使命

OUR PURPOSE

香港醫學會成立於一九二零年，匯聚了在香港執業、服務市民的會員醫生，我會的宗旨為促進醫學界的福祉及提升市民的健康水平。香港醫學會現有 10,000 多名來自醫學界各方的成員，是醫學界同業的喉舌，同時為會員傳遞來自世界各地的訊息，包括醫學上的專業操守以及各項醫學課題的最新資訊。

香港醫學會會徽誌有箴言：「維護民康」，以此表彰照顧病人是醫生的天職，醫學會並以倡導此信念為傲。

The Hong Kong Medical Association, founded in 1920, brings together all medical practitioners practising in, and serving the people of, Hong Kong. Its objective is to promote the welfare of the medical profession and the health of the public. With the current membership of over 10,000 from all sectors of medical practice, it speaks collectively for its members and aims to keep its members abreast of medical ethics and issues around the world.

The Association takes pride in displaying in its emblem its motto in Chinese which translates into **“to safeguard the health of the people”** to pronounce sacred duty of a medical practitioner to look after his/her patients.

會長的話 Message from the President

蔡堅醫生
Dr. CHOI Kin

服務醫學會二十三載

一九八七年，我獲梁智鴻醫生提名並成功當選香港醫學會會董。直至二零二二年六月底，我便為醫學會服務了二十三年，期間擔任了十年的會長、六年的前任會長、以及七年的會董。除了診所和住處外，醫學會的灣仔會所便是我最常去的地方。

一九九七年以前，醫學會多次到訪北京與內地政府商討有關基本法和專業自主問題。其時年資尚淺的我，當然只是個旁觀者，藉機遊覽北京市和萬里長城。重要事情當然是由鄺維庸醫生和梁智鴻醫生處理。

我從勞永樂醫生手上接棒會長之職，最主要目的是服務醫學界。當政府服務及政策有需要改善的地方，我會勇於發聲。我最關心的是醫生和病人的福祉。

所以我很鼓勵其他會董，透過業界直選進身香港醫務委員會，以在架構內擁有更多發言權。

在我身為前任會長期間，若然會董會沒有履行應有職務，或迴避應當要作的事，我一定不會坐視不理。前任會長本該充當會董會顧問的角色，而不是保持沉默，事後卻馬後炮，指摘會董會沒有作為。我不會責怪會董會沒有事先通知我有關事項，因為我有責任翻閱秘書處在開會前一周發出的會議記錄和會議議程。

私家和公立醫生均是醫學會大家庭的一員。過往香港醫學會給人是中環和大學名醫「俱樂部」的形象已不復再。醫學會的所有會員都是平等的。倘若業界某個界別拒絕投票給我，我會檢討自身的不足。

23 years of service

I was nominated by Dr. LEONG Che Hung and elected to the HKMA Council in 1987. By the end June this year, I would have served the HKMA Council for 23 years, 10 as President, 6 as Immediate Past President, and 7 as Council Member. The Wan Chai Club House is the place I visited most frequently after my clinics and my home.

The HKMA Council visited Beijing before 1997 to discuss with Mainland Government about the Basic Law and professional autonomy. Of course, junior members like myself were just spectators who toured the city and the Great Wall while more serious matters were left to Dr. Raymond WU and Dr. LEONG Che Hung.

I succeeded Dr. LO Wing Lok to the presidency of the HKMA with the sole aim of serving the profession. I was outspoken about government service if it needed to be criticized. My only concern was the welfare of doctors and patients. I encouraged my Council Members to run for direct

election to the Hong Kong Medical Council to have more voices in the administration.

As Immediate Past President, I would not shut up if the Council meeting was not doing the proper thing or shying away from what needed to be done. I would speak up and have my voice documented in the minutes. The Immediate Past President is supposed to be an advisor for the Council and not to remain silent and then accuse the Council for inactivity later. I would not blame the Council for not notifying me of the subject matter in advance because I should have read the minutes and topics for discussion sent out by the secretary one week prior.

Private and public doctors are all members of the fraternity. The days of HKMA being a club for super specialists in Central and the University has long gone. All members are equal and I would reflect on my deficiency if one sector of the profession was denying me votes.

有批評指醫學會被政府漠視，食衛局亦不會諮詢我們的意見。事實上，食衛局局長經常透過WhatsApp 與我聯絡，不分晝夜，商討關於政策事宜。部分如下，僅作記錄：

The HKMA Council has been criticized as being ignored by government and not consulted by the Food and Health Bureau (FHB). Just for the record, the Secretary for Food and Health contacted me via WhatsApp even at odd hours for policy matters, e.g.

17/11/2020 00:51	澄清強制檢測法例 To clarify on compulsory testing legislation
27/11/2020 10:26	解釋遲發強制檢測通知的原因 To explain delay in receiving notification of compulsory testing
01/12/2020 07:35	通知有關政府將收緊社交距離措施 To inform on Government tightening of social distancing
02/12/2020 09:20	通報局長強制檢測瓶短缺後的跟進 Follow up after informing the Secretary of shortage of compulsory testing bottles
11/12/2020 20:50	回答有關香港法例第 599 章的問題 Answer on Cap. 599
12/12/2020 20:01	購買疫苗的資訊 Information on purchase of vaccine
14/12/2020 20:48	訂購內地疫苗的資訊 Information on ordering vaccine from Mainland
23/02/2020 20:00	香港醫學會請求協助一名感染新冠病毒且病重的醫生會員 The HKMA requesting assistance for a doctor member who contracted COVID-19 and was very ill
22/02/2021 15:14	私家診所職員優先接種疫苗問題 Question on private clinic staff vaccination priority
11/04/2022 20:23	回答關於私家醫生領取新冠口服抗病毒藥物的問題 Answer to private doctors obtaining oral antiviral medications for COVID-19
12/05/2022 23:35	抗菌素耐藥性高層督導委員會會議事項 Report on High Level Steering Committee on Antimicrobial Resistance meeting

政府不時諮詢本會對相關政策的意見，我們亦有代表參與政府的各個委員會，除了抗菌素耐藥性高層督導委員會，還有基層醫療抗生素導向諮詢委員會、基層醫療指南諮詢委員會、香港參考概覽專家小組、大腸癌篩選先導計劃專責小組、促進母乳餵哺委員會、私營醫療機構規管標準諮詢委員會、私營醫療機構投訴委員會、電子健康記錄互通督導委員會、香港非傳染病防控督導委員會及其他政府委員會。這些專責小組和委員會召集了業界領袖和教授，為本港醫學界制定指引。

醫學會理應就公共衛生議題向政府提出意見。因此，在得悉衛生署有意要求家庭醫生及牙醫在各自通風不足的診所內為廣大市民採集鼻咽拭子樣本時，醫學會挺身說不，因為在不適當的環境內，樣本受到污染，以及診所員工和其他病人感染病毒的風險十分高。食衛局最終採納了我們的意見，並安排於體育館和運動場，由醫生、護士和其他輔助醫療人員為市民進行拭子採樣。

The HKMA is also consulted on policy issues and we have representatives not only on High Level Steering Committee on Antimicrobial Resistance, but also Advisory Committee for Antibiotic Stewardship in Primary Care Settings in Hong Kong, Advisory Committee on Primary Care Directory, Expert Panel on Reference Frameworks, Colorectal Cancer Screening Programme Task Force, Committee on Promotion of Breastfeeding, Advisory Committee for Regulatory Standards for Private Healthcare Facilities, Committee on Complaints against Private Healthcare Facilities, Steering Committee on eHealth Record Sharing, Steering Committee on Prevention and Control of Non-communicable Diseases and other government committees. These Task Forces and groups incorporated leaders and professors of the profession to lay down Hong Kong guidelines for the medical profession.

The HKMA is supposed to give government advice on health issues. Hence, when Department of Health wanted General Practitioners to take nasopharyngeal swabs universally in our under-ventilated clinics and dental clinics, HKMA had to say NO because of the high risk of contamination and infection of staff and other patients. FHB took our advice and did the swabbing in stadiums and gymnasiums with the assistance of doctors, nurses and other paramedics.

會長的話 Message from the President

但當全民自願疫苗接種開展時，政府屬意醫生、護士和藥劑師等自組團隊，以商業模式營運疫苗接種中心。這會涉及可觀的預付資金，醫學會亦無權為此動用儲備。大型醫療集團和私家醫院有條件去做，但我們沒有。我們寧可鼓勵會員盡量參與協助，但不會以醫學會有限的經費參與這些商業活動。

But when whole city voluntary vaccination was to commence, government wanted doctors and nurses and pharmacists to form their own commercial team. This would involve a lot of money up front which HKMA has no right to spend. The HMOs can do it, the private hospitals can do it, but HKMA cannot. We encourage

our members to join if they can, but we were not going to be financially involved because our budgets are tight.

On Continuing Medical Education, HKMA has not hesitated to provide members with updated learning materials. During the epidemic, we found Webinar as the easiest and least time consuming method to learn and we provided some 5 lectures weekly for our members.

Some commented that we did not speak out enough. The radio shows have been stuffed since day one by the 4 government appointed experts and other KOLs who gave conflicting advice. We have 3 chairmen from the Advisory Committee on Communicable Diseases in the HKMA and Dr. TSANG Kay Yan spoke out for HKMA almost on a daily basis on the topic of COVID-19. We created our own webinar to deal with citizens' questions and was successful in relieving some of their anguish.

For senior citizens and children with special education needs (SEN), HKMA also arranged an injection centre for COVID-19 vaccines in a Chai Wan special school on a Saturday. This was graced by the Hon Patrick NIP, who supported HKMA's promotional activities including showing up when I got my first dose of vaccine. Home vaccination service was also provided to elderly. Members from the Council and community networks joined this service and vaccinated the needy at their residences.

United we stand, that is so true when there is no stabbing in the back. I pray for harmony, world peace and justice for all.

在持續醫學進修方面，醫學會從沒間斷地為會員提供最新的學習材料。疫情期間，我們發現網上視像會議平台不失為最方便快捷的學習渠道。本會每周為會員舉辦多至五次的講課。

有聲音批評醫學會過於沉默，沒有發表太多言論。從疫情開首，電台節目就充斥著政府專家小組四位成員和其他意見領袖那些互相矛盾的意見。醫學會的傳染病顧問委員會有三位聯席主席，曾祈殷醫生是其中一位，他幾乎是每天都代表香港醫學會發表關於新冠病毒的狀況和建議。此外，我們舉辦了多場的網上公眾講座去解答市民對新冠病毒的疑問，並成功紓解他們的一些怨憤。

醫學會還特意安排一個星期六於柴灣一所特殊學校設臨時疫苗接種中心，為長者及有特殊學習需要的學童注射疫苗。當日，公務員事務局聶德權局長亦有親臨支持。他一直以來都很支持醫學會的疫苗推廣活動。我接種首劑疫苗的時候，聶局長也有到場。我們亦提供到戶疫苗接種服務給行動不便的長者。部份會董及本會社區網絡的醫生參與此服務，並到訪有需要家庭為他們接種疫苗。

團結就是力量，是恆久不變的真理，唯人心叵測，暗箭難防。我祈求社會和諧，世界和平，公義長存。

義務秘書報告

Report from the Honorary Secretary

陳沛然醫生
Dr. Pierre CHAN

二零二二年是香港醫學會立足香港超過一百個年頭。在這個新紀元，2019 冠狀病毒病仍然肆虐全球，並嚴重威脅香港市民的健康。香港醫生一如以往，在疫情中堅守崗位，全力以赴，維護民康。

香港醫學會百周年紀念特刊

雖然受到疫情影響，香港醫學會百周年紀念特刊終於順利面世。我們在二零二一年五月二十六日舉行了發布會，會上幾位前任及現任會長，包括梁智鴻醫生、方津生醫生、何仲平醫生及蔡堅醫生，與傳媒朋友回顧了醫學會歷年的工作重點。會員可以親臨醫學會中環或灣仔會所索取特刊，或到 www.thkma.org/hkma100 閱覽。

抗擊新冠疫情

隨著第五波疫情的爆發，香港醫學會成立了 COVID-19 抗疫專責委員會，以協調所有抗疫工作，採取各種行動來保障公眾的健康，當中包括公開講座、分發個人防護裝備、新冠疫苗外展計劃、抗疫訊息包、WhatsApp 支援服務、疫苗接種節目和新聞發布會等。

在公務員事務局局長聶德權先生的支持下，本會籌辦了多項推廣新冠疫苗接种活動，其中包括蔡堅會長即場接受新冠疫苗接种，以及新冠疫苗外展接種服務。香港醫學會安排了九次新聞發布會/聲明，為抗擊新冠疫情提供建議，包括邊境管制、檢疫安排、疫苗接種推廣和病毒變種等。香港醫學會已向相關政府部門發出多封信函，就其政策提供意見，包括指引、疫苗接種安排、指定診所、口服抗病毒藥物等。

Stepping into 2022, the Hong Kong Medical Association has been founded in Hong Kong for over 100 years. In this new century, COVID-19 still rampages the world and seriously threatens the health of Hong Kong people. As always, Hong Kong doctors continue to discharge their duties with dedication during the epidemic and do their best to safeguard people's health.

The HKMA 100th Anniversary Commemorative Publication

Though delayed by the pandemic, the HKMA 100th Anniversary Commemorative Publication finally came out last year. We held a Launching Ceremony on 26 May 2021 with the presence of current and past presidents. Dr LEONG Che Hung, Dr David FANG, Dr HO Chung Ping and Dr CHOI Kin shared with media friends on the milestones of the HKMA in safeguarding people's health and upholding professional autonomy. Members can collect a copy of the publication at our Central or Wan Chai Clubhouse. It is also available on-line at www.thkma.org/hkma100.

Fighting against COVID-19

With the outbreak of the fifth wave of the pandemic, the HKMA has set up "Task Force Against COVID-19" to coordinate all anti-epidemic efforts. Various actions have been taken to safeguard the health of the public, including public talks, distribution of Personal Protective Equipment (PPE), COVID-19 outreach vaccination service, tips against COVID-19 pandemic, WhatsApp Message Support Service, vaccination programs and press conferences.

With the support of Mr. Patrick NIP, Secretary for the Civil Service, the HKMA has organised a number of activities to promote COVID-19 vaccination, such as our President Dr. CHOI Kin receiving his first jab on site, and the COVID-19 outreach vaccination service. The HKMA has delivered nine press conferences/statements to provide advices on combating COVID-19, including border controls, quarantine arrangements, vaccination promotion, virus variants etc. The HKMA has issued a number of letters to relevant government departments to air our advices on its policies, including guidelines, vaccination arrangements, designated clinics, oral antivirals etc.

義務秘書報告 Report from the Honorary Secretary

在疫情第五波高峰期間，香港醫學會推出「居家抗疫支援訊息站」服務，方便香港市民透過 WhatsApp 查詢抗疫和護理資訊。在為期七週的運營中，該服務已處理超過 13,000 條信息。分析結果隨後送交食物及衛生局局長和衛生防護中心，以便他們更好地安排指定診所和居家檢疫政策。

香港醫學會於二零二二年二月至五月期間，舉辦了幾場公眾網上講座，反應熱烈，包括《你應該要知的變種病毒及疫苗接種》、《你應該要知的居家抗疫準備》、《你應該要知的新冠病毒治療及支援服務常見問題》、《你應該要知的新冠病毒治療及急症服務》、《你應該要知的新冠後遺症及治療》及《你應該要知的新冠疫苗加強劑及康復資訊》。

第五波疫情中對醫生作出支援

有見公立醫院需要更多支援，香港醫學會於二零二二年二月以電郵協助醫院管理局招募兼職醫生，許多會員利用周末的休息時間，協助於公立醫療系統中工作的同業。

我們亦得悉許多私家醫生的診症工作受到第五波疫情影響而大減，因此要求醫療保障協會倫敦辦事處推出紓緩措施，相信很快便有好消息帶給大家。

香港醫學會與香港政府食物及衛生局合作，向私家醫生分發個人防護用品，政府了解到私家醫生在購買個人防護裝備上面對的困難，期望能提供有關物資為業界解困。超過 3,000 箱個人防護裝備已交付給 500 多名私家醫生。

因應第五波疫情及市民對醫療支援的需求大幅增加，醫學會已為會員舉辦多場有關遠距醫療的持續醫學進修課堂，及時回應了會員的疑慮，有助於在現有法規下促進遠距醫療的實踐。

Amidst the peak of the fifth wave of outbreak, the HKMA started a WhatsApp Message Support Service to respond to Hong Kong citizens' enquiries. During the 7-week operation, the service had processed more than 13,000 messages. The findings were then sent to the Secretary for Food and Health and the Centre for Health Protection for them to improve the arrangement of designated clinics and home quarantine policies.

From February to May 2022, the HKMA conducted several on-line public talks, including "What You Need to Know about COVID-19 Virus Variant and Vaccinations", "What You Need to Know for the Preparation of Home Quarantine", "What You Need to Know on COVID-19 Treatment and FAQ in Support Service", "What You Need to Know on COVID-19 Treatment and Emergency Services", "What You Need to Know on COVID-19 Sequelae and Treatment" and "What You Need to Know on COVID-19 Vaccine Boosters and Rehabilitation Information". The public talks have received overwhelming responses.

Supporting doctors in the fifth wave

In view of the need to get more help at public hospitals, the HKMA launched an email campaign in February 2022 to assist the Hospital Authority to recruit part-time doctors. Many of our members used their time off on weekends and assisted their counterparts in the public healthcare sector.

Understanding many of our private doctors were experiencing reduced clinical activity in the fifth wave, the HKMA requested MPS London Office to put in place measures to ease the situation. We are optimistic that more details will be available soon.

The HKMA has collaborated with Food and Health Bureau in distributing PPE to private doctors in Hong Kong. The Government said the PPE was offered because they understood the difficulties of private doctors in buying PPE. Over 3,000 cartons of PPE have been delivered to over 500 private doctors.

In the light of the fifth wave of the pandemic and the significant increase in the demand for medical support by the public, the HKMA has launched several continuing medical education (CME) lectures to members concerning telemedicine practices. The lectures happened in time to address members' concerns and helped to facilitate more telemedicine practices under the existing regulations.

除了冠狀病毒，也不忘流感

香港醫學會亦十分關注流感疫苗接種推行的情況，特別是受新冠病毒疫情影響，更要提防流感、新冠病毒雙重感染的風險。因此，我們於二零二一年十一月五日召開記者會，向公眾宣傳接種流感疫苗的重要性。當日，會長蔡堅醫生與一眾會董、醫學生即場示範注射流感疫苗；本會傳染病顧問委員會聯席主席陳以誠醫生、曾祈殷醫生向傳媒講解接種流感疫苗的重要性及須知，冀鼓勵市民盡快接種，預防流感及新冠病毒的雙重夾擊。對於有不少醫生反映今年流感疫苗供應緊張，我們在記者會上亦促請政府與藥廠保持緊密溝通，以確保供港流感疫苗數量充足。與往年一樣，醫學會繼續資助職員、其配偶和未成年子女接種流感疫苗，以提高接種率。

網上持續醫學進修課程

這兩年多的疫情大流行期間，香港醫學會與時並進，為醫生會員盡力發展網上持續醫學進修課程，過去一年間共舉辦了 220 多次網上持續醫學進修課程，有高達 70,000 醫生人次參加。其後，不少醫學團體已逐漸恢復實體活動，會董會議亦討論了重啟部分實體活動的相關時間表，而部分大型研討會，則會個別考慮以混合模式（現場及網上）進行。

醫學會男士健康周

香港醫學會男士健康社區網絡自二零二零年起舉辦「男士健康周」，希望藉此普及男性健康知識，宣導全港關注男性健康問題，以及提升男性自我保健意識。今年亦再接再厲，於二零二一年十一月十五至二十日，一連六日邀請不同的專科醫生，於網上進行研討會及與公眾講座，分享常見的男士疾病和健康話題，加強政府對男性健康的關注，以增加該領域的資源投放。

改善現有醫學會診所管理系統

醫學會收到不少會員反映，市面大部分診所管理系統不僅操作困難，而且未能滿足醫務委員會對病人資料保密的要求。會董會議討論了更新及改善現有醫學會診所管理系統的可行性和預算開支，冀為醫生會員提供更簡便、更具安全性的診所管理系統。對此，會董會通過了改善方案，第一階段更新及錯誤修正已於二零二二年六月推出，第二階段亦會隨即展開，我們將定期向會員報告相關進度。

Raise flu awareness apart from COVID-19

The HKMA was concerned about the implementation of influenza vaccination, especially due to the impact of the COVID-19 pandemic, it would be even more important to eliminate the risk brought by influenza and COVID-19 coinfection. In response, we held a press conference on 5 November 2021 to emphasize the importance of receiving seasonal influenza vaccine (SIV). On the day, the President of the HKMA, Dr. CHOI Kin, along with the HKMA Council Members and fellow medical students, demonstrated SIV vaccination on the spot to encourage the public to get vaccinated to prevent the double attack of influenza and COVID-19. The Co-chairmen of the HKMA Advisory Committee on Communicable Diseases, Dr. CHAN Yee Shing and Dr. TSANG Kay Yan, also illustrated the importance of SIV vaccination. As many private doctors have reported that the supply of SIV this year is tight, we also urged the Government during the press conference to maintain close communication with pharmaceutical companies to ensure sufficient supply of SIV to Hong Kong. Same as previous years, the HKMA continued to subsidize our staff, their spouses and underage children to receive SIV to enhance vaccine coverage.

CME on-line lectures

The pandemic has lasted for more than two years, the HKMA strived to catch up with the changes and tried our best to develop online CME courses for members. More than 220 online CME courses were held in one year and around 70,000 doctors attended. Thereafter, many medical organizations have gradually resumed physical events. The HKMA Council discussed the timetables to partially resume physical activities and larger-scale conferences, depending on each case, will be considered with hybrid mode (on site and virtual).

HKMA Men's Health Week

The HKMA Men's Health Community Network has been organizing the "Men's Health Week" since 2020, hoping to promulgate men's health knowledge, enhance the whole Hong Kong's attention to men's health issues, and boost men's self-care awareness. To continue the momentum, doctors from different specialties were invited to conduct online CME seminars and public talks from 15 to 20 November 2021 to share knowledges regarding common men's diseases. Through this event, the HKMA also hoped to draw the Government's attention to men's health so as to increase its investment in this field.

Improve the existing Clinic Management System

The HKMA has received numerous complaints from members regarding the existing clinic management systems (CMS) available on the market, addressing that most of the systems are not only difficult to operate but also failed to meet the MCHK's requirements for patient information confidentiality. The HKMA Council deliberated the feasibility and budget expenditures of updating and optimizing the existing HKMA CMS, hoping to provide doctor members with a more user-friendly and secure clinic management system. In this regard, the Council has passed the optimization proposal, where the first phase of enhancements and bug fixes has already been released in June 2022. The second phase will commence afterwards. Members will be kept updated of the optimization progress.

以下節錄一小段歌詞，願香港醫學會、各位醫生、及香港市民一切安好。

『假使世界原來不像你預期，才明白不要放棄，沈住愛反覆的心理。

風雨不會沒了期，終於會等到夢寐，全城在變遷，不減你是你。』

The following is an excerpt of the lyrics. I wish the HKMA, every doctor and Hong Kong citizen all the best.

"If the world turns out not as what you expected, do not give up, keep calm and carry on. The storm will die down one day, and our dreams will finally come true. Though the whole city is changing, you can just be yourself."

常設委員會主席報告

Reports from Chairmen of Standing Committees

傳染病顧問委員會 Advisory Committee on Communicable Diseases

陳子泰醫生

Dr. CHAN Tsz Tai

陳以誠醫生

Dr. CHAN Yee Shing, Alvin

曾祈殷醫生

Dr. TSANG Kay Yan, Joseph

面對新冠病毒病疫情，傳染病顧問委員會十分關注本地和全球疫情變化，及相關科學研究的發展。有見疫情初期本港新冠疫苗接種率低企，社會上的相關資訊亦十分混亂；委員會協助醫學會會董會舉辦多場記者會及撰寫新聞稿，向公眾闡釋政府最新政策，特別是接種疫苗的重要性及其科學理據；亦協助舉辦多場網上公眾講座及持續醫學進修課堂。此外，委員會繼續與政府保持緊密溝通，多次邀請衛生防護中心的同工，包括總監徐樂堅醫生，討論有關入境檢疫、醫療人員防護裝備、病毒檢測、社交距離、公私營醫療協作等防疫措施的重要性。

與衛生防護中心奚安妮醫生及龔健恆醫生的網上會議
Zoom Meeting with Dr. Anne CHEE and Dr. KH KUNG from the CHP

除新冠病毒病外，委員會關注到去年冬季流感高峰期間，接種流感疫苗的人數大幅下降，並於二零二一年十一月五日召開記者會，呼籲市民接種流感疫苗。記者會期間，醫學會會長蔡堅醫生與一眾醫學會會董、醫學生更親身示範注射流感疫苗，冀鼓勵市民盡快接種。委員會亦致力推廣疫苗接種教育，並為成人疫苗接種提出多項建議。

「各界齊心盡己責 接種疫苗抗疫情」記者會
“Do Our Part to Fight the Pandemic through Vaccination”
Press Conference

In the face of the COVID-19 pandemic, the Advisory Committee on Communicable Diseases (ACCD) is concerned about changes in local and global situations and the development of related scientific research. In the early stage of local outbreaks, the vaccination rate in Hong Kong remained low and the velocity of information has resulted in confusion in the society. The Committee assisted the HKMA Council in holding several press conferences and issuing press releases to explain the latest policies to the public, especially the importance of vaccination and its scientific rationale; the ACCD has also helped organise many online public talks and CME webinars on COVID-19. In addition, the Committee continued to maintain close communication with the Government and frequently invited the staff of the Centre for Health Protection, including the Controller, Dr. Edwin TSUI, to discuss the importance of border control, protective equipment, viral testing, social distancing, public-private partnership in terms of epidemic prevention.

接種流感疫苗記者會
Press Conference on Influenza Vaccine

Besides COVID-19 disease, the Committee noticed the drop in the seasonal influenza vaccine (SIV) inoculation last winter and held a press conference on 5 November 2021 to call on the public to get vaccinated against influenza. During the press conference, the President of the HKMA, Dr. CHOI Kin, along with the HKMA Council Members and fellow medical students, demonstrated SIV vaccination on the spot to encourage the public to get vaccinated. The Committee is also committed to vaccination education and has made a number of recommendations for adult immunization.

生命晚期治療委員會 Committee on End of Life Care

余達明醫生

Dr. SHEA Tat Ming, Paul

生命晚期治療委員會於二零二二年二月八日舉行會議，建議於本年度舉行生命晚期治療網上研討會的事宜。委員會成員表示，希望透過訓練社區醫生的相關技巧，加強醫生在疫情下作為晚期治療服務社區支援者的角色。

A committee meeting was arranged on 8 February 2022 to discuss the organization of the online End of Life Care Symposium this year. Committee members agreed to offer advanced training for community doctors through the Symposium to strengthen their roles as key supporters of end-of-life community care service.

委員會於年內與醫院管理局（醫管局）舉行了兩次網上會議。於二零二一年七月十九日的會議中，醫管局簡述了「普通科門診公私營協作計劃共同醫治模式」及其暫定時間表。共同醫治模式在同年九月於新界西聯網試行。而於十一月二十四日的冬季流感高峰期會議中，醫管局公佈普通科門診公私營協作計劃將由十二月一日起，為病人於冬季流感高峰期間提供兩次額外診症。此外，醫管局會積極招聘自選兼職醫生，以應對冬季流感高峰期。

The Committee had two online meetings with the Hospital Authority (HA) during the year. The format and tentative schedules of the "Co-Care Service Model at GOPC PPP" were introduced during the meeting on 19 July 2021. The Co-Care Service Model was piloted in New Territories West cluster in September. While on the Winter Surge meeting on 24 November 2021, it was announced that from 1 December onwards, the GOPC PPP program would be providing 2 more extra visits to patients during the Winter Surge period. In addition, HA was actively recruiting locum doctors for this period.

本委員會支持成立的兒童家居呼吸支援會（支援會）於二零二二年一月二十日舉行了第四屆周年會員大會。會上除了委任本年度的會董、義務核數師和義務法律顧問外，主席報告了支援會已成立銀行帳戶，以便日常會務運作及接收捐款。此外，出席會員亦討論於本年內舉行公眾教育講座及其他公眾教育項目的安排。

有關兒童家居呼吸支援會的最新動向，請瀏覽 www.phress.org。本委員會將繼續支援該會的發展，並協助提高社會大眾對需要使用呼吸機的患者及家屬的了解和支援。

The Paediatric Home Respiratory Support Society (PHRESS), which was supported by the committee, organized the 4th Annual General Meeting on 20 January 2022. During the meeting, this year's Council Members, Honorary Auditor and Honorary Legal Advisor were re-appointed. The chairperson has reported that a bank account has been set up for daily operation and receiving donation. Besides, members discussed the arrangement of organizing public education talks and other public education plans in this year.

Please visit www.phress.org for the updates about PHRESS. The committee will continue to provide full support to PHRESS's development and enhance the public concerns about home respirator users and their families.

香港醫學會的 10 個社區網絡，於過去一年共主辦了 101 節網上直播的持續醫學進修課程，讓各區的會員在新型冠狀病毒疫情期間，仍然可以繼續汲取最新的醫學知識和相關的科技發展，為其服務的市民提供更全面的治療和醫學建議。

新冠疫情已持續超過兩年，持續醫學進修的模式亦相應地改變。展望來年，醫學會的各個社區網絡將繼續為會員提供多元化的進修課程和學習機會，讓他們能夠掌握和應用更多嶄新的醫學技巧。

The 10 HKMA Community Networks have organized 101 sessions of Continuing Medical Education (CME) Live lectures in the past year. These lectures provided up-to-date medical information and the related technological advancement to our members despite during the COVID-19 pandemic, so that they managed to give comprehensive treatment and medical advice to patients they served.

The COVID-19 pandemic has last over 2 years which also changes the mode of CME development. During the coming year, the HKMA Community Networks are dedicated to organize more CME lectures and learning occasions with variety topics for our members practising in different locations with the aim that they can grasp the advanced skills they learnt and apply them through their daily practices.

二零二一年是男士健康社區網絡成立第二年，我們繼續舉辦「男士健康周」，積極喚起男士正視身心健康。

為期六日的「男士健康周」於二零二一年十一月十五日至二十日舉行，節目以網上形式進行，內容包括共 12 節的持續醫學進修課程，以及 2 節研討會。我們邀請了不同專科領域的醫生及專業人士，講解及探討常見的疾病和切身的健康話題，例如濫藥問題、良性前列腺增生、男性不孕與精索靜脈曲張、糖尿病及性傳播感染等。另外亦有兩個關於戒煙及常見性病的公眾講座，以錄播形式供大眾於網上觀看。

We continued to organize the second Men's Health Week to actively arouse the awareness of men's physical and mental health in the society.

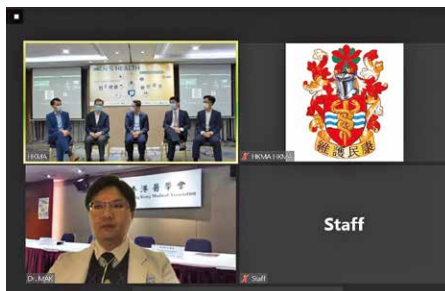

It was a 6-day programme organized from 15 to 20 November 2021. The programme included 12 sessions of CME Live lectures and 2 sessions of round table discussions through online platforms. Speakers from various specialties were invited to present on commonly encountered diseases and/or problems like substance abuse, BPH, male infertility and varicocele, diabetes mellitus and sexually transmitted infection. In addition, two public talks on smoking cessation and common sexually transmitted diseases were video-recorded and uploaded to the YouTube channel for public viewing.

在二零二一 / 二二年度，財務委員會檢討了本會的投資組合和流動資金狀況。

1. 委員會檢視本會的投資組合，銀行代表及財務顧問亦提供了有關不同股票和投資市場未來趨勢的信息。於本財政年度，本會增購了盈富基金。
2. 本會現持有相等於 14,220,000 元港幣市值的 11,720,000 元人民幣，去年以存款利率 1.99% 至 2.53%，於交通銀行銀行定存 3 個月。
3. 由於本年度有足夠盈餘可撥入特殊帳戶以抵消來年的會費，普通會員、友好會員及學生會員均可獲豁免二零二二 / 二三年度之會費。

楊協和醫生

Dr. YEUNG Hip Wo, Victor

The Finance Committee reviewed the investment and liquidity position of the Association in year 2021/22.

1. The Committee reviewed the HKMA's current shares portfolio with advice from banks. The bank representatives and financial consultant provided information on different stocks and the future trends of the investment market. The Committee purchased more Tracker Fund of Hong Kong stock during the financial year.
2. Funds held in RMB amounting to 11.72 million (equivalent to HK\$14.22 million) were placed in time deposits of 3-month duration at the interest rates ranging from 1.99% to 2.53% at the Bank of Communications.
3. With a surplus budget and sufficient funds in the special account to cover membership dues in the following year, the subscription fee for all regular, fraternity and the student members for year 2022-2023 will be waived.

「醫家耆康社區學堂」自二零一九年十二月開始一直得到熱心人士慷慨捐款支持推行，繼續支援柴灣區的長者。在 2019 冠狀病毒病的第四波及第五波疫情下，地區長者面對不同的生活困難，社區支援對他們非常重要。

為協助長者盡快接種新冠疫苗，我們於二零二二年四月二日及五月十四日，分別舉行「香港醫學會新冠疫苗外展接種服務」。團隊與循道愛華邨服務中心社會福利部興華耆樂中心及中華基督教青年會柴灣長者鄰舍中心合作，由中心轉介有需要的長者個案到設於香港西區扶輪社匡智晨輝學校的中心接種第一及第二劑疫苗，同場亦為晨輝學校有特殊學習需要的學生提供注射服務。另外，外展醫護團隊為居住於柴灣及葵青區的體弱和不良於行的長者提供到戶接種服務，讓長者得以足不出戶而得到保護。

資深老友記外展大使維持有 22 位核心成員，加上醫生、護士、及醫護學生組成義工團隊，長期跟進 36 戶獨居或雙老長者的健康狀況。在社交距離及防疫措施的限制下，老友記外展大使隊以派發防疫物資及透過電話慰問取代家訪，為長者送上關懷。而在疫情稍緩和節日期間時，一眾義工亦特別為長者預備節慶心意，包括小禮物和心意卡，讓獨居長者感到一絲溫暖。對在長者的慢性疾病管理方面，醫生及護士義工擔當重要角色。除了地區義工的恆常電話慰問外，部分有需要的長者更會由資深護士義工每兩星期致電跟進一次其健康及覆診情況。而醫生義工亦會上門跟進部分個案，以協助長者在社區更健康地生活，居家安老。

With the continuous support from our donor, the **“Community Elderly Health Academy”** provided the services to elderly in Chai Wan since December 2019. During the fourth and fifth waves of COVID-19 pandemic, elderly have been facing various challenges every day, community support became vital to them.

Coordinated with Hing Wah Neighbourhood Elderly Centre and Chinese YMCA of Hong Kong Chai Wan Neighbourhood Elderly Centre, the **“COVID-19 Outreach Vaccination Service”**

was organized on 2 April and 14 May 2022 to offer first and second doses of COVID-19 vaccines to elderly in need and students with special educational needs in the centre set up at Rotary Club of HK Island West Hong Chi Morninghope School in Chai Wan. The HKMA home vaccination teams, including doctors and nurses, were formed and provide home vaccination services to the frail elderly with low mobility in both Chai Wan

and Kwai Tsing districts. These services ensure that the recipients are well-protected even though they are staying at home.

The Chai Wan Outreach Team for the Elderly, which comprised of 22 core community volunteers, together with doctors, nurses, medical and allied health students, followed up the health condition of 36 singleton or elderly couples on regular basis. Due to the social distancing and anti-pandemic restriction, the outreach team sent their caring to elderly through delivery of anti-pandemic materials and made regular phone calls. Volunteers also prepared gift packs and DIY cards to singleton elderly households during seasonal festivals. Doctor and nurse volunteers played crucial roles on disease management of the community elderly. Experienced nurse volunteers followed-up health condition of the elderly with chronic diseases every two weeks. On the other hand, doctor volunteers would provide outreach follow-up to cases in need. With the help of volunteers, elderly could enjoy healthy ageing in place and have continuum of care.

社區健康教育方面，一共 6 位柴灣的老友記參與了本會推行的另一計劃「社居耆健醫學堂」的「網上老友記健康大學」課程，並於結業禮當日獲頒發畢業證書，可見柴灣區的老友記對學習健康知識的積極性並不受地域所限。我們亦製作了一系列的「健康資訊小冊子」，向老友記介紹各種不同疾病，加強他們的健康管理意識。疫情期間，不少老友記都長時間留在家中，故此，團隊整合了適合長者學習的運動及拉筋影片，並印製了簡潔的單張，鼓勵他們在家也要恆常運動。

For health education, a total of 6 elderly students from Chai Wan districts attended the Online Health Academy programmes organized by the Community Health Academy for Elderly, and also graduated from the programmes. Online programmes have provided a health knowledge learning environment without boundaries. A series of health pamphlets were produced and mailed to elderly in Chai Wan regularly to enhance their health management awareness. Besides, we have consolidated a set of exercises and stretching videos, supplemented with leaflets and sent to the elderly to promote regular exercise amid the pandemic.

常設委員會主席報告

Reports from Chairmen of Standing Committees

醫學會過往推行社區計劃的成功，有賴於有不同義工的參與。因此，義工訓練也是計劃中的重要項目。社區服務團隊去年與聖保羅書院及張祝珊英文中學合作，為學生舉辦義工訓練及家訪活動。讓有志就讀醫護學科的中學生，提早體驗前線的服務及培育學生服務社會、關顧長者的意識。

Volunteers is one of the key elements for the success of our previous community projects. Therefore, providing sufficient volunteers training programmes for our volunteers is equally important. In the past year, we have cooperated with St. Paul's College and Cheung Chuk Shan College to organize a social service cum volunteer training programme for the students. Students from both schools, including potential medical and allied health students, could have a taste of frontline service, to get to know the meaning of volunteer services and to show their care to the elderly.

Elderly continued to borrow tablets through the "iPad Lending Scheme" to learn to get used to the internet. Also, used-mobile phones collected from the "Smartphone Donation Scheme" were distributed to the needy elderly. The smart phones were especially useful to the elderly in their daily living when they need to access to various locations.

「平版電腦借用計劃」已推出一一年，讓老友記體驗網上世界。而「耆齡智能新體驗 - 手機捐贈計劃」，已將收集得來的電話整理及轉贈予有經濟困難的長者使用。現時出入街市及商場也需要使用智能手機，此計劃可謂及時支援了有需要的長者。

由社區投資共享基金資助，香港醫學會負責推行的三年社區服務計劃「**社居耆健醫學堂**」已於二零二一年十一月完滿結束。計劃於十月二十六日舉行網上「老友記健康大學結業禮暨老友記外展大使嘉許禮」(典禮)，主禮嘉賓包括社區投資共享基金委員會主席關則輝先生，MH, JP 及本會會長蔡堅醫生。

The 3-year project "**Community Health Academy for Elderly**" (the "Project"), funded by the Community Investment and Inclusion Fund (CIIF), and organized by the HKMA, was successfully completed in November 2021. On 26 October, the online "Graduation Ceremony of Health Academy for the Elderly cum Recognition Ceremony of Outreach Ambassadors for the Elderly" (the Ceremony) of the Project was organized, and Mr. KWAN Chuk Fai, MH, JP, Chairman of CIIF Committee and Dr. CHOI Kin, the HKMA President, were invited to officiate at the Ceremony.

計劃在過去的三年，成功集結社、醫、福、校、房、商各界力量，為葵芳邨和葵翠邨的居民，推出「老友記健康大學」、「老友記外展大使隊」及「醫生單位一線通」三個項目，積極推動醫學界參與社區服務，切實將「醫社合作」的概念在社區實踐，為葵青區播下健康的種子。

雖然計劃推行期間面對 2019 冠狀病毒疫情而影響推展進度，但有危便有機，計劃的服務模式也因此發展出新元素，成功推動老友記參與網上學習。而於疫情期間亦安排職員和義工上門派發抗疫物資、提供簡單健康檢查及與老友記進行健腦遊戲，有效回應留守在家抗疫的長者之身心需要，鞏固了鄰里支援網絡。

The Project adopted the multi-dimensional collaboration model by connecting social, medical, community, school, housing and commercial sectors to carry out 3 main programmes, namely "Health Academy for the Elderly", "Outreach Team for the Elderly" and "Doctors-Units Instant Link Scheme". The Project

effectively drives the medical sector in active participation and the medical-social collaboration has been achieved in the community. Furthermore, the Project also planted the seeds of community health awareness for Kwai Tsing district.

Although the Project has been affected by the COVID-19 pandemic, new service model has been developed amid the challenges, i.e. to teach the elderly learners how to take our online classes. The Project also addressed the physical and emotional needs of the elderly who were forced to stay home during the pandemic and strengthening their neighbourhood support network with various means such as distributing anti-epidemic items, providing simple health check-ups, and designing brain-teaser games.

「社居耆健醫學堂」計劃為葵涌社區建立了一定的健康資本：共有 90 位老友記報讀及出席老友記健康大學的「身心健康課程」的課堂，健康大學亦舉辦 12 節「認識『認知障礙症』課程」，為企業和區內小商戶的員工講解基本的認知障礙症知識。當中有 56 位老友記學員更由於積極投入學習而獲頒發畢業證書。有參與計劃的老友記分享在管理自己健康狀況時經常遇到難題，他們答謝參與計劃的醫生們所付出的時間和耐性，在課堂上或外展家訪時的細心解說，讓他們更明白如何照顧好自己！這亦正正是醫學會推行社區服務計劃、支持發展社區基層醫療的原因，要令長者真正做到居家安老，加強他們對個人健康的認知及管理能力是重要的一環。

“Community Health Academy for Elderly” project has attained a number of achievements, especially the social capital of health resources. There were 90 elderly enrolled in the Wellness Course organized by the Health Academy for the Elderly. The Academy also conducted 12 sessions of the “Get to Know Dementia Course” for staff of corporates and small merchants, to highlight the basic knowledge on dementia. Among the elderly learners, 56 were extremely active to become graduates of the Elderly Academy. Some elderly expressed their frustration in dealing with their chronic diseases and thanked to the medical doctors who were always being patient in explaining the different diseases to them during health talks, outreach services or home visits, so that they become more confident in taking care of themselves. This is exactly one of the key visions for HKMA in organizing community health projects and in supporting primary care in the community because aging in place will only succeed if elderly living in the community are capable in managing their health.

此外，近 230 位義工透過參與計劃成為老友記外展大使隊成員，並出席共 97 節面授或網上舉辦的義工訓練課程。同時，外展大使為葵芳邨和葵翠邨的老友記提供共 244 次探訪或電話關懷服務（特別是在疫情期間）。有不少我們服務的長者表示，在疫情期間對很多資訊和政府措施均感到混淆或徬徨，幸得各老友記外展大使來電關心問好，又提醒他們正確的健康訊息，讓他們頓感溫暖。計劃內另一項目是「醫生單位一線通」，在計劃期內為區內老友記及少數族裔居民舉辦 25 次健康諮詢日，並透過醫生信箱為 81 位老友記解答健康疑問。

Moreover, around 230 volunteers have joined Outreach Team for the Elderly as Outreach Ambassadors and they have attended a total of 97 face-to-face or online volunteer training sessions. The outreach ambassadors provided 244 home visits and/caring calls to the elderly (especially during the pandemic period). The caring calls from outreach ambassadors helped lessen the stress of the elderly during the pandemic and made them feel being cared with health messages and greetings. Through “Doctors-Units Instant Link Scheme”, 25 health outreach days were organized for elderly and ethnic-minorities residents, and health queries of 81 elderly have been solved.

在此，我們謹代表醫學會社區服務團隊感謝社區投資共享基金對「社居耆健醫學堂」計劃一直的支持，並向所有參與本計劃的協作夥伴一一致謝。正如蔡堅堅醫生在計劃典禮時表示：「百年過去，醫學會『維護民康、關心社區』的初心始終不變。」希望大家繼續支持和參與我們日後舉辦的社區服務！

In a word and representing the HKMA, the community service team would like to thank for the continuous support from CIIF and our devoted collaborating partners. As what our President, Dr. CHOI Kin stressed during the Project's concluding Ceremony, that HKMA's mission "To safeguard the health of the people" shall never change in regard to our hundred years' history. We look forward to your continuous support and participation in our upcoming community programmes!

此計劃由社區投資共享基金資助

特別鳴謝 Acknowledge

社區投資共享基金 (基金) 於 2002 年由香港特別行政區政府成立，在社區推行多元化的社會資本發展計劃，推動市民及社會各界發揮凹凸互補精神，齊心建立跨界別協作平台及社會支援網絡，從而建立互助互信、守望相助、社區凝聚力等社會資本，讓個人、家庭及組織互相支援，令社區能力得以提升。

Community Investment and Inclusion Fund (CIIF) was set up by the Government of the Hong Kong Special Administrative Region in 2002 to implement diversified social capital development projects in the community, promote reciprocity between the public and different sectors, and build together a cross-sectoral collaborative platforms and social support networks. The Fund seeks to build social capital – to garner mutual trust, spirit of cooperation and social cohesion, and enhance mutual support among individuals, families and organisations so that our community can grow from strength to strength.

二零二二年三月一日由香港醫學會及養和醫院合辦持續醫學進修網上課程
HKMA & HKSH CME Live Lecture on 1 March 2022

一直以來，香港醫學會致力推動持續醫學教育，迄今已有超過 1673 位普通科醫生選擇香港醫學會為其持續進修計劃之管理機構。在二零二一至二二年，除了與養和醫院及港怡醫院的合作外，更首次聯同香港科技園合辦結構化醫學進修課程，並與香港大學矯形及創傷外科學系共同舉辦一系列課程及公眾講座。因應新冠疫情，委員會特別舉辦了有關遠距醫療的醫療法律研討會，增進會員對相關法律及規例的認識。委員會亦繼續與社區網絡、各醫療機構及藥廠舉辦各類線下或混合模式的持續醫學進修課堂。

今年是《持續醫學進修專訊》創刊的第二十二周年，委員會謹感謝過去多年在《持續醫學進修專訊》提供著作的每一位作者。與此同時，我們誠意邀請各會員向編輯委員會投稿，攜手促進業界精益求精的進修文化。

本會自二零一八年二月起開創持續醫學進修網上課程，並積極發展不同的網上平台，在新冠疫情下繼續為醫生提供高質素、易操作的網上進修課程。由二零二一年七月至二零二二年六月，本會合計舉辦超過 222 堂網上課堂，每堂參加人次平均逾 350 人，共給予 64,404 學分。本會亦繼續在本會網站提供每月自修系列及影片，為會員提供另一個網上進修的途徑。

二零二二年一月十八日由香港醫學會及港怡醫院合辦持續醫學進修網上課程
HKMA & GHK CME Live Lecture on 18 January 2022

The Hong Kong Medical Association has long advocated for continuous medical education (CME); more than 1673 non-specialists have registered HKMA as their CME Administrator. In 2021-22, in addition to the collaboration with the Hong Kong Sanatorium & Hospital and the Gleneagles Hospital Hong Kong, for the first time, a structured CME series was co-organized with the Hong Kong Science and Technology Parks Corporation. The Committee also worked together with the Department of Orthopaedics & Traumatology, the University of Hong Kong, in arranging a series of lectures and public talks. In response to the COVID-19 pandemic, the Committee specially held a number of seminars on telemedicine to enhance members' understanding of relevant laws and regulations. Besides, the Committee continued organizing online and hybrid lectures on various topics with the HKMA Community Networks, various medical organizations and pharmaceutical companies.

This year marks the 22nd year since the first distribution of the CME Bulletin. We would like to express our gratitude to authors who have generously shared their knowledge and wisdom in their specialties on the CME Bulletin platform. Meanwhile, interested contributors are always welcome to submit your articles to the Editorial Board for publication to foster a more vibrant environment of CME throughout the profession.

The HKMA pioneered the CME Live Lectures in February 2018 and has put continuous efforts to develop online webinar platforms, so as to provide high quality and easy-to-access CME Live Lectures to doctors. From July 2021 to June 2022, the HKMA has organized more than 222 CME Live Lectures, with an average of over 350 doctors attending each lecture, awarding a total of 64,404 CME Points. The HKMA has continued to launch the Monthly Self-Study and Self-Study Video series on the HKMA website, providing an additional pathway for online CME studies.

常設委員會主席報告

Reports from Chairmen of Standing Committees

國際事務委員會 International Affairs Committee

覃天笙醫生
Dr. CHAN Tin Sang, Augustine

陳子泰醫生
Dr. CHAN Tsz Tai

陳以誠醫生
Dr. CHAN Yee Shing, Alvin

香港醫學會作為世界醫學會和亞洲及大洋洲醫學組織聯盟的成員，一直以來都有參與兩個組織的事務。

The Hong Kong Medical Association (HKMA), being member of the World Medical Association (WMA) and the Confederation of Medical Associations in Asia and Oceania (CMAAO), takes part in the affairs of the two organizations from time to time.

第三十五屆亞洲及大洋洲醫學組織聯盟大會

因應新冠肺炎疫情的威脅和影響，第三十五屆亞洲及大洋洲醫學組織聯盟大會延期至二零二一年九月二日至三日舉行，由台灣醫師公會全國聯合會以視像會議形式舉辦。各成員醫學會代表就大會主題「應對新冠肺炎」作出報告。陳以誠醫生代表香港醫學會參加會議，並報告香港新冠疫情及本會年度工作。

35th CMAAO General Assembly

Due to the threat and influence of COVID-19 pandemic, the 35th CMAAO General Assembly was postponed to 2 & 3 September 2021. It was hosted by Taiwan Medical Association via zoom. The theme of the symposium was "Countermeasures against COVID-19", with presentation by delegates of each national medical association amidst the

COVID-19 pandemic. Dr. CHAN Yee Shing, Alvin was appointed the delegate to join the meeting and he gave the presentation on COVID-19 and the local report.

身兼亞洲及大洋洲醫學組織聯盟義務司庫的陳以誠醫生在大會上發表財政報告和預算，大會隨後一致通過。陳醫生亦成功連任義務司庫。

Dr. CHAN Yee Shing, Alvin presented the financial report and the budget as the Treasurer and they were unanimously adopted. Dr. CHAN was re-elected the Treasurer unanimously.

12個成員醫學會參加了是次視像會議。全體代表在會上哀悼在二零二一年五月因感染新冠病毒離世的聯盟前任主席、印度醫學會 Dr. KK AGGARWAL。

Altogether 12 National Medical Associations joined the meeting by zoom. The participants all mourned for the loss of the late Immediate-past-president Dr. KK AGGARWAL of India Medical Association, who died from COVID-19 in May 2021.

台灣醫師公會全國聯合會的邱泰源醫生當選為主席，而來自孟加拉醫學會的 Dr. Mustafa Jalal MOHIUDDIN 當選為第一副主席。世界醫學會會長 Dr. David BARBE 和主席 Dr. Frank U. MONTGOMERY 發表了講話。

Dr. Tai-yuan CHIU from Taiwan Medical Association was elected the President and Dr. Mustafa Jalal MOHIUDDIN from Bangladesh Medical Association the 1st Vice President. Messages from President of World Medical Association, Dr. David BARBES, and Chairman, Dr. Frank U. MONTGOMERY were delivered.

大會圍繞主題進行討論，並通過發布「台北宣言」"Collaborative Work on Management of Novel Pathogen Pandemic"。

The General Assembly discussed on the theme and resolved to issue a CMAAO statement: the Taipei Statement on "Collaborative Work on Management of Novel Pathogen Pandemic".

世界醫學會年會

二零二一年十月七日至十五日，陳以誠醫生代表本會出席世界醫學會年會。今年學術會議的第一部份是關於「醫生在器官捐贈和移植過程中的倫理挑戰」，而第二部份為「抗生素抗藥性的全球趨勢」。這次的年會、理事會和委員會會議再次以線上形式舉行。

General Assembly of World Medical Association (WMA)

Dr. CHAN Yee Shing, Alvin was the HKMA delegate to join the WMA General Assembly 2021 from 7 to 15 October. The first section of the scientific session this year is "Physicians in the organ donation and transplantation process, the ethical challenge". The second section is on "The global trend of antimicrobial resistance". The General Assembly, Council Meeting and Committee meetings were again carried out virtually.

年會由英國醫學會主辦，雖是以線上形式舉行，英國醫學會主席 Dr. Chaand NAGPAUL 在年會開幕典禮上發表開幕致辭。Dr. Frank U. MONTGOMERY 主持會議並通過去年於科爾多瓦舉行的世界醫學會年會會議記錄。將卸任會長一職的美國醫學會 Dr. David BARBE 發表告別演說。來自瑞典醫學會的 Dr. Heidi STERNMYREN 當選為新任會長，並發表就職演說。英聯邦醫學會現任主席、尼日利亞醫學會前會長 Dr. Osahon ENABULELE 當選為候任會長。

共有 58 個成員組織參加這次會議。會上中華醫學會提出反對通過去年年會關於新疆局勢的會議記錄以及世界醫學會支持台灣參與世衛大會的決議。雖然代表香港醫學會的陳以誠醫生和其他一些成員組織的代表投票支持中華醫學會，但提議最終被否決。

大會通過了重要的新政策和政策修訂，反映了醫學界最新的共識。世界醫學會發布了一份表揚醫生對抗新冠肺炎的新聞稿。

The General Assembly was hosted by the British Medical Association (BMA), though held virtually, and Dr. Chaand NAGPAUL, the Chair of Council of BMA gave the opening speech of the Ceremonial Session of the General Assembly. Dr Frank U. MONTGOMERY conducted the meeting, approving the minutes of WMA General Assembly in Cordoba last year. Dr. David BARBE from American Medical Association gave the valedictory speech as the outgoing President of the WMA. The new President, Dr. Heidi STERNMYREN, from Swedish Medical Association, delivered the inaugural speech. Dr. Osahon ENABULELE, the current President of the Commonwealth Medical Association and former President of Nigeria Medical Association was elected the President Elect of WMA.

58 member associations joined the Assembly. Though Dr. CHAN Yee Shing, Alvin representing HKMA and some other delegates from different member associations had voted for the Chinese Medical Association, its proposals against the endorsement of the minutes of last General Assembly concerning the Xinjiang situation and also the WMA Resolution in supporting Taiwan to join World Health Assembly were defeated.

The General Assembly adopted essential new policies and policy revisions, reflecting the latest consensus opinions of our profession. WMA issued a press release "Message of Appreciation to Physicians in their Fight against COVID-19".

Dr. Heidi STERNMYREN

Dr. Chaand NAGPAUL

Dr. Osahon ENABULELE

二零二二年世界醫學會新增常務委員會成員選舉

二零二一年的世界醫學會年會通過修訂其條款和細則，以及程序和營運章則。當中通過新增常務委員會成員，從而令在理事會中沒有直接代表的醫學會有更高的參與。新增的常務委員會成員是按地區進行選舉。

本會提名了泰國醫學會參選太平洋區的新增席位，該會亦成功當選。另外三個新增席位分別由南非醫學會、巴基斯坦醫學會和瑞士醫學會獲得。

WMA Extraordinary Elections for the Additional Standing Committee Member 2022

The WMA General Assembly in October 2021 adopted the revisions of the WMA Articles and Bylaws as well as the WMA Procedures and Operating Policies, which allow the Additional Standing Committee Members (ASCM) to better include medical associations not directly represented on Council. ASCM is selected on a regional basis.

The HKMA nominated the Medical Association of Thailand to run for the additional post in the Pacific Region, which has then been elected. The other three additional members were South African Medical Association, Pakistan Medical Association and Fédération des Médecins Suisses.

蔡堅醫生

Dr. CHOI Kin

積極與醫療保障協會溝通

在二零二一年至二零二二年，由於新冠疫情，醫學會與醫療保障協會團隊未能舉行面對面會議，但保持定期遠程會議，與協會倫敦總部緊密聯繫。

香港醫學會將繼續從會員出發點與醫療保障協會溝通協調，盡力與各方合作、平衡利益，為香港整體醫療發展的配套作最好的長遠安排。

Proactive Communications with MPS

In 2021 - 2022, due to COVID-19 pandemic, the HKMA Council and MPS' executive team were not able to have physical meeting but continued to have regular tele-conferences with London headquarter to keep in close connection.

The HKMA will always stand by our members to negotiate with MPS, and offer as much assistance as we could to work for the best provision of medical protection for the medical sector of Hong Kong.

人力專責委員會 Manpower Committee

鄭志文醫生

Dr. CHENG Chi Man

香港醫學會現有 31 名編制職員，有 26 名秘書處辦事處人員、4 名會所餐飲待應，及 1 名基金資助的社區服務員工。

在二零二一年十二月進行了員工年度考績，並檢視了薪酬；而薪酬調整幅度以過去一年市場情況和員工表現而釐定。

香港醫學會秘書處推行彈性上班時間多年。新冠疫情下，秘書處為員工安排在家工作，以減低感染風險。有見新冠疫情緩和跡象，秘書處現已回復正常運作。

為鼓勵員工接種疫苗，秘書處推行疫苗假期，讓員工在接種疫苗後好好休息。

蔡堅醫生

Dr. CHOI Kin

The HKMA currently maintains an establishment of 31 staff in total, 26 office staff, 4 restaurant staff, and 1 community project staff fully funded by sponsor.

Staff performance appraisal and pay policy were reviewed in December 2021. The staff salary was revised according to the market pay trend and performance.

The HKMA Secretariat has implemented staggered working hours for many years. Due to COVID-19, the HKMA has arranged staff to work from home to reduce infection risk. In view of the ease of COVID-19 pandemic, the HKMA Secretariat resumes normal operation.

The HKMA Secretariat has introduced "Vaccination Leave" to encourage staff to take COVID-19 vaccines.

會員服務委員會 Membership Services Committee

陳厚毅醫生

Dr. CHAN Hau Ngai, Kingsley

三間保險公司：AXA 安盛、保柏（亞洲）有限公司和保柏國際（前 BUPA-iHi），繼續為香港醫學會會員提供醫療及住院保險特別優惠。由於住院和手術個案在二零二零年有增加的趨勢，以及醫療技術的進步，AXA 安盛二零二一至二二年度的續期保費增加了 5%。至於保柏（亞洲）的續期保費則增加了 3%。如欲查詢詳情，請聯絡相關公司。

楊協和醫生

Dr. YEUNG Hip Wo, Victor

Three insurance companies, namely AXA Hong Kong, BUPA (Asia) Ltd., and BUPA (Global) (previously known as BUPA-iHi), continued their special offers on medical and hospitalization plans to HKMA members. Due to an increasing trend of hospitalization and surgery in 2020 as well as medical technology advancement, AXA added 5% in the premium of AXA for the year 2021-2022. As for BUPA (Asia), there was around 3% increase in renewal premium. Please feel free to contact the relevant companies for details.

常設委員會主席報告 Reports from Chairmen of Standing Committees

會訊出版委員會 Newsletter Committee

鄭志文醫生

Dr. CHENG Chi Man

《香港醫學會會訊》一直是本會與會員之間的主要定期通訊，令他們緊貼最新的學會事務，政府政策、社會時事、執業資訊及法律意見等。同時亦提供一個實用的平台，足個別會員的需求，例如是求職、徵求合作伙伴、物色診所舖位、單位出讓等。

隨著《會訊》去年的革新，會員不難留意到經過精心設計的封面。另外，《會訊》有關飲食、寵物及旅遊的專欄亦深受會員的支持，我們收到不少會員的投稿，與其他會員同業分享他們的生活趣味和體驗。也有會員去信編輯，提出對業界有關的意見，合適的文章已刊登於「給編者的信」專欄。在此謹代表各委員衷心感謝投稿支持《會訊》的朋友。

《會訊》深受業界歡迎，吸引了更多廣告商選用此平台推廣其產品及服務。廣告種類亦五花八門，除了一般醫療服務及產品，也有裝修設計服務、高級消費品、物業投資和豪華旅遊。

由於生產成本上升，《會訊》於二零二二年二月上調了刊登廣告費用，對上一次調整已經是二零一九年。

希望大家下年會繼續支持《會訊》。會員如對我們有任何意見，歡迎電郵至 editor@hkma.org / hkmanews@hkma.org，與我們繼續保持緊密聯繫。

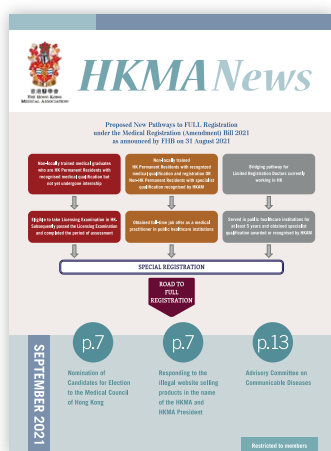

The HKMA News has long been the major means of regular communication with our members which keep them abreast of the latest Association affairs, government policies, social issues, practice information and legal advices etc. It also provides a practical platform that cater for the needs of individual members, such as finding a job, looking for partnership opportunity or in search of a new office.

Following the revamp last year, members should be able to notice the carefully designed book covers. In addition, many members supported and contributed to the three columns - food, pets and travel, and shared their lifestyles and experience with fellow colleagues. Letters wrote to the editor on matters or views concerning the profession were published under the "Letter to the Editor". On behalf of the Committee, I would like to thank our members who have contributed to the News.

With the increasing popularity of the HKMA News, it has attracted more advertisers to choose our platform for promoting their products and services. The types of advertisements vary from medically related products and services to high-end consumer products, property investment and luxury tours.

Due to the increase in production costs, the advertising fees for the HKMA News were raised in February 2022 and the last adjustment was made in 2019.

We count on your continued support on the HKMA News in the coming year. If you have any comment regarding the HKMA News, please write to editor@hkma.org / hkmanews@hkma.org to stay in touch with us.

香港醫學會管弦樂團 Orchestra Committee

陳以誠醫生
Dr. CHAN Yee Shing, Alvin

鄭沛霖醫生
Dr. CHENG Pui Lam, Steve

麥肇敬醫生
Dr. MAK Siu King

Hong Kong enjoyed a brief period of very few local COVID-19 cases in the second half of 2021. As such, the HKMA Orchestra initiated a joint music programme with St. Paul's College (SPC) on 29 July 2021 at the school hall as a cultural exchange and support for secondary school students who might be interested in joining the medical profession. Preventive measures in compliance with CHP and EDB guidelines were strictly observed, such as distancing in player seating, partitions, have buckets with bleach in place etc. so as to ensure safety.

二零二一年後期，香港的本地感染個案相對較少。香港醫學會管弦樂團藉此時機與聖保羅書院開展了一個音樂合作項目，並於二零二一年七月二十九日在該校禮堂舉行了一個小型音樂交流會，為有志投身醫學界的中學生作文化交流和支援。場地嚴格遵守衛生防護中心及教育局的防疫指引，例如樂手座位保持一定距離、隔板、放置裝有漂白水的桶等，以確保安全。

聖保羅書院樂團由管樂手、敲擊樂手和低音提琴手組成，而香港醫學會管弦樂團則派出銅管五重奏，成員包括小號手賴旭佑教授和陳溢明醫生、長號手鄭沛霖醫生（香港醫學會管弦樂團執行委員會主席）、圓號手Yannie（醫學生）和大號手麥譯丰醫生。他們的表演大獲好評。

除了音樂交流，本會的樂手，以及副會長暨管弦樂團聯席主席麥肇敬醫生亦分享了各自在事業與音樂之間保持工作與生活平衡的經驗。另一位管弦樂團聯席主席陳以誠醫生以作曲及填詞人身份介紹了香港醫學會歌《維護民康》。

校方感謝本會促成這次音樂上的合作，為學生帶來了不一樣的交流體驗。香港醫學會亦有與該校合辦社會服務義工計劃。請參閱社區服務委員會的報告。

與聖保羅書院源校長（中）合照
Group photo with school Principal Mr. Dennis YUEN in the middle

The SPC School Band consisted of wind players, percussionists and a double bassist, while the HKMA Orchestra sent a Brass Quintet consisted of Trumpeter Prof. Timothy LAI and Dr. Davy CHAN, Trombonist Dr. Steve CHENG (Executive Chairman, HKMAO), Hornist Yannie (Medical student) and Tubist Dr. Arthur MAK. Their performance was well received.

演奏曲目 Repertoire

SPC School Band:
A Little Festive Music
My Neighbor Totoro
SPC School Hymn

HKMA Brass Quintet:
Suite for Brass Quintet
Tuba Polka
The Music of Cole Porter

In between the performances, players of the quintet and Dr. MAK Siu King, HKMA Vice-President and Co-Chairman of the HKMA Orchestra shared their own experience of maintaining work-life balance between career and music. Dr. CHAN Yee Shing, Alvin, Co-Chairman of the HKMA Orchestra, introduced the HKMA theme song "Give your Heart" as the composer and author.

The school was grateful for the joint programme which brought a different exchange opportunity to their students. The HKMA also ran other social service programme with the school. Please refer to the report of the Community Service Committee.

鑑於 2019 冠狀病毒疫情下的各項社交距離措施，攝影比賽亦改以網上形式舉行。攝影會於每季發出電子雜誌，並輔以特別通告，向會員提供最新的展覽及醫學會活動資訊。攝影會更於醫學會灣仔會所設立了圖書館，讓會員分享他們和著名攝影師的相集。

馬思特醫生

Dr. Marcus M. MARCET

Due to the social distancing measures under COVID-19 pandemic, the Photo Photographic Society (HKMAPS) under the Recreational and Cultural Committee also held the Photo Competitions in online format. To keep the HKMAPS members updated with the latest photographic exhibitions and information of our activities, a quarterly e-Newsletter was issued, supplemented by ad hoc notices. The HKMAPS also set up a library in the HKMA Wan Chai Clubhouse for members to share their works and those of well-known photographers.

鑑於 2019 冠狀病毒疫情下的各項社交距離措施，二零二一至二零二二年度多個運動項目都未能舉行，但我們的運動員仍保持個人訓練。

去年年尾的香港專業團體康體會 (RSCP) 比賽中，本會男子排球勇奪冠軍而女子排球則名列第三。

While most of the sports activities cannot be organized in Year 2021-2022 due to the social distancing measures under COVID-19 pandemic. However, our sportsmen and sports-ladies still practised self-training to maintain their performance.

The HKMA Men's Volleyball Team played remarkably well and recaptured the championship of The RSCP volleyball tournament in 2021 while the Women's Team got the second runner-up.

為使各“運動員”保持體魄健康，委員會於二零二一年尾舉辦了“線上跑”活動，得到超過 100 名醫生及家人朋友參加。在此希望在疫情過後，我們能在運動場上聚首一堂，互相切磋技能，增進友誼，期望有更多的年青醫生、醫科學生參與各類型比賽，讓醫學界的體育精神繼續燃燒，薪火相傳。

In late 2021, we have organized our first-ever virtual run to encourage our doctor members and family members to stay healthy and active despite the COVID-19 pandemic. More than 100 members and their family participated in this meaningful event. In the future, we hope to organized more activities for our sportsmen and sports-ladies to sharpen their skills and have exchange with friends and teammates. We would also like to see more young doctors and medical students joining our team. Let's thrive for the excellence in sports events.

鑑於 2019 冠狀病毒疫情下的各項社交距離措施，所有於二零二一年至二零二二年度舉行的活動都以網上形式舉行。委員會首個「網上職業講座」成功吸引近 300 位醫科學生出席。委員會亦邀請了不同範疇的講者與會員作經驗分享。而委員會轄下的醫學生附屬委員會亦舉辦了一系列網上醫學知識講座。

我們樂見有更多青年醫生和醫學生加入我們的活動！

In view of the social distancing measures under COVID-19 pandemic, most of the activities went virtual in 2021 and 2022. The virtual Career Seminar organized for our students members for career planning successfully attracted around 300 medical students. Distinguished speakers were invited to share their experience on the popular topics with our members via Zoom. The Medical Student Subcommittee (MSS) also organized some virtual workshops to enhance the clinic skills of student members.

Young doctors and medical students are most welcome to join our activities in the future!

抗疫專責委員會 Task Force Against COVID-19

鄭志文醫生
Dr. CHENG Chi Man

香港醫學會支援本地社區對抗第五波疫情
鑑於香港第五波疫情持續，香港醫學會成立了抗疫專責委員會以對抗疫情，並推展多個行動以維護民康。

居家抗疫支援訊息站

因應社會需要，香港醫學會於二零二二年二月設立「居家抗疫支援訊息站」服務。訊息站於二月十七日推出，第一天已收到近一千宗查詢。市民的求助大多與新冠病毒症狀、隔離安排、物資供應不足，以及在快速抗原檢測或核酸檢測呈陽性後該怎麼處理有關。秘書處職員首先會篩選收到的訊息，如發現查詢與醫療相關，則會轉交義務當值醫生，必要時由醫生電話跟進。由於政府及其他非政府機構資助的計劃逐步推出類似的熱線服務，訊息站運作至三月底便正式結束。在運作的七週期間，訊息站共處理了超過一萬三千宗查詢。

新冠病毒病公眾講座

香港醫學會自二零二二年二月九日起就新冠病毒病進行了一系列公眾講座。主題包括疫苗接種、治療、家居隔離、兒童照顧、變種病毒、急症服務及新冠後遺症等，六場網上講座共計超過 2,800 名市民參與。

二零二二年二月十九日舉辦的「你應該要知的家居抗疫準備」網上公眾講座
"What You Need to Know to Stay Home Safe" Online Public Talk on 19 February 2022

為特殊學校提供防感染建議

第五波疫情期間，部分特殊學校宿舍部仍需保持開放，以照顧有特殊學習需要的學童。對此，醫學會為有需要的學校提供有關預防感染的建議，如校內換氣系統、隔離房間的設置及安排等，以盡量減低學校的傳播風險。

蔡堅醫生
Dr. CHOI Kin

The HKMA supports Hong Kong Community to Fight Fifth Wave of COVID-19

As Hong Kong battles its fifth wave of COVID-19, the HKMA has set up Task Force Against COVID-19 to fight the pandemic. Various actions have been taken to safeguard the health of the public.

WhatsApp Message Support Service (WMSS)

In February 2022, in response to the needs of the society, the HKMA set up a WhatsApp Message Support Service. This service was launched on 17 February and for the first day, nearly 1,000 messages were received. Anxious members of the public sent in enquiries concerning COVID-19 symptoms, isolation arrangements, lack of supplies, and what to do after tested positive in Rapid Antigen Test (RAT) or Polymerase Chain Reaction Test (PCRT). Messages were first screened out by Secretariat staff and then referred to volunteering duty doctors if these were medical related. Follow-up consultation through telephone was conducted by doctor if necessary. The service operated until end of March for the provision of hotline services either by the Government or other funded programmes of non-government organisations (NGOs). During the 7-week operation, the service had processed more than 13,000 messages.

Public talks on COVID-19

The HKMA has conducted a series of public talks on COVID-19 since 9 February 2022. Topics include vaccination, treatment, home quarantine, children care, variants of COVID-19, emergency services and long-COVID. More than 2,800 members of the public joined the six talks held in virtual mode.

二零二二年三月十二日舉辦的「你應該要知的新冠病毒治療及急症服務」網上公眾講座
"What You Need to Know about COVID-19 Treatment and Emergency Services" Online Public Talk on 12 March 2022

Providing advice on infection prevention to special schools

During the fifth wave, some boarding sections of special schools still needed to remain open to take care of students with special education needs. In this regard, the HKMA provided advice on infection prevention to schools in need, such as campus ventilation systems, as well as the setting and arrangement of isolation rooms, in order to minimize the risk of transmission in schools.

專責委員會主席報告 Reports from Chairmen of Ad-hoc Committees

社區新冠疫苗外展接種服務

香港醫學會經地區長者服務中心和特殊學校轉介，在二零二二年四月二日，舉行「香港醫學會新冠疫苗外展接種服務」，組織醫生會員為葵青區和柴灣區的年長、不良於行的長者，提供到戶疫苗接種服務。當日，獲柴灣香港西區扶輪社智晨輝學校借出校舍舉行即場疫苗接種服務，為區內的長者和護老者，以及特殊教育需要學生注射新冠疫苗。參與到戶疫苗接種服務的長者主要是未獲其他疫苗接種服務所涵蓋，本會得知他們的需要，即時籌辦是次服務。醫學會亦會於稍後跟進為有需要的參加者接種第二 / 三劑疫苗。

醫學會會長蔡堅醫生（左）及公務員事務局局長聶德權先生（右）到疫苗外展會場支持疫苗接種
HKMA President Dr. CHOI Kin (left) and Secretary for the Civil Service Mr. Patrick NIP, JP (right), supported COVID-19 vaccination at the outreach venue

COVID-19 Outreach Vaccination Service

The HKMA, having learnt from our community partners this unmet need of elderly and students with special educational needs (SEN), organized the "COVID-19 Outreach Vaccination Service" on 2 April 2022 (Saturday). Doctors were recruited to offer home vaccination to elderly with low mobility in the two districts. On the same day, a vaccination centre was set up at Rotary Club of HK Island West Hong Chi Morning Hope School in Chai Wan to provide vaccination service for elderly, their carers and the school's students. Many of the elderly who joined our service were not covered by other outreach or home vaccination programmes. Seeing the pressing need to protect this vulnerable group, the HKMA has taken prompt action and pull together to start the service within a short period of time. The HKMA will also follow-up with the participants for the 2nd and 3rd doses.

義務醫生為不良於行的長者提供到戶疫苗接種服務
Volunteer Doctors provided home vaccination service for elderly with low mobility

第五波疫情中對醫生作出支援

有見公立醫院需要更多支援，香港醫學會於二零二二年二月以電郵協助醫院管理局招募兼職醫生，許多會員利用周末的休息時間，協助於公立醫療系統中工作的同業。

醫學會亦得悉許多私家醫生的診症工作受到第五波疫情影響而大減，因此與醫療保障協會倫敦辦事處商討如何支持私家醫生。

醫學會同時與食物及衛生局合作，向本地私家醫生派發個人防護裝備。政府了解到私家醫生在購買個人防護裝備上面對的困難，期望能提供有關物資為業界解困。這些防護裝備已於四月底成功完成派送。

因應第五波疫情及市民對醫療支援的需求大幅增加，醫學會向會員舉辦多場有關遠距醫療的持續醫學進修課堂及大型研討會，及時回應了會員的疑慮，有助於在現有法規下促進遠距醫療的實踐。

二零二二年四月廿七日「新冠疫情下遠距醫療的實踐」持續醫學進修課堂
"The Practice of Telemedicine during the current COVID epidemic" CME Lecture on 27 April 2022

Supporting doctors in the fifth wave

In February 2022, the HKMA, seeing the need to get more help at public hospitals, launched an email campaign to assist the Hospital Authority to recruit part-time doctors. Many of our members used their time off on weekends and assisted their counterparts in the public healthcare sector.

Understanding many of our private doctors are experiencing reduced clinical activity in the fifth wave, the HKMA requested MPS London Office to put in place measures to support the doctors.

The HKMA has collaborated with Food and Health Bureau in distributing Personal Protective Equipment (PPE) to private doctors in Hong Kong. The Government said the PPE was offered because they understood the difficulties of private doctors in buying PPE. All the PPE items were successfully delivered by the end of April.

In the light of the fifth wave of the pandemic and the significant increase in the demand for medical support by the public, the HKMA has launched several Continuing Medical Education lectures and a conference to members concerning telemedicine practices. The lectures happened in time to address members' concerns and helped to facilitate more telemedicine practices under the existing regulations.

促進母乳餵哺委員會 Committee on Promotion of Breastfeeding

陳以誠醫生

Dr. CHAN Yee Shing, Alvin

陳以誠醫生繼續代表香港醫學會參與促進母乳餵哺委員會及醫護人員母乳餵哺教材套籌備委員會舉行的會議。

二零二一年八月六日，陳醫生出席由聯合國兒童基金會舉辦的 2021 年度世界母乳餵哺周網上會議。會上先由政府代表宣佈推出全面的公共衛生政策，以促進母乳餵哺友善社區。平等機會委員會代表則講述《性別歧視條例》修訂是的立法原意和涵括範圍，以保障女性餵哺母乳的權利，並推動建設更友善的母乳餵哺環境。接著由商界代表講述業界對母乳餵哺的支援措施，並呼籲更多的業界同仁支持母乳餵哺。最後由正在餵哺母乳的母親分享自身經歷，強調條例實施加強了對母乳餵哺女性的保護及重要性。

衛生署於二零二一年十一月公佈《2021 年母乳餵哺調查》報告，資料顯示於二零二零年出生的嬰兒在出院時，以至一個月大、兩個月大、四個月大及六個月大時，以全母乳餵哺的比率，均比於二零一八年出生的嬰兒低 2 至 4 個百分點。有關《2021 年母乳餵哺調查》報告可參考：https://www.fhs.gov.hk/tc_chi/reports/files/BF_survey_2021.pdf

Dr. CHAN Yee Shing, Alvin, continued to represent HKMA to sit in the Committee on Promotion of Breastfeeding and the Planning Committee on Development of Self-Learning Kit on Breastfeeding for Medical Professionals.

Dr. CHAN had participated the virtual celebration of World Breastfeeding Week 2021 organized by UNICEF HK on 6 August 2021. During the meeting, the Government had introduced the holistic public health policy to promote breastfeeding-friendly community. The Equal Opportunities Commission highlighted the legislative intent and scope of the Sex Discrimination Ordinance (SDO) amendment, which is a key milestone in protecting women's right on breastfeeding, and fostering a breastfeeding-friendly environment in the city. Representative from the business sector was also invited to share the support measures for breastfeeding and call for more companies to be breastfeeding-welcome. A breastfeeding mother was invited to share her experience, and emphasized the need and privacy protection from SDO amendment by the end of the meeting.

The Breastfeeding Survey 2021 conducted by the Department of Health was published in November 2021. The report revealed that the exclusive breastfeeding rates at hospital discharge, as well as at 1, 2, 4 and 6 months of age for the birth cohort in 2020 and dropped by around 2 to 4 percentage points when comparing with the birth cohort in 2018. The survey report can be found at: https://www.fhs.gov.hk/english/reports/files/BF_survey_2021.pdf

職業安全健康局 — 醫護服務業安全及健康委員會

Occupational Safety and Health Council – Health Care Service Safety and Health Committee

梁子超醫生

Dr. LEUNG Chi Chiu

醫護服務業安全及健康委員會於一九九七年由職業安全健康局成立，致力推廣醫護人員的職業安全及健康。香港醫學會獲邀委派一名代表參與委員會，而主席則由各委員推選。委員會每年均舉辦不同活動，向醫護服務界推廣各項職業安全措施。委員會於二零二一年至二零二二年度製作了醫護服務業職安健二零二二年記事簿分派予不同界別之醫護人員。為宣傳職業安全及健康，以手握力器代替二零二零至二零二一年的酒精潔手噴霧。委員會以網上形式舉辦了三場講座，第一場講座主題為「工作減壓有妙法」網上講座，於二零二一年七月二十三日舉行，出席人數為 380 人。第二場主題為「院舍工作者之感染控制」網上講座，於二零二一年十月二十一日舉行，出席人數為 296 人。第三場主題為「體力處理操作及預防背部勞損」講座，於二零二二年一月二十一日舉行，出席人數為 552 人。本年度共派發了兩期有關「工作場所整理」和「工作壓力管理」的醫護服務業安全及健康通訊。

The Health Care Service Safety and Health Committee was set up in 1997 by the Occupational Safety and Health Council to promote the occupational safety and health of health care workers in Hong Kong. One representative from HKMA was invited to sit in the Committee and the Chairman was elected among the members. Various promotion activities were organized each year to promote safe occupational practices within the health care sector. In 2021 - 2022, a 2022 diary with safety messages was produced and distributed to health care workers in various sectors. To promote occupational safety and health, a hand grip printed with occupational safety and health messages was designed and distributed instead of an alcohol hand spray in 2020 - 2021. Three seminars were held at online. The first one on "Away from Occupational Stress" was held on 23 July 2021 and attended by 380 participants; the second one on "Infection Control for Residential Care Workers" was held on 21 October 2021 and attended by 296 participants; the third one on "Manual Handling Operations and Prevention of Back Injuries" was held on 21 January 2022 and attended by 552 participants. Two occupational safety and health bulletins were distributed, focusing on "Good Housekeeping (5S) at Workplace" and "Work Stress Management".

環保工作報告

Environmental Report

目標與政策

本會在推行各項外務及內務工作時，均考慮有關決定對生態環境的影響，保持對環境負責的態度。本會現正推行的綠色管理政策包括：

1. 有效運用能源
2. 減少耗用紙張
3. 盡量使用可循環再用之物料
4. 推行綠色會所
5. 鼓勵使用公共交通工具
6. 提高員工環保意識
7. 支持綠色採購，並在合適情況下採用最可行的環保技術，保護天然資源
8. 辦公室推行休閒服飾政策，以減少因過度使用冷氣導致的碳排放

現行環保措施

有效運用能源

為了致力節約能源，本會秘書處員工均自律地減少用電，例如於毋須使用時關掉電燈及冷氣機。秘書處使用的空調系統具有一級能源效益標籤，善用地球資源。

減少耗用紙張

為了向公眾傳達健康訊息及增加與會員的溝通，本會必須定時印刷宣傳品及會訊，然而我們亦實行以下措施，以求減少耗紙量：

- 鼓勵使用電子郵件作溝通媒介
- 本會大部份刊物及會員資訊均已刊於本會網頁或面書專頁供會員查閱
- 縮減印刷宣傳品之印刷數量及大小
- 雙面使用紙張，以免浪費
- 收集辦公室廢紙，並交往廢紙收集站回收

使用可循環再用物料

本會盡量選用耐用的物料製作戶外推廣活動的物品，確保可以循環再用。同時，本會鼓勵活動參加者自攜水樽，減少購買及使用樽裝水。

推行綠色會所

本會兩所會所餐廳均安裝了隔油池，分隔日常運作所產生的廢水中之油污。另外亦逐漸以具能源效益的器具取代老舊設備。外賣用之餐盒可重用及回收。

提高員工環保意識

秘書處定時提醒員工遵守有關環保措施。

在合適情況下，採用最可行的環保技術，保護天然資源

新設電子會員卡，減少製造塑膠實體卡。

辦公室推行休閒服飾政策，避免過度使用冷氣

本會秘書處推行休閒服飾政策，職員可穿便服上班，室內冷氣可調校至舒適及符合能源效益的溫度。

整體表現

全年用於能源消耗、印刷和採購的支出控制在較低水平。

醫學會秘書處將繼續實行各項環保措施，為保護環境出一分力。

Aim and Strategy

The aim of the Association is to devise internal and external strategies to promote a sense of responsibility regarding the protection of the environment. In order to achieve its target, the Association has adopted the following environmentally friendly policies:

1. Enhance the efficiency of energy consumption
2. Decrease the consumption of paper
3. Use of re-cycled material whenever possible
4. Promote environmentally friendly clubhouses
5. Encourage the use of public transport
6. Enhance staff awareness on environmental protection issues
7. Embrace green purchasing practices and adopt best practicable technologies to conserve natural resources where applicable
8. Maintain casual office attire policy to reduce carbon emission caused by excessive air-conditioning

The Implemented Environmental Protection Strategies

Enhance the efficiency of energy consumption

The Secretariat continues to save energy by ensuring that staff have developed a habit of switching off light and air conditioning immediately after use. Air conditioning systems with Grade 1 energy label were used to ensure efficient use of energy.

Decrease Consumption of Paper

Despite printing of promotional material to promote health messages to the public and regular newsletters and bulletins for communication to members, the following ways and means are applied to decrease the consumption of paper:

- Encourage the use of electronic media as the primary means of communication;
- Put up information on our Association's website and Facebook Page for reference;
- Decrease the size and number of printed materials and brochures;
- Print double-sided to reduce paper usage;
- Scan archive documents and save the blank pages as re-cycled printing papers;
- Collect and transport all used papers to waste paper collection point for recycling;

Use of re-cycled material

The Association strives to use durable and practicable material for outdoor promotional activities whenever possible to ensure that these materials could be used repeatedly. Also, participants of Association activities are encouraged to bring their own drinking bottles to reduce consumption of bottled water.

Promote environmentally friendly clubhouses

Grease trap treatment systems are equipped at both clubhouse restaurants to separate oil and grease in wastewater arising from normal operations of restaurants and food processing. Old electrical equipment were being phased out and replaced by energy efficient models. Reusable and recyclable containers are used for takeaways.

Enhance staff awareness on environmental protection issues

The Association reminds staff regularly on the various environmental protection policies.

Adopt best practicable technologies to conserve natural resources where applicable

Introduction of e-membership card to reduce production of plastic membership card.

Reduce excessive air-conditioning by implementing casual office attire policy

The Association implements casual office attire policy for staff at the Secretariat, with which air-conditioning can be maintained at an environment-friendly level.

Outcome

Expenses on energy consumption, printing and procurement were under good control over the year.

The Association shall continue to promote the various environmental protection policies in the future.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the Association's business were entered into or existed during the year.

PERMITTED INDEMNITY PROVISIONS

At no time during the year and up to the date of this council members' report, there was or is, any permitted indemnity provision being in force for the benefit of any of the council members of the Association (whether made by the Association or otherwise).

MEMBERSHIP

During the year, a total of 2 life members, 43 regular members, 7 newly qualified members, 228 student members, 1 absent member, 210 associate members and 1 fraternity member joined the Association. As at 28 February 2022, the total number of members was 12,898, of which 10,405 are regular members, 676 newly qualified members, 383 life members, 2 honorary members, 892 student members, 279 absent members, 253 associate members and 8 fraternity members.

HONORARY AUDITORS

The financial statements have been audited by Messrs. Li, Tang, Chen & Co., who retire but, being eligible, offer themselves for re-appointment.

On behalf of the Council

Dr. Choi Kin

President

Hong Kong, 7 June 2022

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF THE HONG KONG MEDICAL ASSOCIATION

(incorporated in Hong Kong and limited by guarantee)

OPINION

We have audited the financial statements of The Hong Kong Medical Association (the "Association") set out on pages 66 to 84, which comprise the statement of financial position as at 28 February 2022, and the statement of comprehensive income and the statement of changes in funds and the statement of cash flows for the year then ended, and notes on the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Association as at 28 February 2022, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Association in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

OTHER INFORMATION

The council members are responsible for the other information. The other information comprises all the information included in the report of members of council but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF COUNCIL MEMBERS FOR THE FINANCIAL STATEMENTS

The council members are responsible for the preparation of financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance and for such internal control as the council members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the council members are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the council members either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

The council members are responsible for overseeing the Association's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the council members.
- Conclude on the appropriateness of the council members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the council members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES ON THE FINANCIAL STATEMENTS

1. STATUS OF THE ASSOCIATION

The Hong Kong Medical Association ("the Association") was incorporated in Hong Kong on 15 June 1960 as a company limited by guarantee incorporated in Hong Kong. Every member of the Association undertakes to contribute, if required, an amount not exceeding HK\$20, to the assets of the Association in the event of its being wound up. The address of the Association's registered office is 5/F., Duke of Windsor Social Service Building, 15 Hennessy Road, Hong Kong.

The Association is engaged in the promotion of the welfare and the protection of the lawful interests of the medical profession.

The financial statements are presented in Hong Kong dollars which is the same as the functional currency of the Association.

2. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

The Hong Kong Institute of Certified Public Accountants ("HKICPA") has issued a new and a number of amendments to Hong Kong Financial Reporting Standards ("HKFRSs") that are first effective for the current accounting period of the Association. The Association consider these standards, amendments and interpretations have no material impact on the Association's financial statements.

The Association has not applied any new standard or interpretation that is not yet effective for the current accounting period (see note 27).

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

a) Basis of preparation:

These financial statements have been prepared in accordance with all applicable HKFRSs (which includes all applicable Hong Kong Accounting Standards) issued by the HKICPA and accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance. They have been prepared under historical cost convention, except for financial asset at fair value through other comprehensive income, which have been measured at fair value.

b) Foreign currency translation:

i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Association operates (the "functional currency"). The financial statements are presented in Hong Kong dollars, which is the Association's functional and presentation currency.

ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

c) Property, plant and equipment:

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of comprehensive income in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of the property, plant and equipment, the expenditure is capitalized as an additional cost of that asset.

Depreciation on property, plant and equipment is calculated on the straight-line basis to write off the cost over their estimated useful lives and after taking into account their estimated residue values, where appropriate, as follows:

Leasehold land and building/building	over the remaining unexpired terms of the leases
Furniture and fixtures	10% per annum
Computer equipment	20% per annum (2021: 10% per annum)

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

d) **Investment property:**

Investment property, which is property held to earn rentals and/or for capital appreciation, is stated at cost less accumulated depreciation and any accumulated impairment loss. Depreciation is provided to write off the cost of investment property using the straight-line method over the remaining terms of the lease.

e) **Impairment of assets:**

i) **Impairment of non-financial assets**

At the end of each reporting period, an assessment is made of whether there is any indication of impairment of any asset, or whether there is any indication that an impairment loss previously recognised for an asset in prior years may no longer exist or may have decreased. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

A previously recognised impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount for the asset, however not to an amount higher than the carrying amount that would have been determined (net of any depreciation), had no impairment loss been recognised in prior years.

ii) **Credit losses and impairment of financial assets:**

The Association recognises a loss allowance for expected credit losses ("ECLs") on financial assets measured at amortised cost (including accounts receivable).

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the company in accordance with the contract and the cash flows that the Association expects to receive).

Loss allowances for receivables are always measured at an amount equal to lifetime ECLs based on the Association's historical credit loss experience, adjusted for factors that are specific to debtors and the current and forecast general economic conditions at the end of the reporting period.

Lifetime ECLs are losses that are expected to result from all possible default events over the expected lives of the financial assets.

f) **Inventories:**

Inventories comprise publications, souvenir and beverage held for sale and are stated at the lower of cost and net realisable value. Costs, which comprises all cost of purchase and, where applicable, costs of conversion and other costs that have incurred in bringing the inventories to their present location and condition, is calculated on the first in first out basis. Net realisable value is determined on the basis of anticipated sales proceeds less estimated selling expenses.

g) **Receivables:**

A receivable is recognised when the Association has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Association has an unconditional right to receive consideration, the amount is presented as a contract asset (see note 3(r)).

Receivables are stated at amortised cost using the effective interest method less allowance for credit losses (see note 3(e)(iii)).

h) **Payables:**

Payables are initially measured at fair value and, after initial recognition, at amortised cost, except for short-term payables with no stated interest rate and the effect of discounting being immaterial, that are measured at their original invoice amount.

i) **Cash and cash equivalents:**

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Association's cash management.

j) **Designated donations/contributions and related expenditures:**

Designated donations/contributions received are credited directly to the respective funds. Expenditures are charged to these funds where appropriate.

NOTES ON THE FINANCIAL STATEMENTS

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

k) **Deferred income tax:**

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

l) **Investments in equity instruments:**

Investments in equity securities are recognised and derecognised on the date when the Association commits to purchase or sell the investments. The investments are initially stated at fair value plus transaction costs. These investments are subsequently accounted for as follows:

An investment in equity instrument is classified as fair value through profit or loss (FVTPL) unless they are not held for trading purposes, on initial recognition of the investment, the association makes an election to designate the investment at FVOCI (non-recycling). When the investment is derecognised, the changes in fair value accumulated in fair value reserve is transferred to general fund and not recycled through surplus or deficit.

m) **Operating leases:**

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged or credited to the statement of comprehensive income on a straight-line basis over the period of the lease.

n) **Revenue:**

Donation income is recognised on a cash received basis.

Rental income is recognised in the year on a straight-line basis over the lease terms.

Dividend received from listed investments is recognised when the right to receive payment is established.

Interest income is recognised as it accrues using the effective interest method.

The recognition of revenue from contracts with customers is based on the performance obligations identified in the contracts. Revenue is recognised when (or as) the Association satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer who obtains the control of the asset:

- i) Membership and subscription fees are recognised over time on a straight-line basis over the subscription period as the customers simultaneously receive and consume the benefits of goods or services provided by the Association.
- ii) Entrance fees are recognised at a point in time on approved of status to the applicants.
- iii) Admission fees income are recognised when the related functions are performed.
- iv) Advertisement income is recognised when the related advertisements have been published.
- v) Sales of wine, beverages, food and souvenirs are recognised at a point in time when the delivery is made.
- vi) Retention fees on sales of food are recognised when related sales are recognised.
- vii) Commission and administration fee income are recognised in the year in which the services are rendered.
- viii) Income from seminars courses and activities is recognised over time as the services are rendered.

o) **Related parties:**

a) A person, or a close member of that person's family, is related to the Association if that person:

- i) has control or joint control over the Association;
- ii) has significant influence over the Association; or
- iii) is a member of the key management personnel of the Association or the Association's parents.

b) An entity is related to the Association if any of the following conditions applies:

- i) the entity and the Association are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- iii) both entities are joint ventures of the same third party.
- iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- v) the entity is a post-employment benefit plan for the benefit of employees of either the Association or an entity related to the Association.
- vi) the entity is controlled or jointly controlled by a person identified in (a).

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

o) Related parties: (cont'd)

- b) An entity is related to the Association if any of the following conditions applies: (cont'd)
- vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the group or to the group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

p) Employee benefits:

Salaries, annual leave and other costs of non-monetary benefits are accrued and recognised as an expense in the year in which the associated services are rendered by employees of the Association.

The Association's contributions to the mandatory provident fund scheme and the defined contribution retirement scheme are expensed as incurred. Contributions to the defined contribution retirement scheme are reduced by contributions forfeited by those employees who leave the scheme prior to vesting fully in the contributions. The assets of both schemes are held separately from those of the Association in independently administered funds.

q) Provisions:

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of comprehensive income.

r) Contract assets and contract liabilities:

A contract asset is recognised when the Association recognises revenue (see note 3(n)) before being unconditionally entitled to the consideration under the payment terms set out in the contract. Contract assets are assessed for expected credit losses (ECL) in accordance with the policy set out in note 3(e)(ii) and are reclassified to receivables when the right to the consideration has become unconditional (see note 3(g)).

A contract liability is recognised when the customer pays non-refundable consideration before the Association recognises the related revenue (see note 3(n)). A contract liability would also be recognised if the Association has an unconditional right to receive non-refundable consideration before the Association recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see note 3(g)).

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Association makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Useful lives of property, plant and equipment

The Association's management determines the estimated useful lives and related depreciation charges for its property, plant and equipment. This estimate is based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. It could change significantly as a result of technical innovations and competitor actions in response to severe industry cycles. Management will increase the depreciation charge where useful lives are less than previously estimated lives, or it will write-off or write-down technically obsolete or non-strategic assets that have been abandoned or sold.

Balance at 28.2.2021	1,600
Charge for the year	100
Balance at 28.2.2022	1,700
Net book value:	
At 28.2.2022	81,763
At 28.2.2021	81,863

6. INVESTMENT PROPERTY (CONT'D)

Note:

- 1) The investment property is held in Hong Kong on long lease and is located at Flat 1, 6th Floor, Wyndham Mansion, 32 Wyndham Street, Hong Kong.

The investment property is leased to third parties on operating leases. The fair value of the property at 28 February 2022 assessed by the council members is HK\$12,526,916 (2021: HK\$11,164,183) which is based on open market value of similar properties.

Fair value measurement of property

- i) Fair value hierarchy

The following table presents the fair value of the Association's investment property measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

	Fair value measurements as at 28 February 2022 categorised into				
	Carrying value at 28 February 2022	Fair value at 28 February 2022	Level 1	Level 2	Level 3
	HK\$	HK\$	HK\$	HK\$	HK\$
Recurring fair value measurement					
Investment property in Hong Kong	81,763	12,526,916	-	-	12,526,916

	Fair value measurements as at 28 February 2021 categorised into				
	Carrying value at 28 February 2021	Fair value at 28 February 2021	Level 1	Level 2	Level 3
	HK\$	HK\$	HK\$	HK\$	HK\$
Recurring fair value measurement					
Investment property in Hong Kong	81,863	11,164,183	-	-	11,164,183

- ii) Valuation techniques and inputs used in Level 3 fair value measurements

The fair value of investment property located in Hong Kong is determined using market comparison approach by reference to recent sales price of comparable properties on a price per square foot basis using market data which is publicly available.

7. PREPAID LEASE PAYMENTS ON LAND USE RIGHTS

The Association's prepaid lease payments on land use rights comprise:

	2022	2021
	HK\$	HK\$
Situated in Hong Kong		
Medium-term lease	94,783	98,428
Analysed for reporting purposes as:		
Non-current assets	91,138	94,783
Current assets	3,645	3,645
	94,783	98,428

NOTES ON THE FINANCIAL STATEMENTS

8. FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME ("FVOCI")

	2022	2021
	HK\$	HK\$
Financial assets designated at FVOCI (non-recycling)		
Listed equity securities in Hong Kong	13,436,643	10,798,745

These investments are designated at FVOCI as they are held for strategic purposes.

9. CASH AND BANK BALANCES

	2022	2021
	HK\$	HK\$
Time deposits at bank	22,167,022	20,838,884
Cash and bank balances	18,684,481	33,349,010
Cash and bank balances in the statement of financial position	40,851,503	54,187,894
Less: Time deposits with original maturity more than three months	(678,450)	(614,445)
Cash and cash equivalents in the statement of cash flows	40,173,053	53,573,449

Cash and bank balances include the following amounts denominated in a currency other than the Association's functional currency, Hong Kong dollars:

	2022	2021
United States dollars	US\$ 267,702	US\$ 233,839
Australian dollars	AUD 121,181	AUD 120,323
Renminbi	CNY 11,668,809	CNY 11,417,734

Cash at banks earn interest at floating rates based on daily bank deposit rates. Short term deposits are made for varying periods of no more than three months depending on the immediate cash requirements of the Association, and earn interest at the respective short term time deposit rates.

10. AMOUNT DUE TO A RELATED COMPANY

This amount is unsecured advances which are interest free and repayable on demand.

11. MEMBERSHIP AND SUBSCRIPTION FEES AND OTHER INCOME AND NET GAINS

The Association is engaged in the promotion of the welfare and the protection of the lawful interests of the medical profession. Revenues recognised during the year were as follows:

	2022	2021
	HK\$	HK\$
Membership and subscription fees:		
Entrance fees	9,100	26,200
Annual subscriptions	12,250	50,650

20. COUNCIL MEMBERS' REMUNERATION: HK\$Nil (2021: HK\$Nil).

21. TAXATION

- i) No provision for Hong Kong profits tax has been made in these financial statements as the Association sustained a loss for tax purpose for the years ended 28 February 2022 and 2021.
- ii) The income tax expense for the year can be reconciled to the surplus/(deficit) before taxation per the statement of comprehensive income as follows:

	2022	2021
	HK\$	HK\$
Surplus/(Deficit) before taxation	729,656	(67,736)
Tax calculated at normal income tax rate of 16.5% (2021: 16.5%)	120,393	(11,176)
Tax effect on non-taxable income	(350,132)	(383,915)
Tax effect on non-deductible expenses	8,058	3,776
Tax effect on temporary differences not recognised	9,615	(43,912)
Tax loss unrecognised	212,066	435,227
Income tax expense for the year	-	-

- iii) Provision for deferred tax has not been provided in the financial statements as the effect of all temporary differences is not material.

At the end of the reporting period, the Association has unused tax losses of HK\$18,912,997 (2021: HK\$17,627,750) available for offset against future profits. No deferred tax assets has been recognised in respect of such losses due to the unpredictability of future profits streams.

NOTES ON THE FINANCIAL STATEMENTS

22. FUNDS

The amounts of the Association's funds and the movements therein for the current and prior years are presented in the statement of changes in funds on page 68 of the financial statements.

Note: According to a Special Resolution passed on 21 July 2005, it was resolved that the annual surplus of the Association be transferred to a special account and that when the balance of this special account is sufficient to offset the subscriptions receivable for the following year, an amount equivalent to the subscriptions receivable in that year be transferred from this account to the Annual Subscription account of the relevant year.

The amount of HK\$5,097,256 (2021: HK\$4,089,864) which is included in general fund transferred to special fund and represents as follows:

Annual surplus transferred:

	HK\$
Net surplus for the year ended 28 February 2022	5,097,256

23. OPERATING LEASE ARRANGEMENT

The Association leases its investment property under operating lease arrangement. At the end of the reporting period, the Association had total future minimum lease rental receivable under non-cancellable operating lease falling due as follows:

	2022 HK\$	2021 HK\$
- within 1 year	360,000	270,000
- After 1 year but within 2 years	270,000	-
	630,000	270,000

24B. FINANCIAL RISK MANAGEMENT AND FAIR VALUE ESTIMATION

The main risks arising from the Association's financial instruments are interest rate risk and credit risk and liquidity risk. The council members reviews and agrees to policies for managing each of these risks and they are summarised below:

a) Financial risk factors:

1) Foreign currency risk

The Association is exposed to foreign exchange risk arising from United States dollars and Renminbi ("RMB") exposure. Foreign exchange risk mainly arises from the Association's recognised assets as disclosure in note (9).

Hong Kong dollars are pegged to the United States dollars and the foreign exchange exposure between them are considered limited.

HKD/RMB fluctuated from 1.1537 to 1.2351 during the year ended 28 February 2022, resulting in an exchange gain of HK\$1,053,595 (see note 11) (2021: Exchange gain of HK\$1,234,077 (see note 11)).

Sensitivity analysis

As at 28 February 2022, it is estimated that a general increase/decrease of 5 percent in RMB, with all other variables held constant, would increase/decrease the Association's surplus for the year by approximately HK\$720,607 (2021: decrease/increase the deficit by HK\$658,632).

The sensitivity analysis has been determined assuming that the change in foreign exchange rates had occurred at the end of the reporting period and had been applied to the Association's exposure to currency risk for both derivative and non-derivative financial instruments in existence at that date, and that all other variables, in particular interest rates, remain constant.

The stated changes represent management's assessment of reasonably possible changes in foreign exchange rates over the period until the end of next annual reporting period. In this respect it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies. The analysis is performed on the same basis for 2021.

NOTES ON THE FINANCIAL STATEMENTS

24. FINANCIAL INSTRUMENTS (CONT'D)

24B. FINANCIAL RISK MANAGEMENT AND FAIR VALUE ESTIMATION (CONT'D)

a) Financial risk factors: (cont'd)

2) Credit risk

The Association's maximum exposure to credit risks in the event of the counterparties failure to perform their obligations as at 28 February 2022 in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the statement of financial position.

As at 28 February 2022 and 2021, the financial assets of the Association that were exposed to credit risk and their maximum exposure were as follows:

	2022		2021	
	Carrying amount in the statement of financial position	Maximum exposure to credit risk	Carrying amount in the statement of financial position	Maximum exposure to credit risk
	HK\$	HK\$	HK\$	HK\$
Financial assets				
Utility and other deposits	139,287	139,287	176,687	176,687
Sundry receivables	3,649,144	3,649,144	2,772,114	2,772,114
Cash and bank balances	40,851,503	40,851,503	54,187,894	54,187,894
	44,639,934	44,639,934	57,136,695	57,136,695

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings.

The Association performs individual evaluations on all customers based on the customer's past payment history when due, and take into account information specific to the customers as well as pertaining to the economic environment in which the customer operates. Based on experience, existing market conditions as well as forward looking estimates, management is of the opinion that no charge for impairment is necessary in respect of these balances as there has not been a significant change in credit quality of these parties and the balances are still considered fully recoverable. The Association does not hold any collateral over these balances.

3) Liquidity risk

The Association's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserve of cash to meet its liquidity requirements in the short and longer terms.

The following table details the remaining contractual maturities at the end of the reporting period of the Association's financial liabilities, which are based on contractual undiscounted cash flows and the earliest date the Association can be required to pay:

	2022		
	Carrying amount	Total contractual undiscounted cash flow	Within 1 year or on demand
	HK\$	HK\$	HK\$
Current liabilities			
Amount due to a related company	239	239	239

	35,870,595	35,870,595	35,870,595

24. FINANCIAL INSTRUMENTS (CONT'D)

24B. FINANCIAL RISK MANAGEMENT AND FAIR VALUE ESTIMATION (CONT'D)

a) Financial risk factors: (cont'd)

3) Liquidity risk (cont'd)

	2021		
	Carrying amount	Total contractual undiscounted cash flow	Within 1 year or on demand
	HK\$	HK\$	HK\$
Current liabilities			
Amount due to a related company	1,176	1,176	1,176
Sundry payables and accruals	44,738,284	44,738,284	44,738,284
	44,739,460	44,739,460	44,739,460

4) Price risk

The Association is exposed to equity security price risk on fair value through other comprehensive income. The fair value adjustment will be affected either positively or negatively, amongst others, by the changes in stock price. The Association's equity price risk is mainly concentrated on equity instruments quoted in the Stock Exchange in Hong Kong. The management manages the exposure to price risk by maintaining a portfolio of investments with different risk and return profiles.

Sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to funds price risks at the end of the reporting period.

The following denominates the sensitivity to every 5% change in the fair values of listed equity securities classified as fair value through other comprehensive income with all other variable held constant and before any impact on tax, based on their carrying amounts at the end of the reporting period.

- Fair value reserve of the Association for the year would increase/decrease by HK\$671,832 (2021: HK\$539,937).

b) Fair value:

i) Financial assets and liabilities measured at fair value

The following table presents fair value of Association's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-levels fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuation: fair values measured using only level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at measurement date.
- Level 2 valuation: fair values measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1 and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuation: fair values measured using significant unobservable inputs.

	Fair value measurements as at 28 February			Total fair value at 28 February	Valuation technique and key input
	Level 1	Level 2	Level 3		
	HK\$	HK\$	HK\$	HK\$	
2022 Assets					
Financial assets at FVOCI	13,436,643	-	-	13,436,643	Quoted bid price in an active market

NOTES ON THE FINANCIAL STATEMENTS

24B. FINANCIAL RISK MANAGEMENT AND FAIR VALUE ESTIMATION (CONT'D)

b) Fair value: (cont'd)

i) Financial assets and liabilities measured at fair value (cont'd)

	Fair value measurements as at 28 February			Total fair value at 28 February	Valuation technique and key input
	Level 1	Level 2	Level 3		
	HK\$	HK\$	HK\$	HK\$	
2021 Assets					
Financial assets at FVOCI	10,798,745	-	-	10,798,745	Quoted bid price in an active market

During the year, there were no significant transfers between instruments in Level 1 and Level 2.

ii) Fair values of financial instruments carried at other than fair value

The council members consider that all of the other financial assets and liabilities are carried at amounts not materially different from their fair values as at 28 February 2022 and 2021.

25. RELATED PARTY TRANSACTIONS

- Key management personnel compensation: HK\$Nil (2021: HK\$Nil).
- Details of balance with a related company are set out in note 10 on the financial statements.

26. FUND MANAGEMENT

The Association's objectives when managing fund are:

- To safeguard the Association's ability to continue as a going concern, so that it continues to provide benefit for members;
- To support the Association's stability and growth; and
- To provide fund for the purpose of strengthening the Association's risk management capability.

The Association actively and regularly reviews and manages its fund structure to ensure optimal fund structure, taking into consideration the future fund requirements of the Association and prevailing and projected profitability and projected operating cash flows. Details of movements in funds are set out in note 22 on the financial statements.

27. POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 28 FEBRUARY 2022

Up to the date of issue of these financial statements, the Hong Kong Institute of Certified Public Accountants has issued a number of amendments, new standards and interpretations which are not yet effective for the year ended 28 February 2022 and which have not been adopted in these financial statements.

The Association is in the process of making an assessment of what the impact of these amendments, new standards and new interpretations is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the Association's financial performance and position.

28. COMPARATIVE FIGURES

Certain comparative figures have been restated to confirm to the current year's presentation.

29. CHANGE OF ACCOUNTING ESTIMATE

For the year ended 28 February 2022, the depreciation rate of computer equipment has been changed from 10% to 20%. The council agreed that changing the depreciation rate is more applicable the Association situation. The management has concluded that the change of accounting estimate is unlikely to have a significant impact on the Association's financial performance and position.
