022: increase/decrease the surplus by HK\$720,607).

The sensitivity analysis has been determined assuming that the change in foreign exchange rates had occurred at the end of the reporting period and had been applied to the Association's exposure to currency risk for both derivative and non-derivative financial instruments in existence at that date, and that all other variables, in particular interest rates, remain constant.

The stated changes represent management's assessment of reasonably possible changes in foreign exchange rates over the period until the end of next annual reporting period. In this respect it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies. The analysis is performed on the same basis for 2022.

##### 2) Credit risk

The Association's maximum exposure to credit risks in the event of the counterparties failure to perform their obligations as at 28 February 2023 in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the statement of financial position.

As at 28 February 2023 and 2022, the financial assets of the Association that were exposed to credit risk and their maximum exposure were as follows:

	2023		2022	
	Carrying amount in the statement of financial position HK\$	Maximum exposure to credit risk HK\$	Carrying amount in the statement of financial position HK\$	Maximum exposure to credit risk HK\$
<b>Financial assets</b>				
Utility and other deposits	139,367	139,367	139,287	139,287
Amount due from a related company	6,473	6,473	-	-
Sundry receivables	2,936,487	2,936,487	3,649,144	3,649,144
Cash and bank balances	54,193,719	54,193,719	40,851,503	40,851,503
	57,276,046	57,276,046	44,639,934	44,639,934

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings. The Association performs individual evaluations on all customers based on the customer's past payment history when due, and take into account information specific to the customers as well as pertaining to the economic environment in which the customer operates. Based on experience, existing market conditions as well as forward looking estimates, management is of the opinion that no charge for impairment is necessary in respect of these balances as there has not been a significant change in credit quality of these parties and the balances are still considered fully recoverable. The Association does not hold any collateral over these balances.

### 27B. FINANCIAL RISK MANAGEMENT AND FAIR VALUE ESTIMATION (CONT'D)

#### a) Financial risk factors: (cont'd)

##### 3) Liquidity risk

The Association's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserve of cash to meet its liquidity requirements in the short and longer terms.

The following table details the remaining contractual maturities at the end of the reporting period of the Association's financial liabilities, which are based on contractual undiscounted cash flows and the earliest date the Association can be required to pay:

	35,870,595	35,870,595	35,870,595

##### 4) Price risk

The Association is exposed to equity security price risk on fair value through other comprehensive income. The fair value adjustment will be affected either positively or negatively, amongst others, by the changes in stock price. The Association's equity price risk is mainly concentrated on equity instruments quoted in the Stock Exchange in Hong Kong. The management manages the exposure to price risk by maintaining a portfolio of investments with different risk and return profiles.

## 27. FINANCIAL INSTRUMENTS (CONT'D)

### 27B. FINANCIAL RISK MANAGEMENT AND FAIR VALUE ESTIMATION (CONT'D)

#### b) Fair value:

##### i) Financial assets and liabilities measured at fair value

The following table presents fair value of Association's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-levels fair value hierarchy as defined in HKFRS 13, Fair value measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuation: fair values measured using only level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at measurement date.
- Level 2 valuation: fair values measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1 and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuation: fair values measured using significant unobservable inputs.

	Fair value measurements as at 28 February			Total fair value at 28 February	Valuation technique and key input
	Level 1	Level 2	Level 3		
	HK\$	HK\$	HK\$	HK\$	
<b>2023 Assets</b>					
Financial assets at FVOCI	15,928,750	-	-	15,928,750	Quoted bid price in an active market
	Fair value measurements as at 28 February			Total fair value at 28 February	Valuation technique and key input
	Level 1	Level 2	Level 3		
	HK\$	HK\$	HK\$	HK\$	
<b>2022 Assets</b>					
Financial assets at FVOCI	13,436,643	-	-	13,436,643	Quoted bid price in an active market

During the year, there were no significant transfers between instruments in Level 1 and Level 2.

##### ii) Fair values of financial instruments carried at other than fair value

The council members consider that all of the other financial assets and liabilities are carried at amounts not materially different from their fair values as at 28 February 2023 and 2022.

## 28. RELATED PARTY TRANSACTIONS

- Key management personnel compensation: HK\$Nil (2022: HK\$Nil).
